This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Taking and Importing of Marine Mammals

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; affirmative finding annual renewals for Ecuador, El Salvador, Guatemala, Mexico, Peru, and Spain.

SUMMARY: The NMFS Assistant Administrator (Assistant Administrator) has renewed affirmative findings for the Governments of Ecuador, El Salvador, Guatemala, Mexico, Peru, and Spain (referred to hereafter as “the Nations”) under the Marine Mammal Protection Act (MMPA). These affirmative findings will continue to allow the importation into the United States of yellowfin tuna and yellowfin tuna products harvested in the eastern tropical Pacific Ocean (ETP) for 1 year in compliance with the Agreement on the International Dolphin Conservation Program (AIDCP) by purse seine vessels operating under the Nations’ jurisdiction or exported from the Nations. NMFS bases the affirmative finding annual renewals on reviews of documentary evidence submitted by the Governments of the Nations and of information obtained from the secretariat of the Inter-American Tropical Tuna Commission (IATTC).

DATES: These affirmative finding annual renewals are effective for the one-year period of April 1, 2019, through March 31, 2020.

FOR FURTHER INFORMATION CONTACT: Justin Greenman, West Coast Region, National Marine Fisheries Service, 501 W Ocean Blvd., Suite 4200, Long Beach, CA 90802. Phone: 562-980-3264. Email: justin.greenman@noaa.gov.

SUPPLEMENTARY INFORMATION: The MMPA, 16 U.S.C. 1361 *et seq.*, allows for importation into the United States of yellowfin tuna harvested by purse seine vessels in the ETP from a nation with jurisdiction over purse seine vessels with carrying capacity greater than 400 short tons that harvest tuna in the ETP only if the nation has an “affirmative finding” issued by the NMFS Assistant Administrator. See Section 101(a)(2)(B) of the MMPA, 16 U.S.C. 1371(a)(2)(B). If requested the government of such a nation, the Assistant Administrator will determine whether to make an affirmative finding based upon documentary evidence provided by the government, the IATTC secretariat, or the Department of State.

The affirmative finding process requires that the harvesting nation is meeting its obligations under the AIDCP and its obligations of membership in the IATTC. Every 5 years, the government of the harvesting nation must request a new affirmative finding and submit the required documentary evidence directly to the Assistant Administrator. On an annual basis, NMFS reviews the affirmative finding and determines whether the harvesting nation continues to meet the requirements. A nation may provide information related to compliance with AIDCP and IATTC
