Documents pertinent to this proposal may be examined at the BLM's Central Coast Field Office, 940 2nd Ave., Marina, CA 93933-6009.

FOR FURTHER INFORMATION CONTACT: Sky Murphy, Planning and Environmental Coordinator, Central Coast Field Office, telephone, (831) 582-2200; address, 940 2nd Ave., Marina, CA 93933-6009; or by email cnm@blm.gov. Persons who use a telecommunications device for the deaf may call the Federal Relay Service (FRS) at (800) 877-8339 to contact the above individual during normal business hours. The FRS is available 24 hours a day, 7 days a week, to leave a message or question. You will receive a reply during normal business hours.

SUPPLEMENTARY INFORMATION: The planning area is in Santa Cruz County, California, and encompasses approximately 5,840 acres of public land, donated to the BLM by the Trust for Public Land in 2014. Since 2014, the property has been accessible to the public for guided tours only. On January 12, 2017, Presidential Proclamation 9563 added the public lands to the California Coastal National Monument. This proclamation called for the Cotoni-Coast Dairies Unit to be available for public access upon the BLM's completion of a management plan.

The current RMP for the California Coastal National Monument, completed in 2005, provides management direction for thousands of rocks and islands off the coast of California. The purpose of the RMP amendment and associated EA is to establish land use decisions, management actions, and allowable uses for the Cotoni-Coast Dairies Unit of the California Coastal National Monument. The need for the RMP amendment and associated EA is to provide opportunities for public access and recreation at the Cotoni-Coast Dairies Unit, while ensuring care for the objects and values identified in Presidential Proclamation 9563.

The purpose of the public scoping process is to determine relevant issues that will influence the scope of the environmental analysis, including alternatives, and guide the planning

process. Federal, State and local agencies, BLM personnel, and other stakeholders have identified preliminary issues for the RMP amendment. These issues include public access and recreation opportunities, management of threatened and endangered species and their associated habitats, water quality, livestock grazing, cultural and historic resources, fire and fuels management, and public safety.

Preliminary planning criteria include:

1. Recognize valid existing rights, including deed restrictions, rights-of-way, and water rights;
2. Comply with existing law, executive orders, regulations, and BLM policy and program guidance;
3. Ensure consistency with the January 12, 2017, Presidential Proclamation that designated the property as the Cotoni-Coast Dairies Unit of the California Coastal National Monument;
4. Comply with BLM Rangeland Health Standards and Livestock Grazing Guidelines for Central California;
5. Consider adjoining non-public lands when making management decisions to minimize land use conflicts; and
6. Consider cost effectiveness and feasibility of proposed actions and alternatives.

You may submit comments on issues and planning criteria in writing to the BLM at any public scoping meeting, or you may submit them to the BLM using one of the methods listed in the **ADDRESSES** section earlier.

The BLM will use the NEPA scoping process to help fulfill the public involvement process under section 106 of the National Historic Preservation Act (54 U.S.C. 306108) as provided in 36 CFR 800.2(d)(3). The information about historic and cultural resources within the area potentially affected by the proposed action will assist the BLM in identifying and evaluating impacts to such resources.

The BLM will consult with Indian tribes on a government-to-government basis in accordance with Executive Order 13175 and other policies. Tribal concerns, including impacts on Indian trust assets and potential impacts to cultural resources, will be given due consideration. Federal, State, and local agencies, along with tribes and other stakeholders that may be interested in, or affected by, the proposed action under BLM evaluation, are invited to participate in the scoping process and, if eligible, may request or be asked by the BLM to participate in the development of the environmental analysis as a cooperating agency.

The BLM will evaluate identified issues to be addressed in the plan, and will place them into one of three categories:

1. Issues to be resolved in the plan amendment;
2. Issues to be resolved through policy or administrative action; or
3. Issues beyond the scope of this plan amendment.

The BLM will provide an explanation in the draft RMP amendment as to why an issue was placed in category two or three. The public is also encouraged to help identify management questions and concerns that should be addressed in the plan. The BLM will work collaboratively with interested parties to identify the management decisions that are best suited to local, regional, and national needs and concerns.

The BLM will use an interdisciplinary approach to develop the plan amendment to consider the variety of resource issues and concerns identified. Specialists with expertise in the following disciplines will be involved in the planning process: Rangeland management, outdoor recreation, archaeology, biology (plants and wildlife), soils, geology and hydrology, fire and fuels, and lands and realty.

Bureau of Land Management

[LLCOF07000.L1440000.FR0000-18X; COC-15671]

Notice of Realty Action: Recreation and Public Purposes Act Classification and Conveyance of Public Land, Hinsdale County, Colorado

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of realty action.

SUMMARY: The Bureau of Land Management (BLM) has examined

certain public lands in Hinsdale County, Colorado totaling 43.09 acres, and found them suitable for classification for conveyance to the Town of Lake City (Lake City) under the provisions of the Recreation and Public Purposes Act (R&PP), as amended.

DATES: The BLM must receive written comments on or before August 8, 2019. Comments may be mailed or hand delivered to the BLM office address below, faxed to 970-642-4990 or emailed to blm_co_gfo_nepa_comments@blm.gov. The BLM will not consider comments received via telephone calls.

ADDRESSES: Mail written comments to Stuart Schneider, Associate Field Manager, BLM Gunnison Field Office, 210 W Spencer Ave., Suite A, Gunnison, CO 81230. Detailed information including, but not limited to, a proposed development and management plan, and documentation relating to compliance with applicable environmental and cultural resource laws, is available for review during business hours, 8:00 a.m. to 4:30 p.m. (Mountain Time), Monday through Friday, except during Federal holidays, at the BLM Gunnison Field Office.

FOR FURTHER INFORMATION CONTACT: Marnie Medina, Realty Specialist, BLM Gunnison Field Office, at 970-642-4954 or by email at mmedina@blm.gov. Persons who use a telecommunications device for the deaf (TDD) may call the Federal Relay Service (FRS) at 1-800-877-8339 to leave a message or question with the above individual. The FRS is available 24 hours a day, 7 days a week. You will receive a reply during normal business hours.

SUPPLEMENTARY INFORMATION: The lands examined and identified as suitable for lease or conveyance under the R&PP Act (43 U.S.C. 869 *et seq.*); Sec. 7 of the Taylor Grazing Act (43 U.S.C. 315(f)); and Executive Order No. 6910 are legally described as:

New Mexico Principal Meridian, Colorado

T. 43 N., R. 4 W.,

Sec. 4, lots 40, 42, 45, and 46.

The area described contains 43.09 acres.

The Lake City Ski Hill is located on public lands approximately one mile south of Lake City. Lake City has developed recreational resources in the area under various BLM authorizations since 1966. The BLM classified and withdrew approximately 25 acres of public lands under the R&PP Act in October 1972. The BLM did not include all of the ski area and associated developments such as the parking lot, access roads and some of the ski runs.

The proposed action is to convey an additional 18.24 acres for an approximate 43.09 acres of public lands to Lake City. Also in October 1972, the BLM further segregated those lands from location and entry under the United States mining laws, but the lands remained open to the operation of the mineral leasing. The BLM most recently reauthorized the lease in 2014.

Lake City proposes to use the land for the continued use and operation of the Lake City Ski Hill and for other recreation purposes, such as mountain biking, hiking and other compatible summer recreational activities. This proposal aligns with the Administration's priority to restore trust and be a good neighbor. In this case, the BLM would collaborate with local government to provide increased recreation access and opportunities. Lake City would continue to use the lands proposed for conveyance for established and further defined proposed uses. The acreage of the proposed conveyance is no more than is reasonably necessary for the established and proposed uses. The proposed conveyance is consistent with the 1993 BLM Gunnison Resource Area Record of Decision and Approved Resource Management Plan. The Federal government does not need the lands for any Federal purposes, and the conveyance would be in the public interest.

The Town of Lake City has applied for not more than the 6,400-acre limitation for recreation uses in a year (or 640 acres for nonprofit corporations and associations), nor more than 640 acres for each of the programs involving public resources other than recreation. The Town of Lake City submitted a statement in compliance with the regulations at 43 CFR 2741.4(b).

In conformance with the National Environmental Policy Act, the BLM prepared a parcel-specific Environmental Assessment (EA) document (DOI-BLM-CO-S060-2016-0005-EA) for this Notice of Realty Action. A copy of the EA is available online at <https://go.usa.gov/xn6H7>. Based on the EA, the BLM approved a Finding of No Significant Impact and a Decision Record to implement the classification and conveyance of the lands described above on March 21, 2017.

All interested parties will receive a copy of this Notice after publication in the **Federal Register**. The BLM will submit for publication a copy of the **Federal Register** Notice with information about the proposal in the newspaper with local circulation once a week for three consecutive weeks. The

regulations at 43 CFR Subpart 2741 addressing requirements and procedures for conveyances under the R&PP Act do not require a public meeting.

Publication of this Notice in the **Federal Register** segregates the lands from all other forms of appropriation under the public land laws, including locations under the mining laws, except for lease or conveyance under the R&PP Act and leasing under the mineral leasing laws.

The conveyance of the land, when issued, will be subject to the following terms, conditions and reservations:

1. A right-of-way thereon for ditches and canals constructed by the authority of the United States Act of August 30, 1890 (26 Stat. 391; 43 U.S.C. 945).

2. Provisions of the R&PP Act and to all applicable regulations of the Secretary of the Interior.

3. All mineral deposits in the land so patented, and the right to prospect for, mine, and remove such deposits from the same under applicable law and regulations as established by the Secretary of the Interior are reserved to the United States, together with all necessary access and exit rights.

4. June 10, 1920 (16 U.S.C. 791a) Federal Power Act. The right to itself, its permittees or licensees, to enter upon, occupy, and use any part or all of said lands necessary, in the judgment of the Federal Energy Regulatory Commission, for the purposes of Part 1 of the Federal Power Act of August 26, 1935, as amended (16 U.S.C. 818); and no claim or right to compensation shall accrue from the occupation or use of any of said lands for said purposes. The United States or any licensee for any such lands hereunder may enter thereupon for the purposes of Part 1 of the Federal Power Act upon payment of any damages to crops, buildings, or other improvements caused thereby to the owner thereof, or upon giving a good and sufficient bond to the United States for the use and benefit of the owner to secure the payment of such damages as may be determined and fixed in an action brought upon the bond in a court of competent jurisdiction, said bond to be in the form prescribed by the Federal Energy Regulatory Commission.

5. Valid existing rights.

6. An appropriate indemnification clause protecting the United States from claims arising out of the lessee's/patentee's use, occupancy, or occupations on the leased/patented lands.

6. Any other reservations that the authorized officer determines appropriate to ensure public access and proper management of Federal lands and interests therein.

7. A right-of-way across the above-described lands for a road granted to Lake City Family Trust, its successors or assigns, by right-of-way COC-65717 pursuant to the Act of October 21, 1976 (90 Stat. 2776, 43 U.S.C. 1761).

8. A right-of-way across the above-described lands for a road granted to Vickers Enterprises, its successors or assigns, by right-of-way COC-66348 pursuant to the Act of October 21, 1976 (90 Stat. 2776, 43 U.S.C. 1761).

9. Pursuant to the requirements established by Section 120(h) of the Comprehensive Environmental Response, Compensation and Liability Act (42 U.S.C. 9620(h), as amended by the Superfund Amendments and Reauthorization Act of 1988, (100 Stat. 1670), a notice that states that the above-described parcel was examined and no evidence was found to indicate that any hazardous substances were stored for 1 year or more, nor had any hazardous substances been disposed of or released on the subject property.

Interested persons may submit comments involving the suitability of the land for the continued use and operation of the Lake City Ski Hill and for other recreation purposes. Comments on the classification are restricted to whether the land is physically suited for the proposal, whether the use will maximize the future use or uses of the land, whether the use is consistent with local planning and zoning, or if the use is consistent with State and Federal programs.

Interested persons may submit comments regarding the specific use proposed in the application and plan of development and management, whether the BLM followed proper administrative procedures in reaching the decision, or any other factor not directly related to the suitability of the lands for the continued use and operation of the Lake City Ski Hill and for other recreation purposes.

The BLM State Director or other authorized official of the Department of the Interior who may sustain, vacate, or modify this realty action will review any adverse comments. In the absence of any adverse comments, the classification will become effective on August 23, 2019. The lands will not be available for conveyance until after the classification becomes effective.

Before including your address, phone number, email address, or other personally-identifying information in any comment, be aware that your entire comment including your personally-identifying information may be made publicly available at any time. While you can ask us in your comment to withhold your personally-identifying

information from public review, we cannot guarantee that we will be able to do so.

BILLING CODE 4310-JB-P

INTERNATIONAL TRADE COMMISSION

[Investigation No. 337-TA-1162]

Certain Touch-Controlled Mobile Devices, Computers, and Components Thereof; Institution of Investigation

AGENCY: U.S. International Trade Commission.

ACTION: Notice.

SUMMARY: Notice is hereby given that a complaint was filed with the U.S. International Trade Commission on May 22, 2019, under section 337 of the Tariff Act of 1930, as amended, on behalf of Neodron Ltd. of Dublin, Ireland. The complaint was amended on May 23, 2019. The complaint, as amended, alleges violations of section 337 based upon the importation into the United States, the sale for importation, and the sale within the United States after importation of certain touch-controlled mobile devices, computers, and components thereof by reason of infringement of certain claims of U.S. Patent No. 8,432,173 (“the ‘173 patent”); U.S. Patent No. 8,791,910 (“the ‘910 patent”); U.S. Patent No. 9,024,790 (“the ‘790 patent”); and U.S. Patent No. 9,372,580 (“the ‘580 patent”). The amended complaint further alleges that an industry in the United States exists as required by the applicable Federal Statute.

The complainant requests that the Commission institute an investigation and, after the investigation, issue a limited exclusion order and cease and desist orders.

ADDRESSES: The amended complaint, except for any confidential information contained therein, is available for inspection during official business hours (8:45 a.m. to 5:15 p.m.) in the Office of the Secretary, U.S. International Trade Commission, 500 E Street SW, Room 112, Washington, DC 20436, telephone (202) 205-2000. Hearing impaired individuals are advised that information on this matter can be obtained by contacting the Commission’s TDD terminal on (202) 205-1810. Persons with mobility impairments who will need special

assistance in gaining access to the Commission should contact the Office of the Secretary at (202) 205-2000. General information concerning the Commission may also be obtained by accessing its internet server at <https://www.usitc.gov>. The public record for this investigation may be viewed on the Commission’s electronic docket (EDIS) at <https://edis.usitc.gov>.

FOR FURTHER INFORMATION CONTACT:

Katherine Hiner, Office of the Secretary, Docket Services Division, U.S. International Trade Commission, telephone (202) 205-1802.

SUPPLEMENTARY INFORMATION:

Authority: The authority for institution of this investigation is contained in section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337, and in section 210.10 of the Commission’s Rules of Practice and Procedure, 19 CFR 210.10 (2019).

Scope of Investigation: Having considered the amended complaint, the U.S. International Trade Commission, on June 18, 2019, *Ordered That*—

(1) Pursuant to subsection (b) of section 337 of the Tariff Act of 1930, as amended, an investigation be instituted to determine whether there is a violation of subsection (a)(1)(B) of section 337 in the importation into the United States, the sale for importation, or the sale within the United States after importation of certain products identified in paragraph (2) by reason of infringement of one or more of claims 1-19 of the ‘173 patent; claims 1-37 of the ‘910 patent; claims 1, 4-8, 10-14, and 16-24 of the ‘790 patent; and claims 1-12 of the ‘580 patent, and whether an industry in the United States exists as required by subsection (a)(2) of section 337;

(2) Pursuant to section 210.10(b)(1) of the Commission’s Rules of Practice and Procedure, 19 CFR 210.10(b)(1), the plain language description of the accused products or category of accused products, which defines the scope of the investigation, is “touch-controlled mobile devices, including smartphone and tablet devices, computers, including notebook and laptop computers, and associated components thereof”;

(3) For the purpose of the investigation so instituted, the following are hereby named as parties upon which this notice of investigation shall be served:

(a) The complainant is: Neodron Ltd., Unit 4-5, Burton Hall Road, Sandyford, Dublin 18, D18A094 Ireland.

(b) The respondents are the following entities alleged to be in violation of section 337, and are the parties upon which the amended complaint is to be served:
