For Permit Nos. 20610-01 and 21585-01, in compliance with the National Environmental Policy Act of 1969 (42 U.S.C. 4321 *et seq.*), a final determination has been made that the activities proposed are categorically excluded from the requirement to prepare an environmental assessment (EA) or environmental impact statement (EIS).

For Permit Nos. 22289, 22293, and 22298, a determination was made that the activities authorized are consistent with the Preferred Alternative in the Final Programmatic EIS for Steller Sea Lion and Northern Fur Seal Research (NMFS 2007). A supplemental EA (NMFS 2014) was prepared for the addition of unmanned aerial surveys to the suite of Steller sea lion research activities analyzed under the EIS and concluded that issuance of the permits would not have a significant adverse impact on the human environment. An environmental review memo was prepared to summarize these findings.

As required by the ESA, as applicable, issuance of these permit was based on a finding that such permits: (1) Were applied for in good faith; (2) will not operate to the disadvantage of such endangered species; and (3) are consistent with the purposes and policies set forth in Section 2 of the ESA.

Authority: The requested permits have been issued under the Marine Mammal Protection Act of 1972, as amended (16 U.S.C. 1361 *et seq.*), the regulations governing the taking and importing of marine mammals (50 CFR part 216), the Endangered Species Act of 1973, as amended (ESA; 16 U.S.C. 1531 *et seq.*), and the regulations governing the taking, importing, and exporting of endangered and threatened species (50 CFR parts 222-226), as applicable.

Dated: July 15, 2019.

Julia Marie Harrison,
Chief, Permits and Conservation Division,
Office of Protected Resources, National
Marine Fisheries Service.
