Abstract: The DC Opportunity Scholarship Program, authorized by the Consolidated Appropriations Act of 2004, and reauthorized in 2017 by the *Scholarships for Opportunity and Results (SOAR) Reauthorization Act*, awarded a grant to Serving Our Children in order to administer scholarships to students who reside in the District of Columbia and come from households whose incomes do not exceed 185% of the poverty line. To assist in the student selection and assignment process, the information collected is used to determine the eligibility of those students who are interested in the available scholarships. Also, since the authorizing statute requires an evaluation we are proposing to collect certain family demographic information because they are important predictors of school success. Finally, we are asking to collect information about parental participation and satisfaction because these are key topics that the statute requires the evaluation to address. This request adds revised versions of two questions previously approved by OMB.
