SUPPLEMENTARY INFORMATION: CPSC seeks to renew the following currently approved collection of information:

Title: Third Party Conformity Assessment Body Registration Form.

OMB Number: 3041–0143.

Type of Review: Renewal of collection.

Frequency of Response: On occasion.

Affected Public: Third party conformity assessment bodies seeking acceptance of accreditation or continuing accreditation.

General Description of Collection: The Consumer Product Safety Improvement Act of 2008 (CPSIA) requires third party testing be conducted by a third party conformity assessment body for any children’s product, that is subject to a children’s product safety rule, before importing for consumption or warehousing or distributing in commerce. The CPSIA allows accreditation of third party conformity assessment bodies to be conducted either by the Commission or by an independent accreditation organization designated by the Commission, and requires that the Commission maintain on its website an up-to-date list of entities that have been accredited to assess conformity with children’s product safety rules. With the exception of firewalled third party conformity assessment bodies, the Commission has chosen to accept the accreditation of third party conformity assessment bodies that meet accreditation requirements of an independent accreditation organization.

To assess a third party conformity assessment body’s qualifications for acceptance by CPSC, information related to location, accreditation, and ownership must be collected from third party conformity assessment bodies. The CPSC uses an online collection form, CPSC Form 223, to gather information from third party conformity assessment bodies voluntarily seeking acceptance by CPSC. The information collected relates to location, accreditation, and ownership. The Commission staff uses this information to assess:

- A third party conformity assessment body’s status as either an independent third party conformity assessment body, a government-owned or government-controlled conformity assessment body, or a firewalled conformity assessment body;
- Qualifications for acceptance by CPSC to test for compliance to specified children’s product safety rules; and
- Eligibility for acceptance on the CPSC website.

Part 1112 requires the collection of information in CPSC Form 223:

- Upon initial application by the third party conformity assessment body for acceptance by CPSC;
- Whenever there is a change to accreditation or ownership information; and
- At least every 2 years as part of a regular audit process.

Estimated Burden: The CPSC estimates the burden of the collection of information in CPSC Form 223 is as follows:
