### Federal Highway Administration

#### Environmental Impact Statement: Mid-States Corridor, Southern Indiana

**AGENCY:** Federal Highway Administration (FHWA), DOT.

**ACTION:** Notice of intent.

**SUMMARY:** The Federal Highway Administration (FHWA) is issuing this notice to advise the public that an

Environmental Impact Statement (EIS) will be prepared for the proposed Mid-States Corridor in Southern Indiana.

**FOR FURTHER INFORMATION CONTACT:**

Michelle Allen, Environmental Specialist, Federal Highway Administration, Federal Building, Room 254, 575 North Pennsylvania Street, Indianapolis, Indiana 46204, Telephone (317) 226-7344, or Laura Hilden, Director of Environmental Services, Indiana Department of Transportation, 100 N Senate Avenue, Room N642, Indianapolis, Indiana 46204, Telephone (317) 232-5018.

**SUPPLEMENTARY INFORMATION:** The FHWA in cooperation with the Indiana Department of Transportation (INDOT) and the Mid-States Corridor Regional Development Authority (RDA) will prepare a Tier 1 EIS on proposed highway corridors to improve access to Southern Indiana population, manufacturing, and multimodal centers (e.g., river barge and rail connections).

The southern terminus of the proposed action will be US 231 at the Indiana end of the Natcher Bridge crossing of the Ohio River near Rockport. The northern terminus will be at either I-69 or SR 37 at a location south of the intersection of these two routes in Monroe County, Indiana.

The Tier 1 EIS for this proposed action will be to resolve “big picture” planning issues such as “build” vs. “no-build”; facility type; preferred corridor; and logical termini for “projects of independent utility” within the preferred corridor. This proposed action is intended to strengthen the highway network in Southern Indiana by providing improved linkages among the existing highway routes in the region and by providing more direct connections among the region’s major population and economic centers.
