Certain Hot-Rolled Steel Flat Products From Japan: Final Results of Antidumping Duty Administrative Review and Final Determination of No Shipments; 2016-2017

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) determines that certain hot-rolled steel flat products from Japan were sold at less than normal value during the period of review (POR), March 22, 2016 through September 30, 2017.

DATES: Applicable June 28, 2019.

FOR FURTHER INFORMATION CONTACT: Jun Jack Zhao or Myrna Lobo, AD/CVD Operations, Office VII, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-1396 or (202) 482-2371, respectively.

SUPPLEMENTARY INFORMATION:

Background

On November 14, 2018, Commerce published the *Preliminary Results* of this review in the **Federal Register**.¹ We invited interested parties to comment on the *Preliminary Results*. Between December 14 and December 21, 2019, Commerce received timely filed briefs and rebuttal briefs from the petitioners,² Nippon Steel & Sumitomo Metal Corporation (Nippon Steel) and Tokyo

² The petitioners are AK Steel Corporation, ArcelorMittal USA LLC, Nucor Corporation, SSAB Enterprises, LLC, Steel Dynamics, Inc., and United States Steel Corporation (collectively, the petitioners).

Steel Manufacturing Co., Ltd. (Tokyo Steel).³

Commerce exercised its discretion to toll all deadlines affected by the partial federal government closure from December 22, 2018 through the resumption of operations on January 29, 2019.⁴ If the new deadline falls on a non-business day, in accordance with Commerce's practice, the deadline will become the next business day. On March 28 and May 22, 2019, we extended the deadline for the final results.⁵ The revised deadline for the final results is now June 21, 2019.

These final results cover 20 producers and exporters of subject merchandise. Based on an analysis of the comments received, we have made changes to the weighted-average dumping margins determined for the respondents. The weighted-average dumping margins are listed in the "Final Results of Review" section, below. Commerce conducted this review in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act).

Scope of the Order⁶

The merchandise covered by the order is certain hot-rolled steel flat products. For a complete description of the scope of the Order, see the Issues and Decision Memorandum.⁷

Final Determination of No Shipments

In the *Preliminary Results*, Commerce preliminarily determined that Hitachi Metals, Ltd. (Hitachi), Honda Trading Canada, Inc. (Honda), and Panasonic Corporation (Panasonic) each had no shipments of subject merchandise during the POR. U.S. Customs and Border Protection (CBP) subsequently confirmed these companies had no shipments.⁸ As no party has identified any record evidence which would call into question these preliminary findings with respect to Hitachi, Honda, or Panasonic, we continue to find that these companies made no shipments of subject merchandise during the POR. Accordingly, consistent with our practice, we intend to instruct CBP to liquidate any existing entries of subject merchandise produced by these three companies, but exported by other parties without their own rate, at the all-others rate.⁹

Mitsui & Co. Ltd. (Mitsui) also initially claimed no shipments during the POR.¹⁰ Based on information received from CBP,¹¹ we stated in the *Preliminary Results* we would continue to include Mitsui with the companies under review and make a determination for the final results after soliciting more information and comments on Mitsui. On December 20, 2018, we placed U.S. entry documentation on the record and provided parties with an opportunity to comment. We also requested Mitsui to explain the apparent discrepancy between its claim of no shipments and the CBP information.¹² Mitsui responded by stating that the documents provided to Commerce by CBP were consistent with the entry documentation which it had now retrieved by Mitsui & Co., (USA), Inc. (Mitsui USA),

indicating that during the POR there was, in fact, one shipment of subject merchandise by Mitsui of Japan, sold to and entered by a U.S. customer.¹³ Mitsui added that it regretted its error, and that it was seeking to withdraw its certification.¹⁴ No other interested parties filed comments. Therefore, for the final results, we find that Mitsui had shipments of subject merchandise to the United States during the POR.

Analysis of Comments Received

We addressed all issues raised in the case and rebuttal briefs in the Issues and Decision Memorandum, which is hereby adopted with this notice. The issues are identified in Appendix I to this notice. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov> and is available to all parties in the Central Records Unit, Room B8024 of the main Commerce building. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly on the internet at <http://enforcement.trade.gov/frn/index.html>. The signed Issues and Decision Memorandum and the electronic version of the Issues and Decision Memorandum are identical in content.

Changes Since the Preliminary Results

Based on our review and analysis of the comments received from parties, we made certain changes to the margin calculations for both Nippon Steel and Tokyo Steel. For a discussion of these changes, see the Issues and Decision Memorandum.

Rate for Non-Examined Companies

The statute and Commerce's regulations do not address the establishment of a rate to be applied to companies not selected for individual examination when Commerce limits its examination in an administrative review pursuant to section 777A(c)(2) of the Act. Generally, Commerce looks to section 735(c)(5) of the Act, which provides instructions for calculating the all-others rate in a market economy investigation, for guidance when calculating the rate for companies which were not selected for individual

¹³ See Mitsui's Letter, "Antidumping Administrative Review of Certain Hot-Rolled Steel Flat Products from Japan: Mitsui Comment on U.S. Entry Documents Placed on the Record," dated December 27, 2018.

¹⁴ *Id.*

examination in an administrative review. Under section 735(c)(5)(A) of the Act, the all-others rate is normally “an amount equal to the weighted-average of the estimated weighted-average dumping margins established for exporters and producers individually investigated, excluding any zero or *de minimis* margins, and any

margins determined entirely {on the basis of facts available}.”

For these final results, we calculated weighted-average dumping margins that are not zero, *de minimis*, or determined entirely on the basis of facts available for Nippon Steel and Tokyo Steel. Accordingly, Commerce has assigned to the companies not individually examined (*see* Appendix II, for a full list of these companies) a margin of 6.92

percent, which is the weighted-average of Nippon Steel’s and Tokyo Steel’s calculated weighted-average dumping margins for these final results.¹⁵

Final Results of Review

Commerce determines that the following weighted-average dumping margins exist for the period March 22, 2016 through September 30, 2017:

Exporter/producer	Weighted-average dumping margin (percent)	
Nippon Steel & Sumitomo Metal Corporation ¹⁶	7.64	
Nisshin Steel Co., Ltd. ¹⁷	3/22/2016 to 3/12/2017	3/13/2017 to 9/30/2017.
	6.92 ¹⁸	7.64 ¹⁹
Tokyo Steel Manufacturing Co., Ltd	2.06	
Non-examined companies ²⁰	6.92	

Disclosure

We intend to disclose the calculations performed for these final results of review within five days of the date of publication of this notice in the **Federal Register**, in accordance with 19 CFR 351.224(b).

Assessment

Pursuant to section 751(a)(2)(C) of the Act and 19 CFR 351.212(b), Commerce shall determine, and CBP shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this review. Commerce intends to issue assessment instructions to CBP 15 days after the date of publication of the final results of this review in the **Federal Register**.

Where the respondent reported reliable entered values, we calculated importer- (or customer-) specific *ad valorem* rates by aggregating the dumping margins calculated for all U.S. sales to each importer (or customer) and dividing this amount by the total entered value of the sales to each importer (or customer).²¹ Where Commerce calculated a weighted-average dumping margin by dividing the

total amount of dumping for reviewed sales to that party by the total sales quantity associated with those transactions, Commerce will direct CBP to assess importer- (or customer-) specific assessment rates based on the resulting per-unit rates.²² Where an importer- (or customer-) specific *ad valorem* or per-unit rate is greater than *de minimis* (*i.e.*, 0.50 percent), Commerce will instruct CBP to collect the appropriate duties at the time of liquidation.²³ Where an importer- (or customer-) specific *ad valorem* or per-unit rate is zero or *de minimis*, Commerce will instruct CBP to liquidate appropriate entries without regard to antidumping duties.²⁴

For the companies which were not selected for individual review, we will assign an assessment rate based on the methodology described in the “Rates for Non-Examined Companies” section, above.

Consistent with Commerce’s assessment practice, for entries of subject merchandise during the POR produced by Nippon Steel, Tokyo Steel, or the non-examined companies for which the producer did not know that its merchandise was destined for the

United States, we will instruct CBP to liquidate unreviewed entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction.²⁵

Cash Deposit Requirements

The following cash deposit requirements will be effective for all shipments of subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided for by section 751(a)(2)(C) of the Act: (1) The cash deposit rates for the companies listed in these final results will be equal to the weighted-average dumping margins established in the final results of this review; (2) for merchandise exported by producers or exporters not covered in this review but covered in a prior segment of this proceeding, the cash deposit rate will continue to be the company-specific rate published for the most recently completed segment in which the company was reviewed; (3) if the exporter is not a firm covered in this review or the original less-than-fair-value (LTFV) investigation, but the

¹⁵ This rate is based on the weighted-average of the margins calculated for those companies selected for individual review using the publicly-ranged U.S. quantities. Because we cannot apply our normal methodology of calculating a weighted-average margin due to requests to protect business proprietary information, we find this rate to be the best proxy of the actual weighted-average margin determined for the mandatory respondents Nippon Steel and Tokyo Steel. *See* Memorandum, “Calculation of the Review-Specific Average Rate for Non-Examined Companies,” dated concurrently with this notice (Non-Examined Companies Rate Memorandum).

¹⁶ We collapsed Nippon Steel & Sumikin Bussan Corporation with Nippon Steel & Sumitomo Metal Corporation in the underlying investigation. *See*

Certain Hot-Rolled Steel Flat Products from Japan: Preliminary Determination of Sales at Less than Fair Value and Postponement of Final Determination, 81 FR 15222 (March 22, 2016) and accompanying PDM at 6–7.

¹⁷ In the *Preliminary Results* we collapsed Nisshin Steel Co., Ltd. and Nippon Steel & Sumitomo Metal Corporation as of March 13, 2017. *See Preliminary Results* PDM at 9. No parties commented on this, thus, we made no changes to this determination for these final results.

¹⁸ Entries of subject merchandise produced/exported by Nisshin Steel Co., Ltd. made prior to March 13, 2017 are subject to the non-examined companies’ rate calculated in this administrative review. *See* Non-Examined Companies Rate Memorandum.

¹⁹ Entries of subject merchandise produced/exported by Nisshin Steel Co., Ltd. made on/or after March 13, 2017 are subject to the AD rate assigned to Nippon Steel in this administrative review.

producer is, the cash deposit rate will be the rate established for the most recently completed segment of this proceeding for the producer of the subject merchandise; and (4) the cash deposit rate for all other producers or exporters will continue to be 5.58 percent,²⁶ the all-others rate established in the LTFV investigation. These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in the presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Administrative Protective Order

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

Notification to Interested Parties

We are issuing and publishing these results in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.213(h) and 351.221(b)(5) of Commerce's regulations.

Dated: June 21, 2019.

Assistant Secretary for Enforcement and Compliance.
