

powered electronic testing and diagnostic equipment will include:

- Checking the instrument for any physical damage and the integrity of the case;
- Removing the battery and inspecting for corrosion;
- Inspecting the contact points to ensure a secure connection to the battery;
- Reinserting the battery and powering up and shutting down to ensure proper connections; and
- Checking the battery compartment cover or battery attachment to ensure that it is securely fastened.

(4) The results of such inspections will be recorded in the examination book prior to the equipment being used underground and will be made available to MSHA and the miners at the mine, on request.

(5) A qualified person, as defined in 30 CFR 75.151, will continuously monitor for methane immediately before and during the use of nonpermissible, low-voltage or battery-powered electronic testing and diagnostic equipment in or in by the last open crosscut.

(6) Nonpermissible, low-voltage or battery-powered electronic testing and diagnostic equipment will not be used if methane is detected in concentrations at or above one percent. When a one percent or more methane concentration is detected while the nonpermissible, low-voltage or battery-powered electronic testing and diagnostic equipment is being used, the equipment will be deenergized immediately and withdrawn out by the last open crosscut.

(7) All hand-held methane detectors will be MSHA-approved and maintained in permissible and proper operating condition.

(8) All electronic testing and diagnostic equipment will be used in accordance with the manufacturer's recommendations.

(9) Qualified personnel engaged in the use of electronic testing and diagnostic equipment will be trained to recognize the hazards and limitations associated with the use of such equipment.

The petitioner asserts that the proposed alternative method will at all times guarantee no less than the same measure of protection afforded by the existing standard.

Roslyn Fontaine,

Deputy Director, Office of Standards, Regulations, and Variances.
