Food and Nutrition Service

Title: 7 CFR Part 235—State Administrative Expense (SAE) Funds.

OMB Control Number: 0584–0067.

Summary of Collection: The authority for this collection is provided for in Sections 7 and 10 of the Child Nutrition Act of 1966, 80 Stat. 888, 889, as amended (42 U.S.C. 1776, 1779). As required, the Food and Nutrition Service (FNS) issued regulations in 7 CFR part 235, which prescribes the methods for making payments of funds to State agencies to use for administrative expenses incurred in supervising and giving technical assistance in connection with activities undertaken by them under the National School Lunch Program (NSLP) (7 CFR part 210), the Special Milk Program (SMP) (7 CFR part 215), the School Breakfast Program (SBP) (7 CFR part 220), the Child and Adult Care Food Program (CACFP) (7 CFR part 226), and the Food Distribution Program (FDP) (7 CFR part 250). The State agencies also maintain current accounting records of State administrative expense funds which identify fund authorizations, obligations, unobligated balances, assets, liabilities, outlays, and income.

Need and Use of the Information: Under this mandatory information collection, FNS collects the information necessary for making payments for funds to State agencies to use for the administrative expenses incurred in supervising and giving technical assistance in connection with the activities undertaken by the State agency under NSLP, SMP, SBP, CACFP, and the FDP. The Federal regulations in 7 CFR part 235 SAE Funds require the collection of information associated with this collection. This information is collected through written agreements that cover the operation of the Program during a specified period; State Administrative Expense plans that outline funding and activities; State Administrative Expense Funds Reallocation Reports that describe the use of SAE funds; and annual reports containing information on School Food Authorities (SFAs) under agreement with the State agency to participate in the National School Lunch or Commodity School Programs.

Food and Nutrition Service

Title: WIC Participant and Program Characteristics Study 2020 and 2022.

OMB Control Number: 0584–0609.

Summary of Collection: This data collection effort for the Special

Supplemental Nutrition Program for Women, Infants, and Children (WIC) Participant and Program Characteristics Study is authorized by 7 CFR 246.25(b)(3) (2011). This legislation requires State and local agencies to provide information required by the U.S. Department of Agriculture's (USDA) Food and Nutrition Service (FNS) for the creation of biennial reports on WIC participant and program characteristics (PC). This information includes, at a minimum, income and nutritional risk characteristics of participants, information on breastfeeding incidence and duration, and participation in the program by category (pregnant, breastfeeding, and postpartum women; infants; and children) within each priority level (as established in 7 CFR 246.7 (e)(4)) and by migrant farmworker households. The study affirms FNS's seventh strategic goal for 2018–2022: To provide all Americans access to a safe, nutritious, and secure food supply.

Need and Use of the Information: The WIC PC Study will collect updated program characteristics data from each of the 90 WIC State agencies. The data collection involves extracting data from the certification systems of each of the 90 WIC State agencies. The data files from this extraction contain two sets of data elements—the Minimum Data Set (MDS) and the Supplemental Data Set (SDS). All of the WIC State agencies are required to submit the MDS but it is optional to submit the SDS. FNS uses this data for general program monitoring as well as for managing the information needs of the program. The data is used to estimate budgets, submit civil rights reporting, identify needs for research, and review current and proposed WIC policies and procedures. FNS uses this data to produce the WIC PC reports which provide the most comprehensive and up-to-date statistics on WIC.

Description of Respondents: State, Local, or Tribal Government.

Number of Respondents: 360.

Frequency of Responses: Reporting: Biennially.

Total Burden Hours: 629.

SUPPLEMENTARY INFORMATION:

Background

Codex was established in 1963 by two United Nations organizations, the Food and Agriculture Organization and the World Health Organization. Through adoption of food standards, codes of practice, and other guidelines developed by its committees, and by promoting their adoption and implementation by governments, Codex seeks to protect the health of consumers and ensure fair practices in the food trade.

The Terms of Reference of the Codex Ad Hoc Intergovernmental Task Force on Antimicrobial Resistance (TFAMR) are:

(a) To review and revise as appropriate the Code of Practice to Minimize and Contain Antimicrobial Resistance (CAC/RCP 61–20005) to address the entire food chain, in line with the mandate of Codex;

(b) To consider the development of Guidance on Integrated Surveillance of Antimicrobial Resistance, taking into account the guidance developed by the WHO Advisory Group on Integrated Surveillance of Antimicrobial Resistance (AGISAR) and relevant World Organization for Animal Health (OIE) documents.

The TFAMR is hosted by the Republic of Korea. The United States attends the TFAMR as a member country of Codex.
