DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP19-19-000]

Magnolia LNG, LLC; Notice of Schedule for Environmental Review of the Magnolia LNG Production Capacity Amendment

On November 19, 2018, Magnolia LNG, LLC (Magnolia LNG), filed an application in Docket No. CP19-19-000 requesting an authorization pursuant to Section 3(a) of the Natural Gas Act to amend the authorization granted by the Federal Energy Regulatory Commission (FERC or Commission) on April 15, 2016, in Docket No. CP14-347-000. The proposed project is known as the Magnolia LNG Production Capacity Amendment, and would increase the total production capacity of Magnolia LNG's liquefaction project from the currently authorized 8 million tons per annum (MTPA) to 8.8 MTPA, or 1.4 billion cubic feet per day. Magnolia LNG states that the increased LNG production capacity would be realized through the optimization of its final design and would not require any increase in the authorized feed gas rates. Magnolia LNG's approved terminal site is in Lake Charles, Calcasieu Parish, Louisiana, and no new facilities are proposed.

On December 6, 2018, the Commission issued its Notice of Application for the project. Among other things, that notice alerted agencies issuing federal authorizations of the requirement to complete all necessary reviews and to reach a final decision on a request for a federal authorization

within 90 days of the date of issuance of the Commission staff's final environmental document for the project. Subsequent to the issuance of the Notice of Application, staff determined that a supplemental environmental impact statement (EIS) would be necessary for the amended project. This instant notice identifies the FERC staff's planned schedule for completion of the supplemental final EIS, which is based on issuance of the supplemental draft EIS in September 2019.

Schedule for Environmental Review

Notice of Availability of the supplemental final—EIS January 24, 2020
90-day Federal Authorization Decision Deadline—April 23, 2020

If a schedule change becomes necessary for the final supplemental EIS, additional notice will be provided so that the relevant agencies are kept informed of the project's progress.

Background

On June 7, 2019, the Commission issued a *Notice of Intent to Prepare a Supplemental Environmental Impact Statement for the Proposed Magnolia LNG Production Capacity Amendment and Request for Comments on Environmental Issues* (NOI). The NOI was sent to affected landowners; federal, state, and local government agencies; elected officials; environmental and public interest groups; Native American tribes; other interested parties; and local libraries and newspapers. All substantive comments received will be addressed in the supplemental EIS.

Additional Information

In order to receive notification of the issuance of the supplemental EIS and to keep track of all formal issuances and submittals in specific dockets, the Commission offers a free service called eSubscription. This can reduce the amount of time you spend researching proceedings by automatically providing you with notification of these filings, document summaries, and direct links to the documents. Go to www.ferc.gov/docs-filing/esubscription.asp.

Additional information about the project is available from the Commission's Office of External Affairs at (866) 208-FERC or on the FERC website (www.ferc.gov). Using the "eLibrary" link, select "General Search" from the eLibrary menu, enter the selected date range and "Docket Number" excluding the last three digits (*i.e.*, CP19-19), and follow the instructions. For assistance with access to eLibrary, the helpline can be reached at (866) 208-3676, TTY (202) 502-8659,

or at FERCOnlineSupport@ferc.gov. The eLibrary link on the FERC website also provides access to the texts of formal documents issued by the Commission, such as orders, notices, and rule makings.

Kimberly D. Bose,
Secretary.

BILLING CODE 6717-01-P

ENVIRONMENTAL PROTECTION AGENCY

[EPA-HQ-OAR-2004-0060; FRL-9995-65-OAR]

Proposed Information Collection Request; Comment Request; Certification and Compliance Requirements for Nonroad Spark-Ignition Engines (Renewal), ICR 1695.11, OMB 2060-0338

AGENCY: Environmental Protection Agency.

ACTION: Notice.

SUMMARY: The Environmental Protection Agency (EPA) is planning to submit an information collection request (ICR), "Certification and Compliance Requirements for Nonroad Spark-Ignition Engines (Renewal)", ICR 1695.11, OMB 2060-0338 to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act. Before doing so, EPA is soliciting public comments on specific aspects of the proposed information collection request as described below. This notice is a proposed extension of the Nonroad Spark-Ignition Engines ICR, which is currently approved through October 31, 2019. An Agency may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.

DATES: Comments must be submitted on or before September 3, 2019.

ADDRESSES: Submit your comments, referencing the Docket ID No. EPA-HQ-OAR-2004-0060, to the EPA: Online using www.regulations.gov (our preferred method), or by mail to: EPA Docket Center, Environmental Protection Agency, Mail Code 28221T, 1200 Pennsylvania Ave. NW, Washington, DC 20460.

EPA's policy is that all comments received will be included in the public docket without change including any personal information provided, unless the comment includes profanity, threats, information claimed to be Confidential
