**SUPPLEMENTARY INFORMATION:** Section 4062(e) of the Employee Retirement Income Security Act of 1974 (ERISA) imposes reporting obligations in the event of a "substantial cessation of operations." A substantial cessation of operations occurs when a permanent cessation at a facility causes a separation from employment of more than 15 percent of all "eligible employees." "Eligible employees" are employees eligible to participate in any of the facility's employer's employee pension benefit plans. Following a substantial cessation of operations, the facility's employer is treated, with respect to its single employer pension plans covered by title IV of ERISA that are covering participants at the facility, as if the employer were a withdrawing

substantial employer under a multiple-employer plan. Under section 4063(a) of ERISA, the Pension Benefit Guaranty Corporation (PBGC) must receive notice of the substantial cessation of operations and a request to determine the employer's resulting liability.

To fulfill such resulting liability, the employer may elect, under section 4062(e)(4)(A), to make additional contributions annually for seven years to plans covering participants at the facility where the substantial cessation of operations took place. Under sections 4062(e)(4)(E)(i)(I), (II), (III), (IV), and (V) respectively, an employer that is making the election for annual additional contributions must give notice to PBGC of: (1) its decision to make the election, (2) its payment of an annual additional contribution, (3) its failure to pay an annual additional contribution, (4) its receipt of a funding waiver from the Internal Revenue Service ("IRS"), and (5) the ending of its obligation to make annual additional contributions.

PBGC is proposing a new form series that would be used to fulfill these reporting obligations. An employer or a plan administrator would file Form 4062(e)-01 to notify PBGC of the occurrence of a substantial cessation of operations and request a determination of the employer's liability. An employer would file Form 4062(e)-02 to notify PBGC that it made the election to pay annual additional contributions to a plan. An employer would file Form 4062(e)-03 to notify PBGC that it paid an annual additional contribution, received a funding waiver from the IRS, or is no longer obligated to pay annual additional contributions. Finally, an employer would file Form 4062(e)-04 to notify PBGC that it failed to pay an annual additional contribution to the plan.

PBGC needs the requested information in the forms and notification (1) to determine an employer's liability to a plan following a substantial cessation of operations and (2) to ensure that an employer that made the election of annual additional contributions is fulfilling its payment obligations.

On May 15, 2019, PBGC published in the **Federal Register** (at 84 FR 21840) a notice informing the public of its intent to request an approval of the new form series. PBGC did not receive any comments about this collection of information.

PBGC is requesting that OMB approve the collection of information for three years. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information

unless it displays a currently valid OMB control number.

PBGC estimates that 70 forms (10 Forms 4062(e)-01, 10 Forms 4062(e)-02, 49 Forms 4062(e)-03, and one Form 4062(e)-04) would be submitted each year. PBGC estimates that these forms would be completed by a combination of plan office staff and outside professionals (attorneys and actuaries). PBGC estimates a total annual hour burden of 315 hours (based on plan office time). The estimated dollar equivalent of this hour burden, based on an assumed hourly rate of \$75 for administrative, clerical, and supervisory time is \$23,625. PBGC estimates a total annual cost burden of \$92,750 (based on 265 professional hours assuming an average hourly rate of \$350).
