

form are effective in improving outcomes across the HIV care continuum. Strategies and interventions that meet the review criteria verified by HRSA contractors and approved by HRSA program staff through this data collection will be considered best practices and made available through the online compilation for consideration, adaptation, and replication by other HIV programs. In addition, the best practices will support peer exchange to resolve problems impacting HIV care and treatment and eliminating disparities in health outcomes.

Likely Respondents: RWHAP recipients and subrecipients that voluntarily submit a best practice

strategy or intervention will participate in the data collection. The project team expects that up to 70 recipients and subrecipients will complete the screening form and 50 will screen eligible and complete the full submission form. For the site visits, the project team will strategically select 30 sites from the universe of submitted eligible initiatives, ensuring a range of scores and representativeness of factors such as Census region, proposed strategy/intervention outcome, priority population, and the type of agency or provider implementing the strategy or intervention.

Burden Statement: Burden in this context means the time expended by persons to generate, maintain, retain,

disclose, or provide the information requested. This includes the time needed to review instructions; to develop, acquire, install, and utilize technology and systems for the purpose of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; to train personnel and to be able to respond to a collection of information; to search data sources; to complete and review the collection of information; and to transmit or otherwise disclose the information. The total annual burden hours estimated for this ICR are summarized in the table below.

TOTAL ESTIMATED ANNUALIZED BURDEN HOURS

Form name	Number of respondents	Number of responses per respondent	Total responses	Average burden per response (in hours)	Total burden hours
Pre-Submission Screening Form	70	1	70	0.08	5.60
Submission Form	50	1	50	3.00	150.00
Site Visit Discussion Guide	* 120	1	120	1.00	120.00
Program Manager Interview	30	1	30	1.00	30.00
Direct Service Provider Interview	60	1	60	1.00	60.00
Evaluator Interview	30	1	30	1.00	30.00
Total	** 240	240	275.60

* For a total of 120 hours, each of the 30 site visits will include one-hour interviews with a program manager (30 hours), up to two 1-hour interviews with direct service providers (60 hours), and an 1-hour interview with an evaluator (30 hours).*

** The total number of respondents is 240 as comprised by the number of respondents for the pre-submission screening form (70), the submission form (50), and the site visit discussion guide (120).

HRSA specifically requests comments on: (1) The necessity and utility of the proposed information collection for the proper performance of the agency's functions; (2) the accuracy of the estimated burden; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) the use of automated collection techniques or other forms of information technology to minimize the information collection burden.
