Endangered and Threatened Wildlife and Plants; Initiation of 5-Year Reviews of Seven Northeastern Species

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of initiation of reviews; request for information.

SUMMARY: We, the U.S. Fish and Wildlife Service (Service), are initiating 5-year reviews under the Endangered Species Act, as amended (ESA), for seven northeastern species. A 5-year review is based on the best scientific and commercial data available at the time of the review. We are requesting submission of any such information that has become available since the previous 5-year review for each species.

DATES: To ensure consideration, please submit your written information by October 4, 2019. However, we will continue to accept new information about any listed species at any time.

ADDRESSES: For instructions on how and where to submit information, see Request for New Information and Table 2—Contacts under **SUPPLEMENTARY INFORMATION**.

FOR FURTHER INFORMATION CONTACT: For information regarding a particular species, contact the appropriate person or office listed in Table 2—Contacts in **SUPPLEMENTARY INFORMATION**. For general information, contact Martin Miller, by U.S. mail at U.S. Fish and Wildlife Service, 300 Westgate Center Drive, Hadley, MA 01035; by telephone at 413-253-8615; or by electronic mail at martin_miller@fws.gov.

SUPPLEMENTARY INFORMATION: We, the Service, are initiating 5-year reviews under the ESA (16 U.S.C. 1531 *et seq.*) for seven northeastern species: The endangered Appalachian monkeyface (pearlymussel), Hay’s spring amphipod, Atlantic salmon (Gulf of Maine Distinct Population Segment), and diamond darter and the threatened Virginia round-leafed birch, Virginia spiraea, and swamp pink.

A 5-year review is based on the best scientific and commercial data available at the time of the review. We are requesting submission of any such

information that has become available since the most recent status review for each species.

Why do we conduct 5-year reviews and species status assessments?

Under the ESA, we maintain Lists of Endangered and Threatened Wildlife and Plants (which we collectively refer to as the List) in title 50 of the Code of Federal Regulations at 50 CFR 17.11(h) (for wildlife) and 50 CFR 17.12(h) (for plants). Listed wildlife and plants can also be found at http://ecos.fws.gov/tess_public/pub/listedAnimals.jsp and http://ecos.fws.gov/tess_public/pub/listedPlants.jsp, respectively. Section 4(c)(2)(A) of the ESA requires us to review each listed species’ status at least once every 5 years. Our regulations at 50 CFR 424.21 require that we publish a notice in the **Federal Register** announcing species under active review. For additional information about 5-year reviews, refer to our fact sheet at <http://www.fws.gov/endangered/what-we-do/recovery-overview.html>.

What species are under review?

We are initiating 5-year status reviews of the species in table 1.

TABLE 1—SPECIES UNDER REVIEW

Common name	Scientific name	Status	Where listed	Listing date and citation
Animals				
Appalachian monkeyface ..	<i>Quadrula sparsa</i>	Endangered	Wherever found	41 FR 24062; 06/14/1976.
Hay’s spring amphipod	<i>Stygobromus hayi</i>	Endangered	Wherever found	47 FR 5425; 02/05/1982.
Atlantic salmon	<i>Salmo salar</i>	Endangered	Gulf of Maine Distinct Population Segment.	74 FR 29344; 06/19/2009.
Diamond darter	<i>Crystallaria cincotta</i>	Endangered	Wherever found	78 FR 45074; 07/26/2013.
Plants				
Virginia round-leaf birch	<i>Betula uber</i>	Threatened	Wherever found	59 FR 59173; 11/16/1994.
Virginia spiraea	<i>Spiraea virginiana</i>	Threatened	Wherever found	55 FR 24241; 06/15/1990.
Swamp pink	<i>Helonius bullata</i>	Threatened	Wherever found	53 FR 35076; 09/09/1988.

What information do we consider in our 5-year reviews and species status assessments?

A 5-year review considers all new information available at the time of the review. In conducting the review, we consider the best scientific and commercial data that have become available since the most recent status review. We are seeking new information specifically regarding:

- (1) Species biology, including but not limited to life history and habitat requirements and impact tolerance thresholds;
- (2) Historical and current population conditions, including but not limited to population abundance, trends,

distribution, demographics, and genetics;

(3) Historical and current habitat conditions, including but not limited to amount, distribution, and suitability;

(4) Historical and current threats, threat trends, and threat projections in relation to the five listing factors (as defined in section 4(a)(1) of the ESA);

(5) Conservation measures for the species that have been implemented or are planned; and

(6) Other new information, data, or corrections, including but not limited to taxonomic or nomenclatural changes, identification of erroneous information contained in the List, and improved analytical methods.

Any new information received will be considered during the 5-year review and will also be useful in evaluating ongoing recovery programs for the species.

Request for New Information

To ensure that 5-year reviews are based on the best available scientific and commercial information, we request new information from all sources. If you submit information, please support it with documentation such as maps, bibliographic references, methods used to gather and analyze the data, and/or copies of any pertinent publications, reports, or letters by knowledgeable sources.

How do I ask questions or provide information?

Please submit your questions, comments, and materials to the appropriate contact in table 2. Individuals who are hearing impaired or speech impaired may call the Federal Relay Service at 800-877-8339 for TTY assistance.

Public Availability of Comments

Before including your address, phone number, electronic mail address, or other personal identifying information in your submission, you should be aware that your entire submission—including your personal identifying information—may be made publicly available at any time. Although you can request that personal information be withheld from public review, we cannot guarantee that we will be able to do so.

Materials received will be available for public inspection, by appointment, during normal business hours at the offices where the information is submitted.

Contacts

New information on the species covered in this notice should be submitted by mail or electronic mail to the appropriate contact person within the timeframe provided in **DATES**.

Request for Nominations for the Gateway National Recreation Area Fort Hancock 21st Century Advisory Committee

AGENCY: National Park Service, Interior.

ACTION: Request for nominations.

SUMMARY: The National Park Service, U.S. Department of the Interior, is requesting nominations for qualified persons to serve as members of the Gateway National Recreation Area Fort Hancock 21st Century Advisory Committee.

DATES: Written nominations must be received by October 4, 2019.

ADDRESSES: Nominations should be sent to Daphne Yun, U.S. Department of the Interior, National Park Service, Gateway National Recreation Area, Office of the Superintendent, 210 New York Avenue, Staten Island, New York 10305, or email daphne_yun@nps.gov.

FOR FURTHER INFORMATION CONTACT:

Daphne Yun, U.S. Department of the Interior, National Park Service, Gateway National Recreation Area, Sandy Hook Unit, 26 Hudson Road, Highlands, New Jersey 07732, or email at daphne_yun@nps.gov, or via telephone at (732) 872-5908.

SUPPLEMENTARY INFORMATION: The Gateway National Recreation Area Fort Hancock 21st Century Advisory Committee was established by authority of the Secretary of the Interior under 54 U.S.C. 100906, and in accordance with the Federal Advisory Committee Act (5 U.S.C. Appendix 2). The purpose of the Committee is to advise the Secretary of the Interior, through the Director of the National Park Service, on the development of a reuse plan and on matters relating to future uses of certain buildings at the Fort Hancock Historic District, located within the Sandy Hook

Unit of Gateway National Recreation Area in New Jersey.

The Committee consists of representatives from among, but not limited to, the following interest groups to represent a range of interests concerned with the management of Fort Hancock within the park and its impact on the local area: The natural resource community, the business community, the cultural resource community, the real estate community, the recreation community, the education community, the scientific community, and hospitality organizations. The Committee will also include representatives from the following municipalities: Borough of Highlands, Borough of Sea Bright, Borough of Rumson, Middletown Township, Monmouth County Freeholders, and Borough of Monmouth Beach. We are currently seeking members to represent all categories.

Nominations should be typed and should include a resume providing an adequate description of the nominee's qualifications, including information that would enable the Department of the Interior to make an informed decision regarding meeting the membership requirements of the Committee and permit the Department to contact a potential member.
