**ACTION:** Notice.

**SUMMARY:** The Commission hereby gives notice that it has instituted a review pursuant to the Tariff Act of 1930 ("the Act"), as amended, to determine whether revocation of the antidumping duty order on malleable iron pipe fittings from China would be likely to lead to continuation or recurrence of material injury. #### SUPPLEMENTARY INFORMATION:

*Background.*— On December 12, 2003, the Department of Commerce issued an antidumping duty order on imports of malleable iron pipe fittings from China (68 FR 69376). Following the first five-year reviews by Commerce and the Commission, effective April 22, 2009, Commerce issued a continuation

of the antidumping duty order on imports of malleable iron pipe fittings from China (74 FR 18349). Following the second five-year reviews by Commerce and the Commission, effective August 12, 2014, Commerce issued a continuation of the antidumping duty order on imports of malleable iron pipe fittings from China (79 FR 47089). The Commission is now conducting a third review pursuant to section 751(c) of the Act, as amended (19 U.S.C. 1675(c)), to determine whether revocation of the order would be likely to lead to continuation or recurrence of material injury to the domestic industry within a reasonably foreseeable time. Provisions concerning the conduct of this proceeding may be found in the Commission's Rules of Practice and Procedure at 19 CFR parts 201, subparts A and B and 19 CFR part 207, subparts A and F. The Commission will assess the adequacy of interested party responses to this notice of institution to determine whether to conduct a full review or an expedited review. The Commission's determination in any expedited review will be based on the facts available, which may include information provided in response to this notice.

**Definitions.**—The following definitions apply to this review:

(1) *Subject Merchandise* is the class or kind of merchandise that is within the scope of the five-year review, as defined by the Department of Commerce.

(2) The *Subject Country* in this review is China.

(3) The *Domestic Like Product* is the domestically produced product or products which are like, or in the absence of like, most similar in characteristics and uses with, the *Subject Merchandise*. In its original determination and its expedited first and second five-year review determinations, the Commission defined the *Domestic Like Product* as malleable iron pipe fittings, other than grooved fittings, coextensive with Commerce's scope.

(4) The *Domestic Industry* is the U.S. producers as a whole of the *Domestic Like Product*, or those producers whose collective output of the *Domestic Like Product* constitutes a major proportion of the total domestic production of the product. In its original determination and its expedited first and second five-year review determinations, the Commission defined the *Domestic Industry* as all producers of malleable iron pipe fittings.

(5) An *Importer* is any person or firm engaged, either directly or through a parent company or subsidiary, in importing the *Subject Merchandise* into

the United States from a foreign manufacturer or through its selling agent.

**Participation in the proceeding and public service list.**—Persons, including industrial users of the *Subject Merchandise* and, if the merchandise is sold at the retail level, representative consumer organizations, wishing to participate in the proceeding as parties must file an entry of appearance with the Secretary to the Commission, as provided in section 201.11(b)(4) of the Commission's rules, no later than 21 days after publication of this notice in the **Federal Register**. The Secretary will maintain a public service list containing the names and addresses of all persons, or their representatives, who are parties to the proceeding.

Former Commission employees who are seeking to appear in Commission five-year reviews are advised that they may appear in a review even if they participated personally and substantially in the corresponding underlying original investigation or an earlier review of the same underlying investigation. The Commission's designated agency ethics official has advised that a five-year review is not the same particular matter as the underlying original investigation, and a five-year review is not the same particular matter as an earlier review of the same underlying investigation for purposes of 18 U.S.C. 207, the post employment statute for Federal employees, and Commission rule 201.15(b) (19 CFR 201.15(b)), 79 FR 3246 (Jan. 17, 2014), 73 FR 24609 (May 5, 2008). Consequently, former employees are not required to seek Commission approval to appear in a review under Commission rule 19 CFR 201.15, even if the corresponding underlying original investigation or an earlier review of the same underlying investigation was pending when they were Commission employees. For further ethics advice on this matter, contact Charles Smith, Office of the General Counsel, at 202–205–3408.

**Limited disclosure of business proprietary information (BPI) under an administrative protective order (APO) and APO service list.**—Pursuant to section 207.7(a) of the Commission's rules, the Secretary will make BPI submitted in this proceeding available to authorized applicants under the APO issued in the proceeding, provided that the application is made no later than 21 days after publication of this notice in the **Federal Register**. Authorized applicants must represent interested parties, as defined in 19 U.S.C. 1677(9), who are parties to the proceeding. A separate service list will be maintained

by the Secretary for those parties authorized to receive BPI under the APO.

**Certification.**—Pursuant to section 207.3 of the Commission's rules, any person submitting information to the Commission in connection with this proceeding must certify that the information is accurate and complete to the best of the submitter's knowledge. In making the certification, the submitter will acknowledge that information submitted in response to this request for information and throughout this proceeding or other proceeding may be disclosed to and used: (i) by the Commission, its employees and Offices, and contract personnel (a) for developing or maintaining the records of this or a related proceeding, or (b) in internal investigations, audits, reviews, and evaluations relating to the programs, personnel, and operations of the Commission including under 5 U.S.C. Appendix 3; or (ii) by U.S. government employees and contract personnel, solely for cybersecurity purposes. All contract personnel will sign appropriate nondisclosure agreements.

**Written submissions.**—Pursuant to section 207.61 of the Commission's rules, each interested party response to this notice must provide the information specified below. The deadline for filing such responses is July 31, 2019. Pursuant to section 207.62(b) of the Commission's rules, eligible parties (as specified in Commission rule 207.62(b)(1)) may also file comments concerning the adequacy of responses to the notice of institution and whether the Commission should conduct an expedited or full review. The deadline for filing such comments is September 12, 2019. All written submissions must conform with the provisions of section 201.8 of the Commission's rules; any submissions that contain BPI must also conform with the requirements of sections 201.6, 207.3, and 207.7 of the Commission's rules. The Commission's Handbook on E-Filing, available on the Commission's website at <https://edis.usitc.gov>, elaborates upon the Commission's rules with respect to electronic filing. Also, in accordance with sections 201.16(c) and 207.3 of the Commission's rules, each document filed by a party to the proceeding must be served on all other parties to the proceeding (as identified by either the public or APO service list as appropriate), and a certificate of service must accompany the document (if you are not a party to the proceeding you do not need to serve your response).

No response to this request for information is required if a currently

valid Office of Management and Budget (“OMB”) number is not displayed; the OMB number is 3117 0016/USITC No. 19–5–436, expiration date June 30, 2020. Public reporting burden for the request is estimated to average 15 hours per response. Please send comments regarding the accuracy of this burden estimate to the Office of Investigations, U.S. International Trade Commission, 500 E Street SW, Washington, DC 20436.

If an interested party does not provide this notification (or the Commission finds the explanation provided in the notification inadequate) and fails to provide a complete response to this notice, the Commission may take an adverse inference against the party pursuant to section 776(b) of the Act (19 U.S.C. 1677e(b)) in making its determination in the review.

## DEPARTMENT OF JUSTICE

### Notice of Lodging of Proposed Consent Decree Under The Clean Air Act, Comprehensive Environmental Response, Compensation, and Liability Act, Emergency Planning and Community Right-To-Know Act, Resource Conservation and Recovery Act, and Clean Water Act

On June 25, 2019, the Department of Justice lodged a proposed consent decree with the United States District Court for the Eastern District of Michigan in the lawsuit entitled *United*

<sup>1</sup> The record is defined in sec. 207.2(f) of the Commission's Rules of Practice and Procedure (19 CFR 207.2(f)).

*States v. Dow Silicones Corporation*, Civil Action No. 19-cv-11880. The consent decree addresses alleged violations of several federal environmental laws at a facility in Midland, Michigan operated by Dow Silicones Corporation ("DSC").

The complaint alleges, *inter alia*, that DSC has violated the following laws: (1) The Clean Air Act ("CAA"), by failing to implement a facility-wide leak detection and repair program, and failing to control emissions of hazardous air pollutants and volatile organic compounds; (2) the Comprehensive Environmental Response, Compensation, and Liability Act ("CERCLA"), and the Emergency Planning and Community Right-To-Know Act ("EPCRA"), by failing to report releases of hazardous substances in a timely manner; (3) the Resource Conservation and Recovery Act ("RCRA"), by failing to characterize hazardous waste properly, and by failing to inspect and maintain hazardous waste secondary containment areas adequately; and (4) the Clean Water Act ("CWA"), by failing to comply with the terms and conditions of DSC's National Pollutant Discharge Elimination System permit.

The consent decree requires, *inter alia*, that DSC: (1) Address CAA violations by implementing a facility-wide leak detection and repair program and a CAA compliance plan to remedy violations of the national emissions standards for hazardous air pollutants disclosed by DSC; (2) address RCRA violations by identifying and re-characterizing all hazardous waste streams at the facility, and coating all secondary containment systems for the tanks with an impervious liner or monitoring the systems more frequently; (3) address CWA violations by performing hydraulic capacity and pollutant monitoring studies to evaluate deficiencies in current stormwater management and discharge monitoring, and amending its stormwater pollution prevention plan to reflect enhanced monitoring measures; and (4) address EPCRA/CERCLA violations by revising release reporting and training policies and conducting root cause analyses of releases.

The consent decree would also require that DSC pay a civil penalty of \$4.55 million, and perform a package of supplemental environmental projects at an estimated cost of \$1.6 million, including monitoring connectors and upgrading and replacing pumps and agitators, which should reduce volatile organic compound emissions, and performing lead abatement projects to
