Background and Purpose

The Coast Guard Sector San Juan and New Fortress Energy will be hosting

public meetings on July 26, 2019 from 1:00 p.m. to 3:00 p.m., and from 5:00 p.m. to 7 p.m., for the general public to provide comments regarding the proposed adjustment to the current safety zone established under 33 CFR 165.754, “Safety Zone: San Juan Harbor, San Juan, PR”.

On Dec. 12, 2017, the U.S. Coast Guard received a Letter of Intent and Waterway Suitability Assessment from New Fortress Energy to construct and operate the required infrastructure for offloading and transferring liquefied natural gas at the Army Terminal Turning Basin in San Juan, Puerto Rico. After reviewing New Fortress Energy’s request and providing recommendations, on September 26, 2018, the Coast Guard Sector San Juan determined the Port of San Juan is suitable for the proposed operation.

These public meetings will allow attendees to submit comments on the proposed safety zone adjustment. The proposed amendment is intended to address the operation of LNG gas carriers and add the new facility within the San Juan Harbor, San Juan, PR.

We encourage you to participate by submitting comments either verbally at the meeting or in writing. If you bring written comments to the meeting, you may submit them to Coast Guard personnel specified at the meeting to receive written comments. These comments will be submitted to our online public docket. [Docket No. FMCSA-2007-27748]

RIN 2126-AC25

Partial Extension of Compliance Date for Entry-Level Driver Training

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), DOT.

ACTION: Notice of proposed rulemaking; extension of compliance date.

SUMMARY: FMCSA proposes to amend its December 8, 2016, final rule, "Minimum Training Requirements for Entry-Level Commercial Motor Vehicle Operators" (ELDT final rule), by extending the compliance date for two provisions from the rule. The date for training providers to upload entry-level driver training (ELDT) certification information into the Training Provider Registry (TPR) and for State Driver Licensing Agencies (SDLAs) to receive driver-specific ELDT information would be extended from February 7, 2020, to February 7, 2022. This action would provide FMCSA additional time to complete development of the electronic interface that will receive and store ELDT certification information from training

providers and transmit that information to the SDLAs. The proposed extension would also provide SDLAs with sufficient time to modify their information technology (IT) systems and procedures, as necessary, to accommodate their receipt of driver-specific ELDT data from the TPR.

DATES: Comments on this notice must be received on or before August 19, 2019.

ADDRESSES: You may submit comments identified by Docket Number FMCSA-2007-27748 using any of the following methods:
