

When an individual is seeking records about himself or herself from this system of records or any other Departmental system of records, the individual's request must conform with the Privacy Act regulations set forth in 6 CFR part 5. The individual must first verify his/her identity, meaning that the individual must provide his/her full name, current address, and date and place of birth. The individual must sign the request, and the individual's signature must either be notarized or submitted under 28 U.S.C. 1746, a law that permits statements to be made under penalty of perjury as a substitute for notarization. While no specific form is required, an individual may obtain forms for this purpose from the Chief Privacy Officer and Chief Freedom of Information Act Officer, <http://www.dhs.gov/foia> or 1-866-431-0486. In addition, the individual should:

- Explain why he or she believes the Department would have information being requested;
- Identify which component(s) of the Department he or she believes may have the information;
- Specify when the individual believes the records would have been created; and
- Provide any other information that will help the FOIA staff determine which DHS component agency may have responsive records;

If an individual's request is seeking records pertaining to another living individual, the request must include an authorization from the individual whose record is being requested, authorizing the release to the requester.

Without the above information, the component(s) may not be able to conduct an effective search, and the individual's request may be denied due to lack of specificity or lack of compliance with applicable regulations.

#### CONTESTING RECORD PROCEDURES:

For records covered by the Privacy Act or covered JRA records, individuals may make a request for amendment or correction of a record of the Department about the individual by writing directly to the Department component that maintains the record, unless the record is not subject to amendment or correction. The request should identify each particular record in question, state the amendment or correction desired, and state why the individual believes that the record is not accurate, relevant, timely, or complete. The individual may submit any documentation that would be helpful. If the individual believes that the same record is in more than one system of records, the request should state that and be addressed to each

component that maintains a system of records containing the record. For records not covered by the Privacy Act or Judicial Redress Act, individuals may still amend their records at a USCIS Field Office by making an InfoPass appointment <http://infopass.uscis.gov> or by contacting the USCIS Contact Center at 1-800-375-5283.

#### NOTIFICATION PROCEDURES:

See "Record Access Procedures."

#### EXEMPTIONS PROMULGATED FOR THE SYSTEM:

No exemption will be claimed except for those records covered by a system of records that have been claimed exempt in that source system identified above in the record source categories under 5 U.S.C. 552a(j)(2) and are covered by this system of records. DHS will claim the same exemptions for those records that are claimed for the original primary systems of records from which they originated for this system.

*C. Who will see my comments?*

If you submit a comment at <http://www.regulations.gov>, your entire comment, including any personal identifying information, will be posted on the website.
