Background

Section 9 of the Endangered Species Act (ESA) and Federal regulations prohibit the “taking” of a species listed as endangered or threatened. The term “take” is defined under the ESA to mean harass, harm, pursue, hunt, shoot, wound, kill, trap, capture, or collect, or to attempt to engage in any such conduct. NMFS may make exceptions to the take prohibitions in section 9 of the ESA for programs that are approved by NMFS under section 4(d) of the ESA (50 CFR 223.203(b)).

On Friday, June 28, 2019, NMFS published notice of the availability and opportunity to comment on a draft EA, three PEPDs, and four HGMPs on the proposed hatchery programs that are intended to contribute to the survival and recovery of Snake River Spring/summer Chinook salmon and Snake River steelhead in the Snake River Basin, and enhance fishing opportunity.

NMFS provided notice to advise other agencies and the public of the availability of these documents (84 FR 31049, June 28, 2019) and requested comments be received by July 29, 2019. In response, NMFS received requests from 5 entities for additional time to submit comments on the documents. NMFS has decided to extend the public comment period on the notice of review by 30 days to Wednesday, August 28, 2019, to allow opportunity for the public to review additional information on this project, available on the NMFS West Coast Region website: http://www.westcoast.fisheries.noaa.gov/fisheries/salmon_steelhead/puget_sound_fisheries.html.

SUPPLEMENTARY INFORMATION: Under the PRA, 44 U.S.C. 3501 *et seq.*, Federal

agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. “Collection of Information” is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3 and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA, 44 U.S.C. 3506(c)(2)(A), requires Federal agencies to provide a 60-day notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, the CFTC is publishing notice of the proposed extension of the collection of information listed below. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

Title: Process for a Swap Execution Facility or Designated Contract Market to Make a Swap Available to Trade (OMB Control No. 3038–0099). This is a request for extension of a currently approved information collection.

Abstract: The collection of information is needed to help determine which swaps should be subject to the trade execution requirement under section 2(h)(8) of the Commodity Exchange Act pursuant to Section 723 of the Dodd-Frank Wall Street Reform and Consumer Protection Act. A SEF or DCM that submits a determination that a swap is available to trade must address at least one of several factors to demonstrate that the swap is suitable for trading pursuant to the trade execution requirement. The Commission uses the collection of information to facilitate the application of the trade execution requirement and the requirements associated with methods of execution under parts 37 and 38 of the Commission’s regulations.

With respect to the collection of information, the CFTC invites comments on:

• Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information will have a practical use;

• The accuracy of the Commission’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

• Ways to enhance the quality, usefulness, and clarity of the information to be collected; and

- Ways to minimize the burden of collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques or other forms of information technology; *e.g.*, permitting electronic submission of responses.

All comments must be submitted in English, or if not, accompanied by an English translation. Comments will be posted as received to <http://www.cftc.gov>. You should submit only information that you wish to make available publicly. If you wish the Commission to consider information that you believe is exempt from disclosure under the Freedom of Information Act, a petition for confidential treatment of the exempt information may be submitted according to the procedures established in § 145.9 of the Commission's regulations.¹

The Commission reserves the right, but shall have no obligation, to review, pre-screen, filter, redact, refuse or remove any or all of your submission from <http://www.cftc.gov> that it may deem to be inappropriate for publication, such as obscene language. All submissions that have been redacted or removed that contain comments on the merits of the Information Collection Request will be retained in the public comment file and will be considered as required under the Administrative Procedure Act and other applicable laws, and may be accessible under the Freedom of Information Act.

Burden Statement: Sections 37.10 and 38.12 of the Commission's regulations result in information collection requirements within the meaning of the PRA. This regulation permits a SEF or DCM to submit a determination that a swap is available to trade to the Commission via filing procedures set forth in part 40 of the Commission's regulations. The Commission estimates the burden of reviewing the prescribed factors and data to make a determination for this collection to be 16 hours per response.

Respondents/Affected Entities: SEFs, DCMs.

Estimated Number of Respondents: 5.

Estimated Average Burden Hours per Respondent: 16.

Estimated Total Annual Burden on Respondents: 80 hours.

Frequency of Collection: On occasion.

There are no capital costs or operating and maintenance costs associated with this collection.

Authority: 44 U.S.C. 3501 *et seq.*

Dated: July 17, 2019.

Robert Sidman,

Deputy Secretary of the Commission.

SUPPLEMENTARY INFORMATION:

Title of Collection: Real Estate Settlement Procedures Act (Regulation X) 12 CFR 1024.

OMB Control Number: 3170-0016.

Type of Review: Extension without change of an existing information collection.

Affected Public: Businesses and other for-profit entities.

Estimated Number of Respondents: 12,506.

Estimated Total Annual Burden Hours: 1,087,981.

Abstract: The Real Estate Settlement Procedures Act of 1974 (RESPA), 12 U.S.C. 2601 *et seq.*, requires lenders, mortgage brokers, or servicers of home loans to provide borrowers with pertinent and timely disclosures regarding the nature and costs of the real estate settlement process. The Act also prohibits specific practices, such as kickbacks, and places limitations upon the use of escrow accounts. The purposes of RESPA include, in part, providing consumers with more effective advance disclosure of settlement costs and eliminating certain abusive practices that tend to increase unnecessarily the costs of settlement services.

The Dodd-Frank Wall Street Reform and Consumer Protection Act (Dodd-Frank) amended RESPA by, among other things, mandating new mortgage disclosures and procedures to improve protections for consumers with certain residential mortgages, 12 U.S.C. 2605. Regulation X, 12 CFR 1024.1-41, implements RESPA. Regulation X contains information collections in the form of various disclosure and recordkeeping requirements. The disclosures in this collection are required by the statute and implementing regulations. Consumers use the disclosures required by RESPA and Regulation X to inform their choice of settlement service providers, review the final terms of a settlement, understand who to contact about questions concerning their mortgage loan, and identify and protect themselves against inaccurate or questionable loan servicing practices.
