## OVERSEAS PRIVATE INVESTMENT CORPORATION

[DFC-011]

### Submission for OMB Review; Comments Request

**AGENCY:** Overseas Private Investment Corporation (OPIC), US International Development Finance Corporation (DFC).

**ACTION:** Notice of information collection; request for comment.

**SUMMARY:** Under the provisions of the Paperwork Reduction Act, agencies are required to publish a Notice in the **Federal Register** notifying the public that the agency is creating a new information collection for OMB review and approval and requests public review and comment on the submission. As part of a Federal Government-wide effort to streamline the process to seek feedback from the public on service delivery, the agencies are seeking a Generic Clearance for the Collection of Qualitative Feedback on Agency Service Delivery. Comments are being solicited on the need for the information; the accuracy of the burden estimate; the quality, practical utility, and clarity of the information to be collected; and ways to minimize reporting the burden, including automated collected techniques and uses of other forms of technology.

**DATES:** DFC intends to begin use of the generic clearance no earlier than October 1, 2019. Comments must be received by September 5, 2019.

**ADDRESSES:** Comments and requests for copies of the subject information collections may be sent by any of the following methods:

- **Mail:** Catherine F.I. Andrade, Agency Submitting Officer, Overseas Private Investment Corporation, 1100 New York Avenue NW, Washington, DC 20527.

- **Email:** [fedreg@opic.gov](mailto:fedreg@opic.gov).

**Instructions:** All submissions received must include the agency name and agency form number or OMB form number for the referenced information collection(s). Electronic submissions must include the full agency form number(s) in the subject line to ensure

proper routing. Please note that all written comments received in response to this notice will be considered public records.

**FOR FURTHER INFORMATION CONTACT:** Agency Submitting Officer: Catherine F.I. Andrade, (202) 336-8768.

Section 1465(a) of the Act tasks OPIC staff with assisting DFC in the transition. Section 1466(a)-(b) provides that all completed administrative actions and all pending proceedings shall continue through the transition to the DFC. Accordingly, OPIC is issuing this Paperwork Reduction Act notice and request for comments on behalf of the DFC.

### Summary Forms Under Review

**Title of Collection:** Generic Clearance for the Collection of Qualitative Feedback on Agency Service Delivery.

**Type of Review:** New information collection.

**Agency Form Number:** DFC-011.

**OMB Form Number:** Not assigned, new information collection.

**Frequency:** Once.

**Total Estimated Number of Annual Number of Respondents:** 200.

**Estimated Time per Respondent:** 0.1 to 1 hours.

**Total Estimated Number of Annual Burden Hours:** 100 hours.

**Abstract:** The information collection activity under this clearance will garner qualitative customer and stakeholder feedback in an efficient, timely manner. By qualitative feedback the agency means information that provides useful insights on perceptions and opinions, but are not statistical surveys that yield quantitative results that can be generalized to the population of study. This feedback will provide insights into customer or stakeholder perceptions, experiences and expectations, provide an early warning of issues with service, or focus attention on areas where communication, training or changes in operations might improve delivery of products or services. These collections will allow for ongoing, collaborative and actionable communications between the

agency and its customers and stakeholders. It will also allow feedback to contribute directly to the improvement of program management.

Feedback collected under this generic clearance will provide useful information, but it will not yield data that can be generalized to the overall population. This type of generic clearance for qualitative information will not be used for quantitative information collections that are designed to yield reliably actionable results, such as monitoring trends over time or documenting program performance. Such data uses require more rigorous designs.

Dated: July 1, 2019.

## SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-86234; File No. SR-C2-2019-017]

### Self-Regulatory Organizations; Cboe C2 Exchange, Inc.; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change To Amend the Trigger for Its Opening Rotation Process for Equity Options

June 28, 2019.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”),<sup>1</sup> and Rule 19b-4 thereunder,<sup>2</sup> notice is hereby given that on June 24, 2019, Cboe C2 Exchange, Inc. (the “Exchange” or “C2”) filed with the Securities and Exchange Commission (the “Commission”) the proposed rule change as described in Items I, and II below, which Items have been prepared by the Exchange. The Exchange filed the proposal as a “non-controversial” proposed rule change pursuant to Section 19(b)(3)(A)(iii) of the Act<sup>3</sup> and Rule 19b-4(f)(6) thereunder.<sup>4</sup> The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

#### I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

Cboe C2 Exchange, Inc. (the “Exchange” or “C2”) proposes to amend the trigger for its opening rotation process for equity options.

The text of the proposed rule change is also available on the Exchange’s website ([http://markets.cboe.com/us/options/regulation/rule\\_filings/ctwo/](http://markets.cboe.com/us/options/regulation/rule_filings/ctwo/)), at the Exchange’s Office of the Secretary, and at the Commission’s Public Reference Room.

#### II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

##### A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

###### 1. Purpose

On April 24, 2019, the Exchange filed a rule filing, SR-C2-2019-009, which, among other things, amended its opening auction process.<sup>5</sup> Specifically, the filing amended the events that will trigger the opening rotation for equity options pursuant to Rule 6.11(d). As of June 17, 2019, Rule 6.11(d) provides that after a time period (which the Exchange determines for all classes) following the System’s observation after 9:30 a.m. of the first disseminated transaction price for the security underlying an equity the System will initiate the opening rotation for the series in that class.<sup>6</sup>

Prior to June 17, 2019, the System would initiate its opening rotation for a series following the first transaction in the security underlying an equity option

<sup>5</sup> See Securities Exchange Act Release No. 85788 (May 6, 2019), 84 FR 20673 (May 10, 2019) (Notice of Filing and Immediate Effectiveness of a Proposed Rule Change To Amend the Exchange’s Opening Process and Add a Global Trading Hours Session for DJX Options) (SR-C2-2019-009). The rule filing was part of Feature Pack 7, implemented on June 17, 2019, in connection with the migration of Cboe Exchange, Inc. (“Cboe Options”) technology to the same trading platform used by the Exchange, Cboe EDGX Exchange, Inc. (“EDGX Options”), and Cboe BZX Exchange, Inc. (“BZX Options”) in the fourth quarter of 2019.

<sup>6</sup> The Exchange circulated an Exchange notice in advance of the implementation of the rule changes pursuant to SR-C2-2019-009 describing such rule changes. See Exchange Notice No. C2019050201 (May 2, 2019). The Exchange also circulated an Exchange notice as a reminder of the upcoming rule changes under SR-C2-2019-009. See Exchange Notice No. C2019061200 (June 12, 2019).

disseminated by the primary market after 9:30. The Exchange now seeks to amend the opening rotation trigger for equity options to revert back to the trigger used prior to the implementation of SR-C2-2019-009. The Exchange understands its opening rotation trigger event is not consistent with general practice in the industry, which is to trigger an opening rotation based on disseminated transactions from the primary market rather than any market. The Exchange notes that the proposed change to reflect the prior opening trigger event is the same as the rule language that existed before the SR-C2-2019-009 amendments, previously filed with the Commission, modified only to conform to other rule text under Rule 6.11(d) amended by SR-C2-2019-009 that the Exchange does not intend to alter.

###### 2. Statutory Basis

The Exchange believes the proposed rule change is consistent with the Securities Exchange Act of 1934 (the “Act”) and the rules and regulations thereunder applicable to the Exchange and, in particular, the requirements of Section 6(b) of the Act.<sup>7</sup> Specifically, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)<sup>8</sup> requirements that the rules of an exchange be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. Additionally, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)<sup>9</sup> requirement that the rules of an exchange not be designed to permit unfair discrimination between customers, issuers, brokers, or dealers.

The Exchange believes that the proposed rule change will serve to remove impediments to and perfect the mechanism of a free and open market and national market system because it will realign the trigger for its opening rotation for equity options with the trigger used by most other options exchanges.<sup>10</sup> The proposed change will
