

domestic interested party group response to its notice of institution (84 FR 2252, February 6, 2019) of the subject five-year review was adequate and that the respondent interested party group response was inadequate. The Commission did not find any other circumstances that would warrant conducting a full review.¹ Accordingly, the Commission determined that it would conduct an expedited review pursuant to section 751(c)(3) of the Tariff Act of 1930 (19 U.S.C. 1675(c)(3)).

For further information concerning the conduct of this review and rules of general application, consult the Commission's Rules of Practice and Procedure, part 201, subparts A and B (19 CFR part 201), and part 207, subparts A, D, E, and F (19 CFR part 207).

Staff report.—A staff report containing information concerning the subject matter of the review will be placed in the nonpublic record on July 9, 2019, and made available to persons on the Administrative Protective Order service list for this review. A public version will be issued thereafter, pursuant to section 207.62(d)(4) of the Commission's rules.

Written submissions.—As provided in section 207.62(d) of the Commission's rules, interested parties that are parties to the review and that have provided individually adequate responses to the notice of institution,² and any party other than an interested party to the review may file written comments with the Secretary on what determination the Commission should reach in the review. Comments are due on or before July 15, 2019 and may not contain new factual information. Any person that is neither a party to the five-year review nor an interested party may submit a brief written statement (which shall not contain any new factual information) pertinent to the review by July 15, 2019. However, should the Department of Commerce ("Commerce") extend the time limit for its completion of the final results of its review, the deadline for comments (which may not contain new factual information) on Commerce's final results is three business days after the issuance of Commerce's results. If comments contain business proprietary information (BPI), they must conform

with the requirements of sections 201.6, 207.3, and 207.7 of the Commission's rules. The Commission's rules with respect to filing were revised effective July 25, 2014. See 79 FR 35920 (June 25, 2014), and the revised Commission Handbook on E-filing, available from the Commission's website at <https://edis.usitc.gov>.

In accordance with sections 201.16(c) and 207.3 of the rules, each document filed by a party to the review must be served on all other parties to the review (as identified by either the public or BPI service list), and a certificate of service must be timely filed. The Secretary will not accept a document for filing without a certificate of service.

Determination.—The Commission has determined these reviews are extraordinarily complicated and therefore has determined to exercise its authority to extend the review period by up to 90 days pursuant to 19 U.S.C. 1675(c)(5)(B).

Authority: This review is being conducted under authority of title VII of the Tariff Act of 1930; this notice is published pursuant to section 207.62 of the Commission's rules.

INTERNATIONAL TRADE COMMISSION

[Investigation No. 337-TA-1107]

Certain LED Lighting Devices and Components Thereof; Commission Determination To Review-in-Part an Initial Determination Granting Complainant's Motion for Summary Determination on Violation by Defaulting Respondents; and, on Review, To Find a Violation of Section 337; Request for Written Submissions on Remedy, Bonding, and the Public Interest

AGENCY: U.S. International Trade Commission.

ACTION: Notice.

SUMMARY: Notice is hereby given that the U.S. International Trade Commission has determined to review-in-part an initial determination ("ID") (Order No. 21) of the presiding administrative law judge ("ALJ") granting summary determination on violation of section 337 of the Tariff Act of 1930, as amended, ("section 337") by certain defaulting respondents. On review, the Commission has determined

to find a violation of section 337. The Commission is requesting written submission on remedy, bonding, and the public interest.

Hearing-impaired persons are advised that information on this matter can be obtained by contacting the Commission's TDD terminal on (202) 205-1810.

SUPPLEMENTARY INFORMATION: The Commission instituted this investigation on April 10, 2018, based on a complaint filed on behalf of Fraen Corporation ("Fraen") of Reading, Massachusetts. 83 FR 15399-15400 (Apr. 10, 2018). The complaint alleges violations of section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337, in the importation into the United States, the sale for importation, or the sale within the United States after importation of certain LED lighting devices and components thereof by reason of infringement of one or more claims of U.S. Patent No. 9,411,083 ("the '083 patent") and U.S. Patent No. 9,772,499 ("the '499 patent"). *Id.* The complaint further alleges that a domestic industry exists. *Id.* The Commission's notice of investigation named as respondents Chauvet & Sons, LLC of Sunrise, Florida; ADJ Products, LLC of Los Angeles, California; Elation Lighting, Inc. of Los Angeles, California; Golden Sea Professional Equipment Co., Ltd. of Guangdong, China; Artfox USA, Inc. of City of Industry, California; Artfox Electronics Co., Ltd. of Guangdong, China; Guangzhou Chaoyi Light Co., Ltd. d/b/a Fine Art Lighting Co., Ltd. of Guangdong, China; Guangzhou Xuanyi Lighting Co., Ltd. d/b/a XY E-Shine of Guangdong, China; Guangzhou Flystar Lighting Technology Co., Ltd. of Guangdong, China; and Wuxi Changsheng Special Lighting Apparatus Factory d/b/a Roccer of Jiangsu, China. *Id.* The Office of Unfair Import

Investigations (“OUII”) is also participating in the investigation. *Id.*

On June 13, 2018, the ALJ issued an initial determination terminating Chauvet & Sons, LLC from the investigation on the basis of a license agreement. Order No. 14 at 1 (June 13, 2018), *unreviewed*, Notice (July 9, 2018).

On July 12, 2018, the ALJ issued an initial determination terminating ADJ Products, LLC and Elation Lighting, Inc. from the investigation on the basis of a license agreement. Order No. 17 at 1 (July 12, 2018), *unreviewed*, Notice (Aug. 8, 2018). In the same initial determination, the ALJ terminated Golden Sea Professional Equipment Co., Ltd. from the investigation based on the provisions of 19 CFR 210.21(a). *Id.*

On July 20, 2018, the ALJ issued an initial determination terminating Artfox USA, Inc. from the investigation on the basis of a license agreement. Order No. 18 at 1 (July 20, 2018), *unreviewed*, Notice (Aug. 14, 2018). In the same initial determination, the ALJ terminated Artfox Electronics Co., Ltd. from the investigation based on the provision of 19 CFR 210.21(a). *Id.*

On August 28, 2018, the ALJ issued an initial determination finding the remaining respondents in default for failure to respond to the complaint, notice of investigation, and her order to show cause. Order No. 20 at 2 (Aug. 28, 2018), *unreviewed*, Notice (Sep. 17, 2018).

On September 14, 2018, Fraen moved for summary determination of violation of section 337 by the defaulting respondents. In addition, Fraen requested a recommended determination for the Commission to issue a general exclusion order and set a bond in the amount of 100 percent of entered value. On September 28, 2018, OUII filed a response in support of Fraen’s motion and requested remedy.

On May 16, 2019, the ALJ issued the subject ID granting Fraen’s motion for summary determination of violation of section 337 by the defaulting respondents. Specifically, the ALJ found, *inter alia*, that Fraen established infringement of claim 1 of the ’083 patent and claim 1 of the ’499 patent; that Fraen established that the importation requirement is satisfied as to each defaulting respondent and each accused product; and that Fraen satisfied both the technical and economic prongs of the domestic industry requirement. The ALJ’s ID also included her recommendation that the Commission issue a general exclusion order and impose a 100 percent bond during the period of presidential review.

No petitions for review were filed.

Having examined the record of this investigation, the Commission has determined to review the ID in part. Specifically, the Commission has determined to review the ID’s findings that Fraen satisfies the economic prong of the domestic industry requirement under section 337(a)(3)(A) and (C). On review, the Commission has determined to take no position on those issues.

The Commission has further determined not to review the remainder of the ID, including the ID’s findings that Fraen has established infringement of claim 1 of the ’083 patent and claim 1 of the ’499 patent; that Fraen established that the importation requirement is satisfied as to each defaulting respondent and each accused product; that Fraen satisfied the technical prong of the domestic industry requirement; and that Fraen satisfied the economic prong of the domestic industry requirement under section 337(a)(3)(B). Accordingly, the Commission has determined to affirm with modifications the ID’s finding of violation of section 337.

In connection with the final disposition of this investigation, the Commission may issue an order that could result in the exclusion of the subject articles from entry into the United States. Accordingly, the Commission is interested in receiving written submissions that address the form of remedy, if any, that should be ordered. If a party seeks exclusion of an article from entry into the United States for purposes other than entry for consumption, the party should so indicate and provide information establishing that activities involving other types of entry either are adversely affecting it or likely to do so. For background, see *Certain Devices for Connecting Computers via Telephone Lines*, Inv. No. 337–TA–360, USITC Pub. No. 2843, Comm’n Op. at 7–10 (Dec. 1994).

If the Commission contemplates some form of remedy, it must consider the effects of that remedy upon the public interest. The factors the Commission will consider include the effect that an exclusion order and/or cease and desist orders would have on (1) the public health and welfare, (2) competitive conditions in the U.S. economy, (3) U.S. production of articles that are like or directly competitive with those that are subject to investigation, and (4) U.S. consumers. The Commission is therefore interested in receiving written submissions that address the aforementioned public interest factors in the context of this investigation.

If the Commission orders some form of remedy, the U.S. Trade

Representative, as delegated by the President, has 60 days to approve or disapprove the Commission’s action. See Presidential Memorandum of July 21, 2005, 70 FR 43251 (July 26, 2005). During this period, the subject articles would be entitled to enter the United States under bond, in an amount determined by the Commission and prescribed by the Secretary of the Treasury. The Commission is therefore interested in receiving submissions concerning the amount of the bond that should be imposed if a remedy is ordered.

Written Submissions: Parties to the investigation, interested government agencies, and any other interested parties are encouraged to file written submissions on the issues of remedy, the public interest, and bonding. Such submissions should address the recommended determination by the ALJ on remedy and bonding.

Complainant and OUII are also requested to submit proposed remedial orders for the Commission’s consideration. Complainant is also requested to state the date that the patents expire, the HTSUS numbers under which the accused products are imported, and to supply the names of known importers of the products at issue in this investigation. The written submissions and proposed remedial orders must be filed no later than close of business on July 15, 2019. Reply submissions must be filed no later than the close of business on July 22, 2019. No further submissions on these issues will be permitted unless otherwise ordered by the Commission.

Persons filing written submissions must file the original document electronically on or before the deadlines stated above and submit eight true paper copies to the Office of the Secretary pursuant to Section 210.4(f) of the Commission’s Rules of Practice and Procedure (19 CFR 210.4(f)). Submissions should refer to the investigation number (“Inv. No. 337–TA–1107”) in a prominent place on the cover page and/or the first page. (See Handbook on Filing Procedures, https://www.usitc.gov/documents/handbook_on_filing_procedures.pdf). Persons with questions regarding filing should contact the Secretary at (202) 205–2000.

Any person desiring to submit a document to the Commission in confidence must request confidential treatment unless the information has already been granted such treatment during the proceedings. All such requests should be directed to the Secretary of the Commission and must include a full statement of the reasons why the Commission should grant such

treatment. See 19 CFR 210.6. Documents for which confidential treatment by the Commission is sought will be treated accordingly. A redacted non-confidential version of the document must also be filed simultaneously with any confidential filing. All information, including confidential business information and documents for which confidential treatment is properly sought, submitted to the Commission for purposes of this Investigation may be disclosed to and used: (i) By the Commission, its employees and Offices, and contract personnel (a) for developing or maintaining the records of this or a related proceeding, or (b) in internal investigations, audits, reviews, and evaluations relating to the programs, personnel, and operations of the Commission including under 5 U.S.C. Appendix 3; or (ii) by U.S. government employees and contract personnel,¹ solely for cybersecurity purposes. All non-confidential written submissions will be available for public inspection at the Office of the Secretary and on EDIS.

The authority for the Commission's determination is contained in section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337, and in Part 210 of the Commission's Rules of Practice and Procedure, 19 CFR part 210.

By order of the Commission.

Issued: June 28, 2019.

Secretary to the Commission.
