DEPARTMENT OF COMMERCE**International Trade Administration**

[A-570-910, C-570-911]

Circular Welded Carbon-Quality Steel Pipe From the People's Republic of China: Continuation of Antidumping and Countervailing Duty Orders

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: As a result of the determinations by the Department of Commerce (Commerce) and the International Trade Commission (ITC) that revocation of the antidumping duty (AD) and countervailing duty (CVD)

orders on circular welded carbon-quality steel pipe (CWP) from the People's Republic of China (China) would likely lead to continuation or recurrence of dumping, countervailable subsidies, and material injury to an industry in the United States, Commerce is publishing a notice of continuation of the AD and CVD orders.

DATES: Applicable June 26, 2019.

FOR FURTHER INFORMATION CONTACT: Jonathan Hill (AD) or Ian Hamilton (CVD), AD/CVD Operations, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-3518 or (202) 482-4798, respectively.

SUPPLEMENTARY INFORMATION:

Background

On July 22, 2008, Commerce published the AD and CVD orders on CWP from China.¹ On November 1, 2018, Commerce initiated² and the ITC instituted³ five-year (“sunset”) reviews of the AD and CVD orders on CWP from China, pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act). As a result of its reviews, Commerce determined, pursuant to sections 751(c)(1) and 752(b) and (c) of the Act, that revocation of the *CVD Order* on CWP from China would be likely to lead to continuation or recurrence of countervailable subsidies and notified the ITC of the magnitude of the subsidy rates likely to prevail were the order revoked,⁴ and Commerce determined that revocation of the *AD Order* on CWP from China would likely lead to continuation or recurrence of dumping and notified the ITC of the magnitude of the margins of dumping likely to prevail were the order revoked.⁵

¹ See *Circular Welded Carbon Quality Steel Pipe from the People's Republic of China: Notice of Amended Final Affirmative Countervailing Duty Determination and Notice of Countervailing Duty Order*, 73 FR 42545 (July 22, 2008) (*CVD Order*); see also *Notice of Antidumping Duty Order: Circular Welded Carbon Quality Steel Pipe from the People's Republic of China*, 73 FR 42547 (July 22, 2008) (*AD Order*) (collectively, *Orders*).

² See *Initiation of Five-Year (Sunset) Reviews*, 83 FR 54915 (November 1, 2018) (*Initiation*).

³ See *Circular Welded Carbon-Quality Steel Pipe from China; Institution of Five-Year Reviews*, 83 FR 54936 (November 1, 2018).

⁴ See *Circular Welded Carbon Quality Steel Pipe from the People's Republic of China: Final Results of the Expedited Second Sunset Review of the Countervailing Duty Order*, 84 FR 11050 (March 25, 2019), and accompanying Issues and Decision Memorandum.

⁵ See *Circular Welded Carbon Quality Steel Pipe from the People's Republic of China: Final Results of the Expedited Second Sunset Review of the Antidumping Duty Order*, 84 FR 15584 (April 16, 2019) and accompanying Issues and Decision Memorandum.

On June 19, 2019, the ITC published its determinations, pursuant to sections 751(c) and 752(a) of the Act, that revocation of the *Orders* would likely lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time.⁶

Scope of the Orders

The scope of these orders covers certain welded carbon quality steel pipes and tubes, of circular cross-section, and with an outside diameter of 0.372 inches (9.45 mm) or more, but not more than 16 inches (406.4 mm), whether or not stenciled, regardless of wall thickness, surface finish (*e.g.*, black, galvanized, or painted), end finish (*e.g.*, plain end, beveled end, grooved, threaded, or threaded and coupled), or industry specification (*e.g.*, ASTM, proprietary, or other), generally known as standard pipe and structural pipe (they may also be referred to as circular, structural, or mechanical tubing).

Specifically, the term “carbon quality” includes products in which (a) iron predominates, by weight, over each of the other contained elements; (b) the carbon content is 2 percent or less, by weight; and (c) none of the elements listed below exceeds the quantity, by weight, as indicated:

- (i) 1.80 percent of manganese;
- (ii) 2.25 percent of silicon;
- (iii) 1.00 percent of copper;
- (iv) 0.50 percent of aluminum;
- (v) 1.25 percent of chromium;
- (vi) 0.30 percent of cobalt;
- (vii) 0.40 percent of lead;
- (viii) 1.25 percent of nickel;
- (ix) 0.30 percent of tungsten;
- (x) 0.15 percent of molybdenum;
- (xi) 0.10 percent of niobium;
- (xii) 0.41 percent of titanium;
- (xiii) 0.15 percent of vanadium; or
- (xiv) 0.15 percent of zirconium.

Standard pipe is made primarily to American Society for Testing and Materials (ASTM) specifications, but can be made to other specifications. Standard pipe is made primarily to ASTM specifications A-53, A-135, and A-795. Structural pipe is made primarily to ASTM specifications A-252 and A-500. Standard and structural pipe may also be produced to proprietary specifications rather than to industry specifications. This is often the case, for example, with fence tubing.

⁶ See *Circular Welded Carbon-Quality Steel Pipe from China (Inv. Nos. 701-TA-447 and 731-TA-1116 (Second Review))*, 84 FR 28588 (June 19, 2019); see also *Circular Welded Carbon-Quality Steel Pipe from China (Inv. Nos. 701-TA-447 and 731-TA-1116 (Second Review))*, USITC Publication 4901 (June 2019).

Pipe multiple-stenciled to a standard and/or structural specification and to any other specification, such as the American Petroleum Institute (API) API-5L specification, is also covered by the scope of these orders when it meets the physical description set forth above and also has one or more of the following characteristics: Is 32 feet in length or less; is less than 2.0 inches (50 mm) in outside diameter; has a galvanized and/or painted surface finish; or has a threaded and/or coupled end finish. (The term “painted” does not include coatings to inhibit rust in transit, such as varnish, but includes coatings such as polyester.)

The scope of these orders does not include: (a) Pipe suitable for use in boilers, superheaters, heat exchangers, condensers, refining furnaces and feedwater heaters, whether or not cold drawn; (b) mechanical tubing, whether or not cold-drawn; (c) finished electrical conduit; (d) finished scaffolding; (e) tube and pipe hollows for redrawing; (f) oil country tubular goods produced to API specifications; and (g) line pipe produced to only API specifications.

The pipe products that are the subject of these orders are currently classifiable in HTSUS statistical reporting numbers 7306.30.10.00, 7306.30.50.25, 7306.30.50.32, 7306.30.50.40, 7306.30.50.55, 7306.30.50.85, 7306.30.50.90, 7306.50.10.00, 7306.50.50.50, 7306.50.50.70, 7306.19.10.10, 7306.19.10.50, 7306.19.51.10, and 7306.19.51.50. However, the product description, and not the Harmonized Tariff Schedule of the United States (HTSUS) classification, is dispositive of whether merchandise imported into the United States falls within the scope of the orders.

Continuation of the Orders on CWP From China

As a result of the determinations by Commerce and the ITC that revocation of the *Orders* would likely lead to a continuation or a recurrence of dumping, countervailable subsidies, and of material injury to an industry in the United States, pursuant to section 751(d)(2) of the Act and 19 CFR 351.218(a), Commerce hereby orders the continuation of the *Orders*. U.S. Customs and Border Protection (CBP) will continue to collect AD and CVD cash deposits at the rates in effect at the time of entry for all imports of subject merchandise. The effective date of the continuation of the *Orders* will be the date of publication in the **Federal Register** of this notice of continuation. Pursuant to section 751(c)(2) of the Act and 19 CFR 351.218(c)(2), Commerce

intends to initiate the next five-year review of the *Orders* not later than 30 days prior to the fifth anniversary of the effective date of continuation.

Administrative Protective Order

This notice also serves as the only reminder to parties subject to administrative protective order (APO) of their responsibility concerning the return/destruction or conversion to judicial protective order of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Failure to comply is a violation of the APO which may be subject to sanctions.

Notification to Interested Parties

These five-year (sunset) reviews and this notice are in accordance with sections 751(c) and (d)(2) of the Act, and published in accordance with section 777(i) of the Act and 19 CFR 351.218(f)(4).

Dated: June 20, 2019.

Jeffrey I. Kessler,

Assistant Secretary for Enforcement and Compliance.

National Oceanic and Atmospheric Administration

[Docket No. 181019964-9283-01]

RIN 0648-XG584

Announcement of Hearing and Final Agenda Regarding Proposed Waiver and Regulations Governing the Taking of Marine Mammals

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of hearing; final agenda.

SUMMARY: This notice announces the final agenda for a hearing before an Administrative Law Judge (ALJ) and the process by which interested persons can participate in the hearing on issues not previously included in the notice of hearing published on April 5, 2019. The hearing involves a proposed waiver under the Marine Mammal Protection Act (MMPA) and proposed regulations governing the hunting of eastern North Pacific (ENP) gray whales by the Makah

Indian Tribe in northwest Washington State. During the prehearing conference, the following new issue of fact was identified: "Is the ENP stock currently undergoing an Unusual Mortality Event (UME)? If so, does this merit further consideration before a waiver may be granted?"

DATES: NMFS has scheduled a hearing before Administrative Law Judge George J. Jordan to consider the proposed MMPA waiver and the proposed regulations previously published on April 5, 2019 (84 FR 13604). It will begin on Monday, August 12, 2019 at 9:30 a.m. PDT in the Henry M. Jackson Federal Building, 915 Second Avenue, 4th Floor Auditorium, Seattle, WA 98174. This date remains subject to change under 50 CFR 228.6(b)(1). Persons interested in participating as a party in the hearing on issues not included in the notice of hearing should consult regulations at 50 CFR part 228, the notice of hearing (84 FR 13639), and this notice and notify NMFS by the filing deadline below.

Filing Deadlines: The final date to submit direct testimony to rebut testimony previously submitted is July 9, 2019. The final date for submission of direct testimony on issues of fact not included in the notice of hearing (84 FR 13639) is July 9, 2019, and the final date for rebuttal to such testimony is July 31, 2019. The parties may file motions to exclude any issues listed in this notice by July 12, 2019. Motions to exclude based on any rebuttal evidence the parties submit must be filed by July 19, 2019. The other parties to this proceeding will have ten days to respond to any such motions, and additional replies will be authorized only on a showing of good cause.

Any person desiring to participate as a party at the hearing on the new issue fact identified during the prehearing conference, which was not included in the notice of hearing published on April 5, 2019 (84 FR 13639) must file a notice of intent to participate with the NMFS West Coast Region Regional Administrator by certified mail, postmarked no later than July 8, 2019.

ADDRESSES: The hearing will be held before Administrative Law Judge George J. Jordan of the United States Coast Guard at the Henry M. Jackson Federal Building, 915 Second Avenue, 4th Floor Auditorium, Seattle, WA 98174.

Any person desiring to participate as a party in the hearing on issues not previously included in the notice of hearing published on April 5, 2019 (84 FR 13639) must notify NMFS, by certified mail, at the following address: Mr. Barry Thom, Regional Administrator, NMFS, West Coast Region, 1201 NE Lloyd Boulevard, Suite 110, Portland, OR 97232.

Any person desiring to participate as a party in the hearing should also send an electronic copy to aljseattle@uscg.mil. Such persons may present direct testimony or cross-examine witnesses only on those issues not previously included in the notice of hearing.

FOR FURTHER INFORMATION CONTACT: Michael Milstein, NMFS West Coast Region, 1201 NE Lloyd Blvd., Suite 1100, Portland, OR 97232-1274; 503-231-6268.

SUPPLEMENTARY INFORMATION: On February 14, 2005, NMFS received a request from the Makah Indian Tribe for a waiver of the MMPA moratorium on the take of marine mammals to allow for take of ENP gray whales (*Eschrichtius robustus*). The Tribe requested that NMFS authorize a tribal hunt for ENP gray whales in the coastal portion of the Tribe's usual and accustomed fishing area for ceremonial and subsistence purposes and the making and sale of handicrafts. The MMPA imposes a general moratorium on the taking of marine mammals but authorizes the Secretary of Commerce to waive the moratorium and issue regulations governing the take if certain statutory criteria are met.

On April 5, 2019, NMFS published a Notice of Hearing and the associated proposed regulations in the **Federal Register** (84 FR 13639 and 84 FR 13604). Pursuant to an interagency agreement, a Coast Guard Administrative Law Judge was assigned to conduct the formal hearing and issue a recommended decision in this matter under the procedures set forth at 50 CFR part 228.

A prehearing conference took place on June 17, 2019 at the Jackson Federal Building, Seattle, WA. In compliance with 50 CFR 228.12, Judge George J. Jordan issued the following notice of final agenda for publication in the **Federal Register**.
