

extendable storage elements does not exceed six inches. The inclusion of an integrated storage area that is not extendable (e.g., a cubby) and has an actual height of six inches or less, also does not remove a subject vertical metal file cabinet from the scope. Accessories packaged with a subject vertical file cabinet, such as separate printer stands or shelf kits that sit on top of the in-scope vertical file cabinet are not considered integrated storage.

“Freestanding” means the unit has a solid top and does not have an open top or a top with holes punched in it that would permit the unit to be attached to, hung from, or otherwise used to support a desktop or other work surface. The ability to anchor a vertical file cabinet to a wall for stability or to prevent it from tipping over does not exclude the unit from the scope.

The addition of mobility elements such as casters, wheels, or a dolly does not remove the product from the scope. Packaging a subject vertical metal file cabinet with other accessories, including, but not limited to, locks, leveling glides, caster kits, drawer accessories (e.g., including but not limited to follower wires, follower blocks, file compressors, hanger rails, pencil trays, and hanging file folders), printer stand, shelf kit and magnetic hooks, also does not remove the product from the scope. Vertical metal file cabinets are also in scope whether they are imported assembled or unassembled with all essential parts and components included.

Excluded from the scope are lateral metal file cabinets. Lateral metal file cabinets have a width that is greater than the body depth, and have a body with an actual width that is more than 25 inches wide.

Also excluded from the scope are pedestal file cabinets. Pedestal file cabinets are metal file cabinets with body depths that are greater than or equal to their width, are under 31 inches in actual height, and have the following characteristics: (1) An open top or other means for the cabinet to be attached to or hung from a desktop or other work surface such as holes punched in the top (i.e., not freestanding); or (2) freestanding file cabinets that have all of the following: (a) at least a 90 percent drawer extension for all extendable file storage elements; (b) a central locking system; (c) a minimum weight density of 9.5 lbs./cubic foot; and (d) casters or leveling glides.

“Percentage drawer extension” is defined as the drawer travel distance divided by the inside depth dimension of the drawer. Inside depth of drawer is measured from the inside of the drawer face to the inside face of the drawer back. Drawer extension is the distance the drawer travels from the closed position to the maximum travel position which is limited by the out stops. In situations where drawers do not include an outstop, the drawer is extended until the drawer back is 3½ inches from the closed position of inside face of the drawer front. The “weight density” is calculated by dividing the cabinet’s actual weight by its volume in cubic feet (the multiple of the product’s actual width, depth, and height). A “central locking system” locks all drawers in a unit.

Also excluded from the scope are fire proof or fire-resistant file cabinets that meet

Underwriters Laboratories (UL) fire protection standard 72, class 350, which covers the test procedures applicable to fire-resistant equipment intended to protect paper records.

The merchandise subject to the investigation is classified under Harmonized Tariff Schedule of the United States (HTSUS) subheading 9403.10.0020. The subject merchandise may also enter under HTSUS subheadings 9403.10.0040, 9403.20.0080, and 9403.20.0090. While HTSUS subheadings are provided for convenience and customs purposes, the written description of the scope of the investigation is dispositive.

Certain Steel Nails From the Sultanate of Oman: Preliminary Results of Antidumping Duty Administrative Review and Partial Rescission of Antidumping Duty Administrative Review; 2017–2018

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) preliminarily determines that Oman Fasteners LLC (Oman Fasteners), a producer/exporter of certain steel nails (nails) from the Sultanate of Oman (Oman), did not sell subject merchandise at prices below normal value during the period of review (POR) July 1, 2017 through June 30, 2018. Additionally, we are rescinding the review with respect to three companies. Interested parties are invited to comment on these preliminary results.

DATES: Applicable August 1, 2019.

U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–3936.

SUPPLEMENTARY INFORMATION:

On July 13, 2015, Commerce published in the **Federal Register** an antidumping (AD) order on nails from Oman.¹ On July 3, 2018, Commerce notified interested parties of the opportunity to request an administrative review of orders, findings, or suspended investigations with anniversaries in July 2018, including the AD Order on nails from Oman.² Commerce received timely requests from Oman Fasteners and Mid Continent Steel & Wire, Inc. (the petitioner) to conduct an administrative review of certain exporters covering the POR. On September 10, 2018, Commerce published a notice initiating a review of the Order covering four companies for the POR.³

In the *Initiation Notice*, Commerce indicated that, in the event that we would limit the respondents selected for individual examination in accordance with section 777A(c)(2) of the Tariff Act of 1930, as amended (the Act), we would select mandatory respondents for individual examination based upon U.S. Customers and Border Protection (CBP) entry data.⁴ On September 18, 2018, we released CBP entry data under Administrative Protective Order (APO) to all parties with access to information protected by APO. Subsequently, we issued the AD questionnaire to Oman Fasteners.⁵ On November 5, 2018, the petitioner withdrew its request for administrative reviews for the three companies, other than Oman Fasteners, for which it had requested administrative reviews,⁶ pursuant to 19 CFR 351.213(d)(1).

Commerce exercised its discretion to toll all deadlines affected by the closure of the Federal Government from December 22, 2018 through the

resumption of operations on January 29, 2019.⁷ On May 4, 2019, Commerce extended the preliminary results in this review to no later than June 26, 2019.⁸ On June 25, 2019, Commerce extended the preliminary results in this review to no later than July 26, 2019.⁹

Partial Rescission of Administrative Review

Commerce received timely requests to conduct an administrative review of certain exporters covering the POR. Because the petitioner timely withdrew its requests for review of all of the companies listed in the *Initiation Notice*, with the exception of Oman Fasteners, we are rescinding the administrative review with respect to those three companies,¹⁰ pursuant to 19 CFR 351.213(d)(1). Accordingly, the remaining company subject to the instant review is Oman Fasteners.

Scope of the Order

The merchandise covered by this Order is nails having a nominal shaft length not exceeding 12 inches.¹¹ Merchandise covered by the Order is currently classified under the Harmonized Tariff Schedule of the United States (HTSUS) subheadings 7317.00.55.02, 7317.00.55.03, 7317.00.55.05, 7317.00.55.07, 7317.00.55.08, 7317.00.55.11, 7317.00.55.18, 7317.00.55.19, 7317.00.55.20, 7317.00.55.30, 7317.00.55.40, 7317.00.55.50, 7317.00.55.60, 7317.00.55.70, 7317.00.55.80, 7317.00.55.90, 7317.00.65.30, 7317.00.65.60 and 7317.00.75.00. Nails subject to this Order also may be classified under HTSUS subheadings 7907.00.60.00, 8206.00.00.00 or other HTSUS subheadings. While the HTSUS subheadings are provided for

convenience and customs purposes, the written description of the scope of this Order is dispositive. For a complete description of the scope of the Order, see the Preliminary Decision Memorandum.¹²

For a full description of the methodology underlying our conclusions, see the Preliminary Decision Memorandum.¹³ A list of topics included in the Preliminary Decision Memorandum is included as an Appendix to this notice.

Preliminary Results of Review

As a result of this review, we preliminarily determine that the following weighted-average dumping margin exists for the period July 1, 2017 through June 30, 2018:

Exporter/producer	Weighted-average dumping margin (percent)
Oman Fasteners LLC	0.00

Assessment Rates

Upon completion of the administrative review, Commerce shall determine, and CBP shall assess, antidumping duties on all appropriate entries. Commerce intends to issue assessment instructions to CBP 15 days after the date of publication of the final results of this review.

For any individually examined respondents whose weighted-average dumping margin is above *de minimis* (i.e., 0.50 percent), we will calculate importer-specific *ad valorem* duty assessment rates on the basis of the ratio of the total amount of dumping calculated for an importer's examined sales and the total entered value of such

sales, in accordance with 19 CFR 351.212(b)(1).¹⁹ For entries of subject merchandise during the POR produced by each respondent for which it did not know its merchandise was destined for the United States, we will instruct CBP to liquidate such entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction.²⁰ Where either the respondent's weighted-average dumping margin is zero or *de minimis*, or an importer-specific assessment rate is zero or *de minimis*, we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties.

For the three companies for which this review is rescinded, antidumping duties will be assessed at rates equal to the cash deposit of estimated antidumping duties required at the time of entry, or withdrawn from warehouse, for consumption, in accordance with 19 CFR 351.212(c)(1)(i). Commerce intends to issue appropriate assessment instructions directly to CBP 15 days after publication of this notice, concerning these three companies. The final results of this review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by the final results of this review and for future deposits of estimated duties, where applicable.

Cash Deposit Requirement

The following cash deposit requirements will be effective upon publication of the notice of the final results of administrative review for all shipments of nails from Oman entered, or withdrawn from warehouse, for consumption on or after the date of publication of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) The cash deposit rate for the companies under review will be the rate established in the final results of this review (except, if the rate is zero or *de minimis*, no cash deposit will be required); (2) for merchandise exported by manufacturers or exporters not covered in this review but covered in a prior segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published for the most recently completed segment of this proceeding in which the manufacturer or exporter participated; (3) if the

exporter is not a firm covered in this review, a prior review, or the less-than-fair-value investigation, but the manufacturer is, the cash deposit rate will be the rate established for the most recently completed segment of the proceeding for the manufacturer of the merchandise; and (4) the cash deposit rate for all other manufacturers or exporters will continue to be 9.10 percent *ad valorem*, the all-others rate established in the less-than-fair value investigation.²¹

Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Notification to Interested Parties

These preliminary results and partial rescission of administrative review are issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.213(h)(1).

Dated: July 24, 2019.

Assistant Secretary for Enforcement and Compliance.
