

APHIS' Information Collection Coordinator, at (301) 851-2483.

SUPPLEMENTARY INFORMATION:

Title: Tuberculosis.

OMB Control Number: 0579-0146.

Type of Request: Revision to and extension of approval of an information collection.

Abstract: Under the Animal Health Protection Act (7 U.S.C. 8301 *et seq.*), the Animal and Plant Health Inspection Service (APHIS) of the U.S. Department of Agriculture is authorized, among other things, to prohibit or restrict the interstate movement of animals and animal products to prevent the dissemination within the United States of animal diseases and pests, and for conducting programs to detect, control, and eradicate pests and diseases of livestock. As part of this mission, APHIS participates in a national cooperative State/Federal tuberculosis eradication program to eliminate bovine tuberculosis in cattle, bison, and captive cervids from the United States. This program is conducted under various States' authorities supplemented by Federal authorities regulating the interstate movement of affected animals.

The tuberculosis regulations contained in 9 CFR part 77 provide for several levels of State tuberculosis risk classifications, the creation of tuberculosis risk status zones within the same State, and the testing of regulated animals before they are permitted to move interstate. The requirements for establishing zones and testing regulated animals enhance the effectiveness of APHIS' tuberculosis eradication program by decreasing the likelihood that infected animals will be moved interstate or internationally, thus preventing the spread of tuberculosis. The requirements also provide mechanisms to help APHIS' Veterinary Services trace, locate, and eradicate regulated animals when outbreaks occur.

These regulations include information collection activities such as memoranda of understanding for zone recognition; epidemiological reviews; permits for movement of restricted animals; certificates for animals moved interstate; retention of movement certificates; tuberculosis management plans; accredited herd plans; approved herd plans; test records and results; affected herd data and herd testing results; wildlife risk surveys; monthly reports of tuberculosis eradication; reports of tuberculosis lesions; specimen submissions and collections; submissions by States of requests to APHIS for State or zone status; submissions by States of an annual

report to APHIS for renewal of State or zone status; commuter herd agreements; depopulation and repopulation agreements; extension requests; tuberculosis infected herd field reports; investigations for evidence of tuberculosis; appraisals and indemnity claims; records of proceeds from animals sold to slaughter; owner participation in new tuberculosis tests; recordkeeping for approved feedlots; and application of shipping labels. These activities enhance the APHIS' ability to allow U.S. animal producers to manage bovine and captive cervid tuberculosis and compete in the world market of animal and animal product trade.

We are asking the Office of Management and Budget (OMB) to approve our use of these information collection activities, as described, for an additional 3 years.

The purpose of this notice is to solicit comments from the public (as well as affected agencies) concerning our information collection. These comments will help us:

- (1) Evaluate whether the collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility;
- (2) Evaluate the accuracy of our estimate of the burden of the collection of information, including the validity of the methodology and assumptions used;
- (3) Enhance the quality, utility, and clarity of the information to be collected; and
- (4) Minimize the burden of the collection of information on those who are to respond, through use, as appropriate, of automated, electronic, mechanical, and other collection technologies; *e.g.*, permitting electronic submission of responses.

Estimate of burden: The public reporting burden for this collection of information is estimated to average 0.31 hours per response.

Respondents: State animal health officials, producers and owners (including feedlot owners), accredited veterinarians, professional appraisers, and laboratory technicians.

Estimated annual number of respondents: 4,914.

Estimated annual number of responses per respondent: 18.

Estimated annual number of responses: 89,325.

Estimated total annual burden on respondents: 27,830 hours. (Due to averaging, the total annual burden hours may not equal the product of the annual number of responses multiplied by the reporting burden per response.)

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Done in Washington, DC, this 30th day of July 2019.

Kevin Shea,

Administrator, Animal and Plant Health Inspection Service.

Foreign-Trade Zones Board

[B-48-2019]

**Foreign-Trade Zone (FTZ) 29—
Louisville, Kentucky; Notification of
Proposed Production Activity; Amcor
Flexibles L.L.C. (Flexible Packaging),
Shelbyville, Kentucky**

Amcor Flexibles L.L.C. (Amcor) submitted a notification of proposed production activity to the FTZ Board for its facility in Shelbyville, Kentucky. The notification conforming to the requirements of the regulations of the FTZ Board (15 CFR 400.22) was received on July 29, 2019.

Amcor already has authority to produce flexible packaging within FTZ 29. The current request would add one finished product and one foreign status material/component to the scope of authority. Pursuant to 15 CFR 400.14(b), additional FTZ authority would be limited to the specific foreign-status material/component and specific finished product described in the submitted notification (as described below) and subsequently authorized by the FTZ Board.

Production under FTZ procedures could exempt Amcor from customs duty payments on the foreign-status material/component used in export production. On its domestic sales, for the foreign-status material/component noted below and in the existing scope of authority, Amcor would be able to choose the duty rates during customs entry procedures that apply to finished die cut lids (duty rate 2.6%). Amcor would be able to avoid duty on foreign-status components which become scrap/waste. Customs duties also could possibly be deferred or reduced on foreign-status production equipment.

The material/component sourced from abroad is laminated aluminum foil (duty rate 3.0%). The request indicates that the material/component is subject to special duties under Section 232 of the Trade Expansion Act of 1962 (Section 232). The applicable Section

232 decisions require subject merchandise to be admitted to FTZs in privileged foreign status (19 CFR 146.41).

Public comment is invited from interested parties. Submissions shall be addressed to the Board's Executive Secretary and sent to: ftz@trade.gov. The closing period for their receipt is September 16, 2019.

A copy of the notification will be available for public inspection in the "Reading Room" section of the Board's website, which is accessible via www.trade.gov/ftz.

For further information, contact Juanita Chen at juanita.chen@trade.gov or 202-482-1378.

Dated: July 30, 2019.

Elizabeth Whiteman,

Acting Executive Secretary.

Wooden Cabinets and Vanities and Components Thereof From the People's Republic of China: Postponement of Preliminary Determination in the Less-Than-Fair-Value Investigation

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

DATES: Applicable August 5, 2019.

FOR FURTHER INFORMATION CONTACT: Kabir Archuleta at (202) 482-2593 or Rachel Greenberg at (202) 482-0652, AD/CVD Operations, Office V, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230.

SUPPLEMENTARY INFORMATION:

Background

On March 26, 2019, the Department of Commerce (Commerce) initiated a less-than-fair-value (LTFV) investigation of imports of wooden cabinets and vanities and components thereof from the People's Republic of China.¹ Currently, the preliminary determination is due no later than August 13, 2019.

¹ See *Wooden Cabinets and Vanities and Components Thereof from the People's Republic of China: Initiation of Less-Than-Fair-Value Investigation*, 84 FR 12587 (April 2, 2019).

Postponement of Preliminary Determination

Section 733(b)(1)(A) of the Tariff Act of 1930, as amended (the Act), requires Commerce to issue the preliminary determination in a LTFV investigation within 140 days after the date on which Commerce initiated the investigation. However, section 733(c)(1)(A)(b)(1) of the Act permits Commerce to postpone the preliminary determination until no later than 190 days after the date on which Commerce initiated the investigation if: (A) The petitioner makes a timely request for a postponement; or (B) Commerce concludes that the parties concerned are cooperating, that the investigation is extraordinarily complicated, and that additional time is necessary to make a preliminary determination. Under 19 CFR 351.205(e), the petitioner must submit a request for postponement 25 days or more before the scheduled date of the preliminary determination and must state the reasons for the request. Commerce will grant the request unless it finds compelling reasons to deny the request.

On July 10, 2019, the petitioner² submitted a timely request that Commerce postpone the preliminary determination in the LTFV investigation.³ The petitioner stated that it requests postponement to allow Commerce time to sufficiently review all questionnaires responses and request clarification and additional information as necessary.⁴

For the reasons stated above and because there are no compelling reasons to deny the request, Commerce, in accordance with section 733(c)(1)(A) of the Act, is postponing the deadline for the preliminary determination by 50 days (*i.e.*, 190 days after the date on which this investigation was initiated). As a result, Commerce will issue its preliminary determination no later than October 2, 2019. In accordance with section 735(a)(1) of the Act and 19 CFR 351.210(b)(1), the deadline for the final determination of this investigation will continue to be 75 days after the date of the preliminary determination, unless postponed at a later date.

Notification to Interested Parties

This notice is issued and published pursuant to section 733(c)(2) of the Act and 19 CFR 351.205(f)(1).

² The petitioner is the American Kitchen Cabinet Alliance.

³ See Petitioner's Letter, "Wooden Cabinets and Vanities and Components Thereof from the People's Republic of China: Request for Postponement of the Preliminary Determination," dated July 10, 2019.

Dated: July 23, 2019.

Christian Marsh,

Deputy Assistant Secretary for Enforcement and Compliance.

Certain Hot-Rolled Steel Flat Products From the Republic of Korea: Amended Final Results of Antidumping Duty Administrative Review; 2016-2017

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) is amending the final results of the administrative review of the antidumping duty (AD) order on certain hot-rolled steel flat products (hot-rolled steel) from the Republic of Korea (Korea) to correct ministerial errors.

DATES: Applicable August 5, 2019.

FOR FURTHER INFORMATION CONTACT: Justin Neuman, AD/CVD Operations, Office V, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-0486.

SUPPLEMENTARY INFORMATION:

Background

On July 9, 2019, Commerce published the final results of the first administrative review of the AD order on hot-rolled steel from Korea.¹ On July 1, 2019, both ArcelorMittal USA LLC (the petitioner) and POSCO timely filed ministerial error allegations.² On July 8, 2019, POSCO and the petitioner filed comments rebutting each other's ministerial error allegations.³
