SUPPLEMENTARY INFORMATION:

Background

On July 22, 2013, Commerce initiated an antidumping duty investigation under section 732 of the Tariff Act of 1930, as amended (the Act) to determine whether imports of OCTG from Ukraine are being, or are likely to be, sold in the United States at less than fair value (LTFV).¹ On August 16, 2013, the U.S. International Trade Commission (ITC) notified Commerce of its affirmative preliminary injury determination in this case.² On February 14, 2014, Commerce preliminarily determined that OCTG is being, or is likely to be, sold in the United States at LTFV, as provided in section 733 of the Act. On this same date, Commerce also preliminarily determined that there is not a reasonable basis to believe or suspect that critical circumstances exist with respect to OCTG from Ukraine and postponed the final determination in this investigation until no later than July 10, 2014.³

Commerce and Interpipe and North American Interpipe (collectively, Interpipe) signed the Agreement on July 10, 2014, and the Agreement was published on July 18, 2014.⁴ The terms of the Agreement stipulated that the Agreement would terminate on July 10, 2017.

Pursuant to section 734(g) of the Act, the investigation was continued based upon requests by Interpipe and Maverick Tube Corporation; United States Steel Corporation; Boomerang Tube LLC; EnergeX, division of JMC Steel Group; Northwest Pipe Company; Tejas Tubular Products, Inc.; TMK IPSCO; Welded Tube USA, Inc.; Wheatland Tube Company; and Vallourec Star L.P. (collectively, petitioners). Both Commerce's final

determination and the ITC's final injury determination were affirmative.⁵

Following requests by Interpipe, on July 17, 2017, Commerce and Interpipe amended the Agreement to extend its term for one additional year, until July 10, 2018.⁶ On July 5, 2018, at the request of Interpipe, Commerce and Interpipe amended the Agreement to extend the Agreement for one additional year, until July 10, 2019.⁷

On December 7, 2018, Interpipe requested an extension of the Agreement for an additional five years, until July 10, 2024.⁸ On December 18, 2018, Commerce invited interested parties to comment on Interpipe's request.⁹ On February 19, 2019, U.S. petitioning companies Maverick Tube Corporation, United States Steel Corporation, Vallourec Star, L.P., TMK IPSCO, and Welded Tube USA Inc., submitted comments opposing Interpipe's request and asking Commerce to allow the Agreement to terminate as scheduled, and proceed to issue an AD order on July 10, 2019.¹⁰ Interpipe submitted additional comments in support of its request on the same day.¹¹

On June 4, 2019, Commerce initiated and the ITC instituted a five-year sunset review of the OCTG suspended investigation.¹²

Scope of the Order

See Appendix I for a complete description of the scope of the AD order.

Termination of Suspension Agreement

On July 10, 2019, Commerce notified Interpipe of its decision not to extend the Agreement as requested by Interpipe and that the Agreement would terminate pursuant to Section H of the Agreement, which states (in part):

This Agreement shall terminate five years after the effective date of this Agreement, on July 10, 2019. At that time, in the event the antidumping duty investigation with respect to OCTG from Ukraine is continued pursuant to section 734(g) of the Act and results in affirmative determinations, as referenced in sections 735(a)(1) and (b)(1) of the Act, by the Department and the International Trade Commission respectively, the Department shall issue an antidumping duty order and order the suspension of liquidation on entries of OCTG from Ukraine in accordance with section 735(c) of the Act.¹³

Therefore, pursuant to Section H of the Agreement, the Agreement terminates on July 10, 2019.

Rescission of Administrative Review

On September 10, 2018, Commerce initiated an administrative review of the Agreement for the period July 1, 2017 through June 30, 2018.¹⁴ Because the Agreement terminates effective July 10, 2019, there is no longer an agreement of which to conduct an administrative review. Therefore, Commerce is rescinding the administrative review of the Agreement effective on the date of termination of the Agreement, *i.e.*, July 10, 2019.

Antidumping Duty Order

As noted above, the underlying investigation in this proceeding was continued pursuant to section 734(g) of the Act. Commerce made a final affirmative AD determination, and the ITC found material injury.¹⁵ Therefore, in light of the termination of the Agreement and the final affirmative determinations issued by Commerce and ITC, in accordance with section 735(c)(2) of the Act, Commerce is issuing an AD order and will instruct U.S. Customs and Border Protection (CBP) to suspend liquidation of entries of subject merchandise, entered, or withdrawn from warehouse, for consumption on or after July 10, 2019. These suspension-of-liquidation

instructions will remain in effect until further notice.

In accordance with section 736(a)(1) of the Act, Commerce is directing CBP to assess, upon further instruction by Commerce, antidumping duties equal to the amount by which the normal value of the merchandise exceeds the export price (or constructed export price) of the merchandise, for all entries of OCTG from Ukraine subject to the scope of this order in Appendix 1 below.

Commerce also shall instruct CBP to require a cash deposit for each entry equal to the AD estimated weighted-average margin rates found in Commerce's *Amended Final Determination*, as listed below. Accordingly, for entries of subject merchandise entered, or withdrawn from warehouse, for consumption on or after July 10, 2019, CBP will require, at the same time as importers would normally deposit estimated duties on the subject merchandise, a cash deposit equal to the estimated weighted-average dumping margins listed below. Therefore, effective July 10, 2019, CBP shall require a cash deposit equal to the cash deposit rates shown below. The all-others rate applies to all producers and exporters of subject merchandise not specifically listed. The *ad valorem* rates for this antidumping duty order are as follows:

Manufacturer/exporter	Estimated weighted-average margin (percent)
Interpipe Europe S.A.; Interpipe Ukraine LLC; PJSC Interpipe Nizhnedneprovsky Tube Rolling Plant (aka Interpipe NTRP); LLC	
Interpipe Niko Tube	7.47
All Others	7.47

SUPPLEMENTARY INFORMATION:

Background

On November 15, 2018, Commerce published the preliminary affirmative

determination of circumvention of the antidumping duty order on diamond sawblades from China.¹ Commerce exercised its discretion to toll all deadlines affected by the partial federal government closure from December 22, 2018 through the resumption of operations on January 29, 2019.² On April 4, 2019³ and May 31, 2019,⁴ respectively, we extended the deadline of the final determination. The revised deadline for the final determination is July 10, 2019.

We received case and rebuttal briefs with respect to the *Preliminary Determination*. We conducted this anti-circumvention inquiry in accordance with section 781(b) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.225(h).

Scope of the Order

The merchandise subject to the order is diamond sawblades. The diamond sawblades subject to the order are currently classifiable under subheadings 8202 to 8206 of the Harmonized Tariff Schedule of the United States (HTSUS), and may also enter under subheading 6804.21.00. The HTSUS subheadings are provided for convenience and customs purposes. A full description of the scope of the order is contained in the Issues and Decision Memorandum.⁵ The written description is dispositive.

Scope of the Anti-Circumvention Inquiry

The products covered by this anti-circumvention inquiry are diamond sawblades made with Chinese cores and/or Chinese segments joined in Thailand by Diamond Tools and then

subsequently exported from Thailand to the United States.⁶

Methodology

Commerce is conducting this anti-circumvention inquiry in accordance with section 781(b) of the Act and 19 CFR 351.225(h). For a full description of the methodology underlying the Commerce's final determination, see the Issues and Decision Memorandum. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at <http://enforcement.trade.gov/frn/>.

Analysis of Comments Received

All issues raised in the case and rebuttal briefs by parties in this inquiry are addressed in the Issues and Decision Memorandum. A list of the issues raised is attached to this notice as an Appendix. Based on our analysis of the comments received, we made changes to the *Preliminary Determination*.

Final Affirmative Determination

As detailed in the Issues and Decision Memorandum, we determine that diamond sawblades made with Chinese cores and Chinese segments joined in Thailand by Diamond Tools and then subsequently exported from Thailand to the United States are circumventing the antidumping duty order on diamond sawblades from China. Therefore, we determine that it is appropriate to include this merchandise within the scope of the antidumping duty order and to instruct U.S. Customs and Border Protection (CBP) to continue to suspend any entries of diamond sawblades produced in Thailand by Diamond Tools with Chinese cores and Chinese segments and then subsequently exported from Thailand to the United States.

Final Negative Determination

As detailed in the Issues and Decision Memorandum, we determine that diamond sawblades made with Chinese cores and Thai segments or Chinese segments and Thai cores that are joined in Thailand by Diamond Tools and subsequently exported from Thailand to the United States are not circumventing the antidumping duty order on diamond
