B. Need and Uses

This clearance covers the information that contractors must submit to comply with the Federal Acquisition Regulation requirement at 52.247–68, Report of Shipment (REPSHIP). Generally, this notification is required only for classified material; sensitive, controlled, and certain other protected material; explosives, and some other hazardous materials; selected shipments requiring movement control; or minimum carload or truckload shipments. It facilitates arrangements for transportation control, labor, space, and use of materials handling equipment at destination. Also, timely receipt of notices by the consignee transportation office precludes the incurring of demurrage and vehicle detention charges.
