National Oil and Hazardous Substances Pollution Contingency Plan; National Priorities List: Deletion of the Ellenville Scrap Iron and Metal Superfund Site

AGENCY: Environmental Protection Agency.

ACTION: Proposed rule; notice of intent.

SUMMARY: The Environmental Protection Agency (EPA) Region 2 is issuing a Notice of Intent to Delete the Ellenville Scrap Iron and Metal Superfund Site (Site), located in the Village of Ellenville, Town of Wawarsing, Ulster County, New York, from the National Priorities List (NPL) and requests public comments on this proposed action. The NPL, promulgated pursuant to section 105 of the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) of 1980, as amended, is an appendix of the National Oil and Hazardous Substances Pollution Contingency Plan (NCP). The EPA and the State of New York, through the Department of Environmental Conservation (NYSDEC), have determined that all appropriate response actions under CERCLA, other than operation and maintenance, monitoring, and five-year reviews, have been completed. However, this deletion does not preclude future response actions under Superfund.

[MB Docket Nos. 19-165, 17-105; FCC 19-68]

Electronic Delivery of Notices to Broadcast Television Stations; Modernization of Media Regulation Initiative

AGENCY: Federal Communications Commission.

ACTION: Proposed rule.

SUMMARY: In this document, the Federal Communications Commission (FCC or Commission) proposes to require that cable operators use email to deliver certain written notices to broadcast television stations. The proposal would require cable operators to email the notices to a designated inbox in the station’s online public inspection file (OPIF). The FCC seeks comment on whether satellite TV providers should similarly be required to use email to deliver certain written notices to broadcast TV stations. In addition, the FCC also seeks comment on whether and how the proposal to require electronic delivery of notices can be applied to certain low power TV and noncommercial translator stations that are not required to maintain an OPIF.

DATES: Comments are due on or before September 4, 2019, and reply comments are due on or before September 19, 2019.

ADDRESSES: You may submit comments, identified by MB Docket Nos. 19-165 and 17-105, by any of the following methods:
