## ENVIRONMENTAL PROTECTION AGENCY

#### 40 CFR Part 300

[EPA-HQ-SFUND-2003-0010; FRL-9996-45-Region 7]

National Oil and Hazardous Substances Pollution Contingency Plan; National Priorities List: Partial Deletion of the Omaha Lead Superfund Site

AGENCY: Environmental Protection

Agency (EPA).

ACTION: Final rule.

**SUMMARY:** The Environmental Protection Agency (EPA) Region 7 announces the deletion of 500 residential parcels of the Omaha Lead Superfund site (Site or OLS) located in Omaha, Nebraska, from the National Priorities List (NPL). This partial deletion pertains to 500 residential parcels. The remaining parcels will remain on the NPL and are not being considered for deletion as part of this action. The NPL, promulgated pursuant to section 105 of the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) of 1980, as amended, is an appendix of the National Oil and Hazardous Substances Pollution Contingency Plan (NCP). The EPA and the State of Nebraska, through the Nebraska Department of Environmental Quality, determined that all appropriate Response Actions under CERCLA were completed at the identified parcels. However, this deletion does not preclude future actions under CERCLA. **DATES:** This action is effective July 29, 2019.

ADDRESSES: The EPA has established a docket for this action under Docket ID no. EPA-HQ-SFUND-2003-0010. All documents in the docket are listed on the http://www.regulations.gov website. Although listed in the index, some information is not publicly available, i.e., Confidential Business Information or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on the internet and will be publicly available only in hard copy form. Publicly available docket materials are available either electronically through http:// www.regulations.gov or in hard copy at the site information repositories. Locations, contacts, and viewing hours of the Site information repositories are:

- EPA Region 7, 11201 Renner Boulevard, Lenexa, Kansas 66219, open from 8 a.m. to 4 p.m. Monday–Friday.
- W. Dale Clark Library, located at 215 S 15th Street, Omaha, NE 68102, open 10 a.m. to 8 p.m. Monday—Thursday; 10 a.m. to 6 p.m. Friday and Saturday; and 1 p.m. to 6 p.m. Sunday.

## FOR FURTHER INFORMATION CONTACT:

Elizabeth Hagenmaier, Remedial Project Manager, U.S. Environmental Protection Agency, Region 7, SEMD/LMSE, 11201 Renner Boulevard, Lenexa, KS 66219, telephone (913) 551–7939, email: hagenmaier.elizabeth@epa.gov.

SUPPLEMENTARY INFORMATION: The portion of the site to be deleted from the NPL are 500 residential parcels of the Omaha Lead Superfund site, Omaha, Nebraska. A Notice of Intent for Partial Deletion for this Site was published in the Federal Register (84 FR 24069) on May 24, 2019.

The closing date for comments on the Notice of Intent for Partial Deletion was June 24, 2019. No public comments were received, and EPA has determined it will proceed with the partial deletion.

The EPA maintains the NPL as the list of sites that appear to present a significant risk to public health, welfare, or the environment. Deletion of a site from the NPL does not preclude further remedial action. Whenever there is a significant release from a site deleted from the NPL, the deleted site may be restored to the NPL without application of the hazard ranking system. Deletion of portions of a site from the NPL does not affect responsible party liability, in the unlikely event that future conditions warrant further actions.

## List of Subjects in 40 CFR Part 300

Environmental protection, Air pollution control, Chemicals, Hazardous substances, Hazardous waste, Intergovernmental relations, Penalties, Reporting and recordkeeping requirements, Superfund, Water pollution control, Water supply.

Dated: July 23, 2019.

### 40 CFR Part 300

[EPA-HQ-SFUND-1992-0007; FRL-9997-23-Region 7]

National Oil and Hazardous Substances Pollution Contingency Plan; National Priorities List: Partial Deletion of the Cleburn Street Well Superfund Site

**AGENCY:** Environmental Protection

Agency (EPA).

**ACTION:** Direct final rule.

**SUMMARY:** The Environmental Protection Agency (EPA) Region 7 is publishing a direct final Notice of Partial Deletion of the Cleburn Street Well Superfund Site (Site), located in Grand Island, Nebraska, from the National Priorities List (NPL) for of the Operable Unit (OU) 1 and OU4. This partial deletion pertains to OU1—Contaminated subsurface soil at former One-Hour Martinizing (OHM) and OU4—Soil and Groundwater at Ideal Cleaners. The remaining OU2, OU3, and OU5 will remain on the NPL and are not being considered for deletion as part of this action. The NPL, promulgated pursuant to section 105 of the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) of 1980, as amended, is an appendix of the National Oil and Hazardous Substances Pollution Contingency Plan (NCP). This direct final partial deletion is being published by EPA with the concurrence of the State of Nebraska, through the Nebraska Department of Environmental Quality (NDEQ); because EPA has determined that all appropriate response actions at these identified parcels under CERCLA have been completed. However, this partial deletion does not preclude future actions under Superfund, including Five Year Reviews.

**DATES:** This direct final partial deletion is effective September 27, 2019 unless EPA receives adverse comments by August 28, 2019. If adverse comments are received, the EPA will publish a timely withdrawal of the direct final partial deletion in the **Federal Register** informing the public that the partial deletion will not take effect.

ADDRESSES: Submit your comments, identified by Docket ID no. EPA-HQ-SFUND-1992-0007, by one of the following methods:

• http://www.regulations.gov. Follow the on-line instructions for submitting comments. Once submitted, comments cannot be edited or removed from Regulations.gov. The EPA may publish
