

OMB for each collection of information that they conduct or sponsor. "Collection of information" is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) to include agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. The OCC asks OMB to extend its approval of this collection.

Title: Lending Limits.

OMB Control No.: 1557–0221.

Affected Public: Businesses or other for-profit.

Type of Review: Extension of a currently approved collection.

Description: 12 CFR 32.7(a) provides that, in addition to the amount that a national bank or savings association may lend to one borrower under 12 CFR 32.3, an eligible national bank or savings association may make:

(1) Residential real estate loans or extensions of credit to one borrower in the lesser of the following two amounts: 10 percent of its capital and surplus; or the percent of its capital and surplus, in excess of 15 percent, that a state bank or savings association is permitted to lend under the state lending limit that is available for residential real estate loans or unsecured loans in the state where the main office of the national bank or savings association is located;

(2) Small business loans or extensions of credit to one borrower in the lesser of the following two amounts: 10 percent of its capital and surplus; or the percent of its capital and surplus, in excess of 15 percent, that a state bank is permitted to lend under the state lending limit that is available for small business loans or unsecured loans in the state where the main office of the national bank or home office of the savings association is located; and

(3) Small farm loans or extensions of credit to one borrower in the lesser of the following two amounts: 10 percent of its capital and surplus; or the percent of its capital and surplus, in excess of 15 percent, that a state bank or savings association is permitted to lend under the state lending limit that is available for small farm loans or unsecured loans in the state where the main office of the national bank or savings association is located.

An eligible national bank or savings association must submit an application to, and receive approval from, its supervisory office before using the supplemental lending limits in § 32.7(a). The supervisory office may approve a completed application if it finds that approval is consistent with safety and soundness. Section 32.7(b) provides that the application must include:

(1) Certification that the national bank or savings association is an eligible bank or eligible savings association;

(2) Citations to relevant state laws or regulations;

(3) A copy of a written resolution by a majority of the bank's or savings association's board of directors approving the use of the limits and confirming the terms and conditions for use of this lending authority; and

(4) A description of how the board will exercise its continuing responsibility to oversee the use of this lending authority.

Twelve CFR 32.9(b) provides national banks and savings associations with three alternative methods for calculating the credit exposure of non-credit derivative transactions (the Internal Model Method, the Conversion Factor Matrix Method, and the Current Exposure Method) and two alternative methods for calculating such exposure for securities financing transactions. The OCC provided these alternative methods to reduce the practical burden of such calculations, particularly for small and mid-size banks and savings associations.

Under 12 CFR 32.9(b)(1)(i)(C)(1), the use of a model (other than the model approved for purposes of the Advanced Measurement Approach in the capital rules) must be approved in advance and in writing by the OCC specifically for part 32 purposes. If a national bank or federal savings association proposes to use an internal model that has been approved by the OCC for purposes of the Advanced Measurement Approach, the institution must provide prior written notification to the OCC prior to use of the model for lending limits purposes. OCC approval also is required before any substantive revisions are made to a model that is used for lending limits purposes.

Title: Privacy of Consumer Financial Information.

Description: The Gramm-Leach-Bliley Act (Act) (Pub. L. 106–102) requires this information collection. Regulation P (12 CFR part 1016), a regulation promulgated by the Consumer Financial Protection Board (CFPB), implements the Act’s notice requirements and restrictions on a financial institution’s ability to disclose nonpublic personal information about consumers to nonaffiliated third parties.

The information collection requirements in 12 CFR part 1016 are as follows:

§ 1016.4(a) Initial privacy notice to consumers requirement—A national bank or federal savings association must provide a clear and conspicuous notice to customers and consumers that accurately reflects its privacy policies and practices.

§ 1016.5(a)(1) Annual privacy notice to customers requirement—A national bank or federal savings association must provide a clear and conspicuous notice to customers that accurately reflects its privacy policies and practices not less than annually during the continuation of the customer relationship.

§ 1016.8 Revised privacy notices—Before a national bank or federal savings association discloses any nonpublic personal information in a way that is inconsistent with the notices previously given to a consumer, the institution must provide the consumer with a clear and conspicuous revised notice of the institution’s policies and practices, provide the consumer with a new opt out notice, give the consumer a reasonable opportunity to opt out of the disclosure, and the consumer must not opt out.

§ 1016.7(a) Form of opt out notice to consumers; opt out methods—Form of opt out notice—If a national bank or federal savings association is required to provide an opt out notice under § 1016.10(a), it must provide to each of

its consumers a clear and conspicuous notice that accurately explains the right to opt out under that section. The notice must state:

- That the national bank or federal savings association discloses or reserves the right to disclose nonpublic personal information about its consumer to a nonaffiliated third party;
- That the consumer has the right to opt out of that disclosure; and
- A reasonable means by which the consumer may exercise the opt out right.

A national bank or federal savings association provides a reasonable means to exercise an opt out right if it:

- Designates check-off boxes on the relevant forms with the opt out notice;
- Includes a reply form with the opt out notice;
- Provides an electronic means to opt out; or
- Provides a toll-free number that consumers may call to opt out.

§§ 1016.10(a)(2) and 1016.10(c)—Consumers must take affirmative actions to exercise their rights to prevent financial institutions from sharing their information with nonaffiliated parties—

- **Opt out—**Consumers may direct that the national bank or federal savings association to not disclose nonpublic personal information about them to a nonaffiliated third party, other than permitted by §§ 1016.13–1016.15.

- **Partial opt out—**Consumers may exercise partial opt out rights by selecting certain nonpublic personal information or certain nonaffiliated third parties with respect to which the consumer wishes to opt out.

§§ 1016.7(h) and 1016.7(i) Continuing right to opt out and Duration of right to opt out—A consumer may exercise the right to opt out at any time. A consumer’s direction to opt out is effective until the consumer revokes it in writing or, if the consumer agrees, electronically.
