

continuing obligation to file FERC Form Nos. 3–Q and 2–A covering Clear Creek’s activities in the months of January and February 2019 immediately before its combination into Spire Storage.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission’s Rules of Practice and Procedure (18 CFR 385.211, 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. Such notices, motions, or protests must be filed on or before the comment date. Anyone filing a motion to intervene or protest must serve a copy of that document on the Applicant.

The Commission encourages electronic submission of protests and interventions in lieu of paper using the eFiling link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 5 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426.

This filing is accessible on-line at <http://www.ferc.gov>, using the eLibrary link and is available for review in the Commission’s Public Reference Room in Washington, DC. There is an eSubscription link on the website that enables subscribers to receive email notification when a document is added to a subscribed docket(s). GENERAL SERVICES ADMINISTRATION

[Notice QDC–2019–01; Docket No. 2019–0002; Sequence No. 18]

Unique Entity ID Standard for Awards Management

AGENCY: Office of Systems Management, Integrated Award Environment, General Services Administration (GSA).

ACTION: Notice; announcement of public meeting.

SUMMARY: Notice of this new Unique Entity ID for Federal awards

management includes the final technical specification for the identifier standard. IAE is hosting a meeting to provide information on the new Unique Entity ID standard. The meeting is open to current and potential federal awardees (contracts, grants, loan recipients, etc.) and the public.

DATES: The Unique Entity ID standard is considered final on July 10, 2019.

Meeting date: The meeting will be held on Thursday, July 25, 2019, starting at 1 p.m. Eastern Standard Time (EST), and ending no later than 2 p.m., EST.

ADDRESSES: The meeting will be held virtually. Interested individuals must register to attend as instructed below under **SUPPLEMENTARY INFORMATION**. Once registered, participants will receive the meeting information. Further information on the unique entity ID may be found online on the following website: gsa.gov/entityid.

FOR FURTHER INFORMATION CONTACT: Ms. Nancy Goode, Program Manager, IAE Outreach and Stakeholder Engagement Division. More information can be found at gsa.gov/entityid. Questions related to government implementation can be directed to entityvalidation@gsa.gov. All media questions should be directed to the GSA Media Affairs at press@gsa.gov.

SUPPLEMENTARY INFORMATION:

Background

Currently, the System for Award Management (*SAM.gov*) utilizes the Dun & Bradstreet (D&B) Data Universal Numbering System (DUNS)® nine-digit number as the unique identifier for entities throughout the federal awarding lifecycle, in *SAM.gov*, in other Integrated Award Environment (IAE) systems, on required forms, and in downstream government systems.

In 2016, the government revised both the Federal Acquisition Regulation (FAR) and Title 2 of the Code of Federal Regulations (2CFR) to remove any proprietary references to D&B and the DUNS® number as the unique entity identifier. This allowed the government to decouple the required unique identifier from the supporting entity validation services.

As such, the U.S. government is moving to a new unique entity identifier for federal awards management, including, but not limited to, contracts, grants, and cooperative agreements, which will ultimately become the primary key to identify entities throughout the federal awarding lifecycle, in *SAM.gov*, other IAE systems, on required forms, and in downstream government systems. The

DUNS® will be phased out as the entity identifier for entity record within SAM.

Through December 2020, IAE systems will be transitioning from the DUNS® to a SAM-generated Unique Entity ID (UEI). The standard for the new UEI was developed by an interagency working group. This new entity identifier will be the authoritative identifier once the transition is complete.

More information can be found at gsa.gov/entityid. Questions related to government implementation can be directed to entityvalidation@gsa.gov. All media questions should be directed to the GSA Media Affairs at press@gsa.gov.

Public Meeting

The public meeting will be conducted virtually where information on the awards management Unique Entity ID standard will be presented.

Procedures for Attendance

To register for the meeting please email entityvalidation@gsa.gov and the meeting information will be sent to you.

Judith Zawatsky,

Assistant Commissioner, Office of Systems Management, General Services Administration.

[CDC-2017-0028; Docket Number NIOSH-290]

Technical Report: The NIOSH Occupational Exposure Banding Process for Chemical Risk Management

AGENCY: National Institute for Occupational Safety and Health (NIOSH) of the Centers for Disease Control and Prevention (CDC), Department of Health and Human Services (HHS).

ACTION: Notice of availability.

SUMMARY: NIOSH announces the availability of *Technical Report: The NIOSH Occupational Exposure Banding Process for Chemical Risk Management*.

DATES: The final document was published on July 3, 2019 on the CDC website.

ADDRESSES: The document may be obtained at the following link: <https://www.cdc.gov/niosh/docs/2019-132/>.

FOR FURTHER INFORMATION CONTACT: Thomas J. Lentz (TLentz@cdc.gov),

National Institute for Occupational Safety and Health, Centers for Disease Control and Prevention, 1090 Tusculum Ave, MS C-32, Cincinnati, OH 45226, phone (513) 533-8260 (not a toll free number).

SUPPLEMENTARY INFORMATION: On March 15, 2017, NIOSH published a request for public review in the **Federal Register** [82 FR 13809] of the draft version of the document *Draft Current Intelligence Bulletin: The Occupational Exposure Banding Process: Guidance for the Evaluation of Chemical Hazards*. NIOSH received comments from a range of respondents including academia, government agencies, industry, and other interested parties. All comments received were reviewed and addressed where appropriate. On the basis of comments received, NIOSH provided clarification in the final document to indicate that the guidance for occupational exposure banding describes a voluntary, consistent, and documented process with a decision logic to characterize chemical hazards so that timely, well-informed risk management decisions can be made for chemical substances that lack occupational exposure limits. Additional comments pertaining to usability, clarity of the guidance, and validation were addressed throughout the document and in specifying future research needs. NIOSH Responses to Peer Review and Public Comments documents can be found in the Supporting Documents section on www.regulations.gov for this docket.

[Docket No. CDC-2019-0029; NIOSH-327]

Mesothelioma Registry Feasibility; Request for Information; Extension of Comment Period

AGENCY: Centers for Disease Control and Prevention, HHS.

ACTION: Extension of comment period.

SUMMARY: On April 8, 2019, the National Institute for Occupational Safety and Health (NIOSH), within the Centers for Disease Control and Prevention (CDC), opened a docket to obtain information

on the feasibility of a registry designed to track mesothelioma cases in the United States, as well as recommendations on enrollment, data collection, confidentiality, and registry maintenance. The purpose of such a registry would be to collect information that could be used to develop and improve standards of care and to identify gaps in mesothelioma prevention and treatment. Comments were to be received by July 8, 2019. NIOSH is extending the comment period to close on August 7, 2019, to allow stakeholders and other interested parties sufficient time to respond.

DATES: The comment period for the document published on April 8, 2019 (84 FR 13928), is extended. Comments must be received by August 7, 2019.

ADDRESSES: Comments may be submitted electronically, through the Federal eRulemaking Portal: <http://www.regulations.gov>, or by sending a hard copy to the NIOSH Docket Office, Robert A. Taft Laboratories, MS-C34, 1090 Tusculum Avenue, Cincinnati, OH 45226. All written submissions received must include the agency name (Centers for Disease Control and Prevention, HHS) and docket number (CDC-2019-0029; NIOSH-327) for this action. All relevant comments, including any personal information provided, will be posted without change to <http://www.regulations.gov>.

FOR FURTHER INFORMATION CONTACT:

Rachel Weiss, Program Analyst, 1090 Tusculum Avenue, MS: C-48, Cincinnati, OH 45226; telephone (855) 818-1629 (this is a toll-free number); email NIOSHregs@cdc.gov.

SUPPLEMENTARY INFORMATION: NIOSH published a request for information in the **Federal Register** on April 8, 2019 (84 FR 13928), regarding the feasibility of a national mesothelioma registry. On June 28, 2019, NIOSH received a request to allow additional time for public comments. This notice announces the extension of the comment period until August 7, 2019.
