30916

(c) *Regulations*. (1) Under the general safety zone regulations in subpart C of this part, you may not enter the safety zone described in paragraph (a) of this section unless authorized by the COTP or the COTP's designated representative.

(2) The safety zone is closed to all vessel traffic, except as may be permitted by the COTP or the COTP's designated representative.

(3) Vessel operators desiring to enter or operate within the safety zone must contact the COTP or a designated representative to obtain permission to do so. Vessel operators given permission to enter or operate in the safety zone must comply with all lawful orders or directions given to them by the COTP or the COTP's designated representative. Persons and vessels may request permission to enter the safety zone on VHF–23A or through the 24-hour Command Center at telephone (415) 399–3547.

(d) *Effective period.* The zone described in paragraph (a) of this section will be effective and enforced from 9:15 p.m. until approximately 10:35 p.m. on July 4, 2019. The Captain of the Port San Francisco will notify the maritime community of periods during which this zone will be enforced via Broadcast Notice to Mariners in accordance with § 165.7.

Dated: June 6, 2019.

Marie B. Byrd,

Captain, U.S. Coast Guard, Captain of the Port, San Francisco.

Coast Guard

33 CFR Part 165

[Docket No. USCG-2019-0379]

RIN 1625-AA00

Safety Zone; Vallejo Independence Day Fireworks Display; Mare Island Strait, Vallejo, CA

AGENCY: Coast Guard, DHS. **ACTION:** Temporary final rule.

SUMMARY: The Coast Guard is establishing a temporary safety zone in the navigable waters of Mare Island Strait near the Vallejo Ferry Terminal in support of the Vallejo Independence Day Fireworks Display on July 4, 2019. This safety zone is necessary to protect personnel, vessels, and the marine environment from the dangers associated with pyrotechnics. Unauthorized persons or vessels are prohibited from entering into, transiting through, or remaining in the safety zone without permission of the Captain of the Port or a designated representative. **DATES:** This rule is effective from 8 a.m.

to 10:18 p.m. on July 4, 2019.

ADDRESSES: To view documents mentioned in this preamble as being available in the docket, go to *https:// www.regulations.gov*, type USCG–2019– 0379 in the "SEARCH" box and click "SEARCH." Click on Open Docket Folder on the line associated with this rule.

FOR FURTHER INFORMATION CONTACT: If you have questions on this rule, call or email Lieutenant Junior Grade Jennae Cotton, Waterways Management, U.S. Coast Guard; telephone (415) 399–3585, email *SFWaterways@uscg.mil*.

SUPPLEMENTARY INFORMATION:

I. Table of Abbreviations

COTP Captain of the Port San Francisco CFR Code of Federal Regulations DHS Department of Homeland Security § Section

U.S.C. United States Code

II. Background Information and Regulatory History

The Coast Guard is issuing this temporary rule without prior notice and opportunity to comment pursuant to authority under section 4(a) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). This provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency for good cause finds that those procedures are "impracticable, unnecessary, or contrary to the public interest." Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing a notice of proposed rulemaking (NPRM) with respect to this rule. Since the Coast Guard received notice of this event on May 1, 2019, notice and comment procedures would be impracticable in this instance.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**. For similar reasons as stated above, notice and comment procedures would be impractical in this instance due to the short notice provided for this event.

III. Legal Authority and Need for Rule

The Coast Guard is issuing this rule under authority 46 U.S.C. 70034 (previously 33 U.S.C. 1231). The Captain of the Port San Francisco (COTP) has determined that potential hazards associated with the Vallejo Independence Day Fireworks Display on July 4, 2019, will be a safety concern for anyone within a 100-foot radius of the fireworks barge during loading, staging, and transit, and anyone within a 420foot radius of the fireworks barge starting 30 minutes before the fireworks display is scheduled to commence and ending 30 minutes after the conclusion of the fireworks display. For this reason, a safety zone is needed to protect personnel, vessels, and the marine environment in the navigable waters around the fireworks barge during the fireworks display.

IV. Discussion of the Rule

This rule establishes a safety zone from 8 a.m. until 10:18 p.m. on July 4, 2019 during the loading, staging, and transit of the fireworks barge, until approximately 30 minutes after completion of the fireworks display. From 8 a.m. to 9 p.m. on July 4, 2019, during the loading, staging, and transit of the fireworks barge until 30 minutes prior to the start of the fireworks display, the safety zone will encompass the navigable waters around and under the fireworks barge, from surface to bottom, within a circle formed by connecting all points 100 feet out from the fireworks barge. Loading the pyrotechnics onto the fireworks barge is scheduled from 8 a.m. to 4 p.m. on July 4, 2019, at the Mare Island Waterfront in Vallejo, CA. From 4 p.m. until 8:50 p.m. on July 4, 2019, the barge will remain at the Mare Island Waterfront. From 8:50 p.m. to 9 p.m. on July 4, 2019, the fireworks barge will be towed from the Mare Island Waterfront to the display location, where it will remain until the conclusion of the fireworks display.

At 9 p.m. on July 4, 2019, 30 minutes prior to the commencement of the 18minute Vallejo Independence Day Fireworks Display, the safety zone will increase in size and encompass the navigable waters around and under the fireworks barge, from surface to bottom, within a circle formed by connecting all points 420 feet from the circle center at approximate position 38°06′03″ N, 122°16′00″ W (NAD 83). The safety zone will terminate at 10:18 p.m. on July 4, 2019.

The effect of the safety zone is to restrict navigation in the vicinity of the fireworks loading, staging, transit, and firing site. Except for persons or vessels authorized by the COTP or the COTP's designated representative, no person or vessel may enter or remain in the restricted areas. These regulations are needed to keep spectators and vessels away from the immediate vicinity of the fireworks firing sites to ensure the safety of participants, spectators, and transiting vessels.

V. Regulatory Analyses

We developed this rule after considering numerous statutes and Executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive orders, and we discuss First Amendment rights of protestors.

A. Regulatory Planning and Review

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits. Executive Order 13771 directs agencies to control regulatory costs through a budgeting process. This rule has not been designated a "significant regulatory action," under Executive Order 12866. Accordingly, this rule has not been reviewed by the Office of Management and Budget (OMB), and pursuant to OMB guidance it is exempt from the requirements of Executive Order 13771.

This regulatory action determination is based on the limited duration and narrowly tailored geographic area of the safety zone. Although this rule restricts access to the waters encompassed by the safety zone, the effect of this rule will not be significant because the local waterway users will be notified via public Notice to Mariners to ensure the safety zone will result in minimum impact. The entities most likely to be affected are waterfront facilities, commercial vessels, and pleasure craft engaged in recreational activities.

B. Impact on Small Entities

The Regulatory Flexibility Act of 1980, 5 U.S.C. 601–612, as amended, requires Federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term "small entities" comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities.

This rule may affect the following entities, some of which may be small entities: owners and operators of waterfront facilities, commercial vessels, and pleasure craft engaged in recreational activities and sightseeing, if these facilities or vessels are in the vicinity of the safety zone at times when this zone is being enforced. This rule will not have a significant economic impact on a substantial number of small entities for the following reasons: (i) This rule will encompass only a small portion of the waterway for a limited period of time, and (ii) the maritime public will be advised in advance of these safety zones via Notice to Mariners.

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact the person listed in the FOR FURTHER INFORMATION CONTACT section.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business **Regulatory** Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency's responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1-888-REG-FAIR (1-888-734-3247). The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

C. Collection of Information

This rule will not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

D. Federalism and Indian Tribal Governments

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this rule under that Order and have determined that it is consistent with the fundamental federalism principles and preemption requirements described in Executive Order 13132.

Also, this rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes. If you believe this rule has implications for federalism or Indian tribes, please contact the person listed in the FOR FURTHER INFORMATION CONTACT section above.

E. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

F. Environment

We have analyzed this rule under Department of Homeland Security Directive 023–01 and Environmental Planning COMDTINST 5090.1 (series), which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (42 U.S.C. 4321-4370f), and have determined that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This rule involves a safety zone of limited size and duration. It is categorically excluded from further review under paragraph L60(a) in Table 3-1 of U.S. Coast Guard Environmental **Planning Implementing Procedures** 5090.1. A Record of Environmental Consideration supporting this determination is available in the docket where indicated under ADDRESSES.

G. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places or vessels.

List of Subjects in 33 CFR Part 165

Harbors, Marine safety, Navigation (water), Reporting and recordkeeping requirements, Security measures, Waterways.

For the reasons discussed in the preamble, the Coast Guard amends 33 CFR part 165 as follows:

PART 165—REGULATED NAVIGATION AREAS AND LIMITED ACCESS AREAS

■ 1. The authority citation for part 165 continues to read as follows:

Authority: 46 U.S.C 70034, 70051; 33 CFR 1.05–1, 6.04–1, 6.04–6, and 160.5; Department of Homeland Security Delegation No. 0170.1.

■ 2. Add § 165.T11–978 to read as follows:

§ 165.T11–978 Safety Zone; Vallejo Independence Day Fireworks Display, Mare Island Strait, Vallejo, CA.

(a) Location. The following area is a safety zone: from 8 a.m. on July 4, 2019 until 9 p.m. on July 4, 2019 the safety zone will encompass all navigable waters of Mare Island Strait, from surface to bottom, within a circle formed by connecting all points 100 feet out from the fireworks barge during the loading and staging at the Mare Island Waterfront as well as during transit to and arrival at the display location in Vallejo, CA. Between 9 p.m. on July 4, 2019 until 10:18 p.m. on July 4, 2019, the safety zone will expand to all navigable waters, from surface to bottom, within a circle formed by connecting all points 420 feet out from the fireworks barge in approximate position 38°06'03" N, 122°16'00" W (NAD 83).

(b) *Definitions.* As used in this section, "designated representative" means a Coast Guard Patrol Commander, including a Coast Guard coxswain, petty officer, or other officer operating a Coast Guard vessel or a Federal, State, or local officer designated by or assisting the Captain of the Port San Francisco (COTP) in the enforcement of the safety zone.

(c) *Regulations.* (1) Under the general safety zone regulations in subpart C of this part, you may not enter the safety zone described in paragraph (a) of this section unless authorized by the COTP or the COTP's designated representative.

(2) The safety zone is closed to all vessel traffic, except as may be permitted by the COTP or the COTP's designated representative.

(3) Vessel operators desiring to enter or operate within the safety zone must contact the COTP or the COTP's designated representative to obtain permission to do so. Vessel operators given permission to enter or operate in the safety zone must comply with all lawful orders or directions given to them by the COTP or the COTP's designated representative. Persons and vessels may request permission to enter the safety zones on VHF–23A or through the 24-hour Command Center at telephone (415) 399–3547. (d) *Enforcement period.* The zone described in paragraph (a) of this section will be enforced from 8 a.m. on July 4, 2019 until 10:18 p.m. on July 4, 2019. The Captain of the Port San Francisco will notify the maritime community of periods during which these zones will be enforced via Notice to Mariners in accordance with § 165.7.

Dated: June 18, 2019.

Marie B. Byrd,

Captain, U.S. Coast Guard, Captain of the Port, San Francisco. [FR Doc. 2019–13794 Filed 6–27–19; 8:45 am]

BILLING CODE 9110-04-P

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[EPA-R06-OAR-2016-0619; FRL-9995-36-Region 6]

Air Plan Approval; Oklahoma; Regional Haze Five-Year Progress Report

AGENCY: Environmental Protection Agency (EPA). **ACTION:** Final rule.

SUMMARY: Pursuant to the Federal Clean Air Act (CAA or the Act), the Environmental Protection Agency (EPA) is approving a revision to a State Implementation Plan (SIP) submitted by the Governor of Oklahoma through the Oklahoma Department of Environmental Quality (ODEQ) on September 28, 2016. The SIP revision addresses requirements of federal regulations that direct the State to submit a periodic report describing progress toward reasonable progress goals (RPGs) established for regional haze and a determination of the adequacy of the existing implementation plan.

DATES: This rule is effective July 29, 2019.

ADDRESSES: The EPA has established a docket for this action under Docket ID No. EPA-R06-OAR-2016-0619. All documents listed in the docket are listed on the *https://www.regulations.gov* website. Although listed in the index, some information may not be publicly available, i.e., Confidential Business Information or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on the internet and will be publicly available only in hard copy form. Publicly available docket materials are available either electronically through www.regulations.gov or in hard copy at the EPA Region 6 Office, 1201 Elm Street, Dallas, TX 75270.

FOR FURTHER INFORMATION CONTACT:

Clovis Steib, EPA Region 6 Office, Regional Haze & SO₂ Section, 1201 Elm Street, Suite 500, Dallas, TX 75270, (214) 665–7566, *steib.clovis@epa.gov*. To inspect the hard copy materials, please schedule an appointment with Mr. Bill Deese at 214–665–7253.

SUPPLEMENTARY INFORMATION:

Throughout this document "we," "us," or "our" means the EPA.

I. Background

In a notice of proposed rulemaking (NPRM) published on March 28, 2019 (84 FR 11711), EPA proposed to approve Oklahoma's (the State's) Regional Haze Five Year Progress Report.¹ On September 28, 2016, Oklahoma submitted its progress report in the form of a SIP revision under 40 CFR 51.308. which, among other things, detailed the progress made in the first planning period toward implementation of the long-term strategy (LTS) outlined in the State's regional haze plan. The progress report also included a summary of the visibility improvement measured at the Wichita Mountains Wilderness Area (WMWA), the only Class I area within Oklahoma, an assessment of whether Class I areas outside of the State are potentially impacted by emissions from Oklahoma, and a determination of the adequacy of the existing implementation plan. The details of Oklahoma's submittal and the rationale for EPA's action are further explained in the NPRM. EPA did not receive any relevant adverse comments on the proposed action. We received one comment letter from the Texas **Commission on Environmental Quality** (TCEO) that discussed issues outside the scope of this particular rule making.²

II. Final Action

EPA is approving Oklahoma's regional haze five-year progress report SIP revision, finding it meets the applicable regional haze requirements under the CAA and set forth in 40 CFR 51.308(g), (h) and (i). Because the SIP

² The TCEQ submitted a letter commenting on the remanded 2016 Federal Implementation Plan (FIP) for Texas regarding regional haze reasonable progress, urging EPA to repeal the FIP in its entirety; as well as act on and approve the State's own 2014 Regional Haze Five-Year Progress Report and finalize any action resulting from the additional comment period on the 2017 FIP for the State regarding regional haze Best Available Retrofit Technology (BART). This letter can be found at *www.regulations.gov*; Docket EPA–R06–OAR–2016– 0619–0004. EPA is addressing regional haze requirements for Texas in another action; see Dockets EPA–R06–OAR–2014–0754 and EPA–R06– OAR–2016–0611.

¹Oklahoma's submitted report can be found at *www.regulations.gov;* Docket EPA–R06–OAR–2016–0619–0002.
