SUPPLEMENTARY INFORMATION:

Title: Primary Dealer Meeting Agenda.
OMB Control Number: 1505-0261.

Type of Review: Extension without change of a currently approved collection.

Description: The Primary Dealer Meeting Agenda a quarterly survey sent to all primary dealers, of which there are currently 24 financial institutions. Primary dealers are trading counterparties of the Federal Reserve Bank of New York in its implementation of monetary policy. Primary dealers are also expected to have a substantial presence as a market maker for Treasury securities and bid on a pro-rata basis in all Treasury auctions.

The Treasury's mission to manage the U.S government's finances and resources effectively includes financing the government's borrowing needs at the lowest cost over time. Treasury meets this objective by issuing debt in a regular and predictable pattern, providing transparency in its decision-making process, and seeking continuous improvements in the Treasury auction process. The risks to regular and predictable debt issuance result from unexpected changes in our borrowing requirements, changes in the demand for Treasury securities, and anything that inhibits timely sales of securities. To reduce these risks, Treasury closely monitors economic conditions, market activity, and, if necessary, responds with appropriate changes in debt issuance based on analysis and consultation with market participants, including the primary dealers through the quarterly survey and subsequent meetings.
