SUPPLEMENTARY INFORMATION:

Abstract

The NASA Internship Management System is a comprehensive tool designed to allow student applicants to apply to NASA internship opportunities in a single location. NASA personnel manage the intern selection process and implementation of internship sessions

in a single system. Information from the NASA Internship Management System Student-Level Data collection will be used in accordance with the criteria established by NASA for monitoring research and STEM Engagement projects. This information collection is also necessary to provide NASA STEM Engagement projects with information on participants necessary to determine participant eligibility, selection for activity participation, identify accommodations participants may have, and provide other information necessary for effective activity implementation.

II. Methods of Collection

Online/Web-based.

III. Data

Title: NASA Internship Data Collection Screens: NASA Internship Management System Student-Level Data.

NATIONAL FOUNDATION ON THE ARTS AND THE HUMANITIES

National Endowment for the Arts

60-Day Notice for the “Blanket Justification for Arts Endowment Funding Application Guidelines and Requirements”

AGENCY: National Endowment for the Arts, National Foundation on the Arts and the Humanities.

ACTION: Notice of proposed collection; comment request.

SUMMARY: The National Endowment for the Arts (Arts Endowment), as part of its continuing effort to reduce paperwork and respondent burden, conducts a preclearance consultation program to provide the general public and federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995. This program helps to ensure that requested data is provided in the desired format; reporting burden (time and financial resources) is minimized; collection instruments are clearly understood; and the impact of collection requirements on respondents is properly assessed. Currently, the Arts Endowment is soliciting comments concerning the proposed information collection of: Blanket Justification for Arts Endowment Funding Application Guidelines and Reporting Requirements. A copy of the current information collection request can be obtained by contacting the office listed below in the address section of this notice.

DATES: Written comments must be submitted to the office listed in the address section below within 60 days from the date of this publication in the **Federal Register**. We are particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the

proposed collection of information, including the validity of the methodology and assumptions used;

- Enhance the quality, utility, and clarity of the information to be collected; and

- Can help the agency minimize the burden of the collection of information on those who are to respond, including through the electronic submission of responses.

ADDRESSES: Email comments to Jillian Miller, Director, Office of Guidelines and Panel Operations, National Endowment for the Arts, at millerj@arts.gov.

Dated: June 26, 2019.

NUCLEAR REGULATORY COMMISSION

[NRC–2019–0119]

Methodology for Modeling Fire Growth and Suppression for Electrical Cabinet Fires in Nuclear Power Plants

AGENCY: Nuclear Regulatory Commission.

ACTION: Draft NUREG; request for comment.

SUMMARY: The U.S. Nuclear Regulatory Commission (NRC) is issuing for public comment a draft NUREG entitled, “Methodology for Modeling Fire Growth and Suppression for Electrical Cabinet Fires in Nuclear Power Plants” (NUREG–2230/EPRI 3002016051). This report is a joint product of the NRC and the Electric Power Research Institute (EPRI) collaborating under a memorandum of understanding for fire research. The purpose of this report is to provide an approach that more closely models the types of fire progressions and response activities observed in operating experience. This report provides a revised set of parameters addressing both the fire growth portion and the suppression response for electrical cabinet fires.

DATES: Submit comments by July 31, 2019. Comments received after this date will be considered if it is practical to do so, but the Commission is able to ensure consideration only for comments received before this date.

ADDRESSES: You may submit comments by any of the following methods:
