

informally from generation to generation and is owned “in common” by all heirs, absent a will, regardless of whether they live on the land, pay the taxes or have ever visited the land. An heir is a person legally entitled to the property.

The listening session will begin with brief opening remarks from FSA. Individual speakers providing oral comments will be limited to 3–5 minutes each; however, if all speakers can be accommodated within the allotted time for the session, individual speaking times may be adjusted at the written request of the stakeholder (use the contact information above). As

noted above, we request that speakers providing oral comments also provide a written copy of their comments by July 26, 2019, for the Mississippi listening session and August 9, 2019, for the DC listening session. All stakeholders and interested members of the public are welcome to register to provide oral and written comments; however, based on the session time or topic area constraints, FSA may not be able to allocate time for all registered attendees to provide oral comments during the sessions.

The purpose of the listening sessions is for FSA to hear from stakeholder

organizations, producers and other interested members of the public about heirs’ property issues and programs that are being implemented or revised by FSA as required by the 2018 Farm Bill (Pub. L. 115–334). Please refer to the name of the FSA program in your comment and the relevant section number in the 2018 Farm Bill. In your comments, provide your input about the program(s), changes, and anything else that may be helpful to FSA. We welcome public input that we can factor into decisions that need to be made to implement the provisions on heirs’ property issues.

4. What have been the greatest barriers to obtaining a farm number with FSA?
5. What are the potential challenges of an intermediary lender implementing the proposed Heirs’ Property Relending Program?
6. What eligibility criteria should be considered when evaluating a potential intermediary lender?
7. Should there be a minimum or maximum amount of funds an intermediary lender can receive?

8. Should there be restrictions for the use of funds under the proposed Heirs’ Property Relending Program?
