SUPPLEMENTARY INFORMATION: This ICR seeks approval under the PRA for revisions to the Insurance and Annuity Contracts and Mutual Fund Principal Underwriters (PTE 1984–24). PTE 84–24, as amended, provides an exemption for insurance agents, insurance brokers and pension consultants to receive a sales commission from an insurance company in connection with the purchase, with plan or IRA assets, of an insurance or annuity contract. Relief is also provided for a principal underwriter for an investment company registered under the Investment Company Act of 1940 to receive a sales commission in connection with the purchase, with plan or IRA assets, of securities issued by the investment company. In order to ensure that the class exemption is not abused, that the rights of the participants and beneficiaries are protected, and that the exemption’s conditions are being complied with, the Department often requires minimal information collection pertaining to the affected transactions. This information collection is a revision because the Department is renewing the information collections contained in PTE 75–1 that had been in place prior to 2016. Section 408 of the Employee Retirement Income Security Act of 1974 (“ERISA”) authorizes this information collection. See U.S.C. 1108.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless the OMB, under the PRA, approves it and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6. The DOL obtains OMB approval for this information collection under Control Number 1210–0158. The current approval is scheduled to expire on June 30, 2019; however, the DOL notes that existing information collection requirements submitted to the OMB will receive a month-to-month extension while they undergo review. New requirements would only take effect upon OMB approval. For additional substantive information about this ICR, see the related notice published in the **Federal Register** on April 5, 2019 (84 FR 13719).

Interested parties are encouraged to send comments to the OMB, Office of

Information and Regulatory Affairs at the address shown in the **ADDRESSES** section within thirty (30) days of publication of this notice in the **Federal Register**. In order to help ensure appropriate consideration, comments should mention OMB Control Number 1210–0158. The OMB is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility.
- Evaluate the accuracy of the agency’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used.
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

SUPPLEMENTARY INFORMATION: This ICR seeks approval under the PRA for revisions to the Supply and Service Program. OFCCP administers and enforces three equal employment opportunity laws listed below.

- Executive Order 11246, as amended (E.O. 11246)
- Section 503 of the Rehabilitation Act of 1973, as amended (Section 503)
- Vietnam Era Veterans' Readjustment Assistance Act of 1974, as amended (VEVRAA)

These authorities prohibit employment discrimination by covered federal contractors and subcontractors and require that they take affirmative action to provide equal employment opportunities regardless of race, color, religion, sex, sexual orientation, gender identity, national origin, disability, or status as a protected veteran. Additionally, federal contractors and subcontractors are prohibited from discriminating against applicants and employees for asking about, discussing, or sharing information about their pay or, in certain circumstances, the pay of their co-workers. E.O. 11246 applies to federal contractors and subcontractors and to federally assisted construction contractors holding a Government contract in excess of \$10,000, or Government contracts that have, or can reasonably be expected to have, an aggregate total value exceeding \$10,000 in a 12-month period. E.O. 11246 also applies to government bills of lading, depositories of federal funds in any amount, and to financial institutions that are issuing and paying agents for U.S. savings bonds. Section 503 prohibits employment discrimination against applicants and employees because of physical or mental disability and requires contractors and subcontractors to take affirmative action to employ and advance in employment qualified individuals with disabilities. Section 503 applies to federal contractors and subcontractors with contracts in excess of \$15,000. VEVRAA prohibits employment discrimination against protected veterans and requires affirmative action to ensure that persons are treated without regard to their status as a protected veteran. VEVRAA applies to federal contractors and subcontractors with contracts of \$150,000 or more. This Information Collection Request addresses the collection of information associated with scheduling compliance evaluations (compliance reviews, compliance checks, and focused reviews) of federal supply and service contractors and subcontractors. This information collection has been classified as a revision because OFCCP seeks to revise the letters used to schedule compliance evaluations. In general, the proposed revisions provide clarifying edits. In addition to other more minor revisions to the scheduling letter, OFCCP proposes the collection of two types of data that will significantly benefit its mission to ensure that federal contractors are complying with equal employment opportunity obligations; (1) collect information that will properly identify subcontractors in the agency's

collection universe, and (2) collect personnel activity data and compensation data in its focused review scheduling letters to enhance its enforcement efforts for individuals with disabilities and protected veterans. E.O. 11246, Section 503 of the Rehabilitation Act of 1973, and the Vietnam Era Veterans' Readjustment Assistance Act of 1974 authorize this information collection. See 29 U.S. Code 793 and 38 U.S. Code 4212.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6. The DOL obtains OMB approval for this information collection under Control Number 1250-0003. The current approval is scheduled to expire on June 30, 2019; however, the DOL notes that existing information collection requirements submitted to the OMB receive a month-to-month extension while they undergo review. New requirements would only take effect upon OMB approval. For additional substantive information about this ICR, see the related notice published in the **Federal Register** on April 12, 2019 (84 FR 14974).

SUPPLEMENTARY INFORMATION: This ICR seeks to extend PRA authority for the Annual Report for Multiple Employer Welfare Arrangements information collection. The Health Insurance Portability and Accountability Act of 1996, codified as Part 7 of Title I of the Employee Retirement Income Security Act of 1974 (ERISA), was enacted to improve the portability and continuity of health care coverage for group health plan participants and beneficiaries. In the interest of assuring compliance with Part 7, ERISA section 101(g) further permits the Secretary of Labor to require a MEWA (multiple employer welfare arrangements), as defined in ERISA section 3(40), to report to the Secretary in such form and manner as the Secretary might determine. Employee Retirement Income Security Act of 1974 (ERISA) section 101(g) authorizes this information collection. *See* 29 U.S.C. 1021(g).

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless the OMB under the PRA approves it and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. *See* 5 CFR 1320.5(a) and 1320.6. The DOL obtains

OMB approval for this information collection under Control Number 1210–0116.

OMB authorization for an ICR cannot be for more than three (3) years without renewal, and the current approval for this collection is scheduled to expire on June 30, 2019. The DOL seeks to extend PRA authorization for this information collection for three (3) more years, without any change to existing requirements. The DOL notes that existing information collection requirements submitted to the OMB receive a month-to-month extension while they undergo review. For additional substantive information about this ICR, see the related notice published in the **Federal Register** on October 23, 2018 (83 FR 53500).

Interested parties are encouraged to send comments to the OMB, Office of Information and Regulatory Affairs at the address shown in the **ADDRESSES** section within thirty (30) days of publication of this notice in the **Federal Register**. In order to help ensure appropriate consideration, comments should mention OMB Control Number 1210–0116.

The OMB is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used.
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of responses.
