

involved on the ground floor planning of platform removals anticipated to occur in these OCS regions.

- To ensure that all objects (wellheads, platforms, etc.) installed on the OCS are properly removed using procedures that will protect marine life and the environment during removal operations, and the site cleared so as not to conflict with or harm other uses of the OCS.

- To ensure that information regarding decommissioning a pipeline in place will not constitute a hazard to navigation and commercial fishing operations, unduly interfere with other uses of the OCS, such as sand resource areas for coastal restoration projects, or have adverse environmental effects.

- To verify that decommissioning activities comply with approved applications and procedures and are satisfactorily completed.

- To evaluate and approve the adequacy of the equipment, materials, and/or procedures that the lessee or operator plans to use during well modifications and changes in equipment, etc.

- To help BSEE better estimate future decommissioning costs for OCS leases, rights-of-way, and rights of use and easements. BSEE's future decommissioning cost estimates may then be used by BOEM to set necessary financial assurance levels to minimize or eliminate the possibility that the government will incur abandonment liability. The information will assist BSEE and BOEM in meeting their stewardship responsibilities and in their roles as regulators.

DEPARTMENT OF JUSTICE

Notice of Filing of Proposed Settlement Agreement Regarding Environmental Claims in Connection With the Raritan Bay Slag Superfund Site

On July 16, 2019, a Notice of Motion was filed in the Superior Court for the State of California for the County of San Francisco in the proceeding entitled *Insurance Commissioner of the State of California vs. Western Employers Insurance Company, et al.*, Case No. CPF-97-984281. The Motion will seek court approval of the Raritan Bay Slag Superfund Site Settlement Agreement between the Insurance Commissioner of the State of California ("Commissioner"), in his capacity as the liquidator of the Western Employers Insurance Company ("WEIC"), and Old Bridge Township, the United States Department of the Interior ("DOI"), Environmental Protection Agency ("EPA"), and National Oceanic and Atmospheric Agency ("NOAA") (collectively referred to as "the Federal Claimants"), acting by and through the United States Department of Justice ("DOJ").

The Settlement Agreement would resolve a proof of claim by the Federal Claimants under Section 107 of the Comprehensive Environmental Response, Compensation, and Liability Act ("CERCLA"), 42 U.S.C. 9607, against WEIC involving the insured Township of Old Bridge, New Jersey at the Raritan Bay Slag Superfund Site. The Federal Claimants filed a proof of claims in the instant proceeding against WEIC arising from policies of insurance that WEIC companies had issued to Old Bridge based on liability for contamination at the Raritan Bay Slag Superfund Site.

Under the Settlement Agreement, WEIC will pay to the United States \$2,200,000 million to be allocated among the federal claimants as follows:

a. \$1.76 million to EPA. The total amount paid to EPA shall be deposited by EPA in the Raritan Bay Slag Site Special Account to be retained and used to conduct or finance response actions at or in connection with the Site, or to be transferred by EPA to the EPA Hazardous Substance Superfund.

b. \$440,000 to DOI and NOAA. In consideration of this payment, upon approval of the Settlement Agreement, the Federal Claimants covenant not to file a civil action against the Insurance Commissioner, the California Department of Insurance, the California Conservation and Liquidation Office and WEIC with respect to all liabilities and obligations to Old Bridge or the Federal or the Federal Claimants arising under CERCLA under the Policies issued by the WEIC to Old Bridge, whether such liabilities and obligations are known or unknown, reported or unreported, and whether currently existing or arising in the future. The Settlement Agreement is conditioned upon court approval. The Commissioner will appear at a hearing to present the motion seeking approval of the Settlement Agreement on August 19, 2019 at 9:30 a.m. in Department 302 of the San Francisco County Superior Court located at 400 McAllister Street, San Francisco, California 94102.
