

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act³³ and Rule 19b-4(f)(6) thereunder.³⁴

A proposed rule change filed under Rule 19b-4(f)(6)³⁵ normally does not become operative for 30 days after the date of the filing. However, pursuant to Rule 19b-4(f)(6)(iii),³⁶ the Commission may designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has asked the Commission to waive the 30-day operative delay to allow the Funds to begin listing and trading on the Exchange without delay. The Exchange states that its representations regarding the requirements for each Underlying Index are substantially similar to those included in relation to the Comparable Indexes and Comparable VRDO Index in the Comparable Filing and Comparable VRDO Filing, respectively. Moreover, according to the Exchange, waiver of the 30-day operative delay will more quickly facilitate the listing and trading of additional exchange-traded products that will enhance competition among market participants, to the benefit of investors and the marketplace. For these reasons, the Commission believes that waiver of the 30-day operative delay is consistent with the protection of investors and the public interest. Accordingly, the Commission waives the 30-day operative delay and designates the proposed rule change operative upon filing.³⁷

At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if

it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule change should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an email to rule-comments@sec.gov. Please include File Number SR-NASDAQ-2019-070 on the subject line.

Paper Comments

- Send paper comments in triplicate to Secretary, Securities and Exchange Commission, 100 F Street NE, Washington, DC 20549-1090.
- All submissions should refer to File Number SR-NASDAQ-2019-070. This file number should be included on the subject line if email is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's internet website (<http://www.sec.gov/rules/sro.shtml>). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for website viewing and printing in the Commission's Public Reference Room, 100 F Street NE, Washington, DC 20549 on official business days between the hours of 10:00 a.m. and 3:00 p.m. Copies of such filing also will be available for inspection and copying at the principal office of the Exchange. All comments received will be posted without change. Persons submitting comments are cautioned that we do not redact or edit personal identifying information from comment submissions. You should submit only information that you wish

to make available publicly. All submissions should refer to File Number SR-NASDAQ-2019-070, and should be submitted on or before October 7, 2019.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.³⁸

Jill M. Peterson,
Assistant Secretary.

BILLING CODE 8011-01-P

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-86920; File No. SR-CBOE-2019-056]

Self-Regulatory Organizations; Cboe Exchange, Inc.; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change Relating to the Cboe Trade Match System

September 10, 2019.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on September 5, 2019, Cboe Exchange, Inc. (the "Exchange" or "Cboe Options") filed with the Securities and Exchange Commission (the "Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Exchange filed the proposal as a "non-controversial" proposed rule change pursuant to Section 19(b)(3)(A)(iii) of the Act³ and Rule 19b-4(f)(6) thereunder.⁴ The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

Cboe Exchange, Inc. (the "Exchange" or "Cboe Options") proposes to update the Exchange's Rules regarding the Cboe Trade Match System ("CTM") and move those Rules from the currently effective Rulebook ("current Rulebook") to the shell structure for the Exchange's Rulebook that will become effective upon the migration of the Exchange's trading platform to the same system used by the Cboe Affiliated Exchanges (as defined below) ("shell Rulebook"). The text of the proposed rule change is provided in Exhibit 5.

³⁸ 17 CFR 200.30-3(a)(12).

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

³ 15 U.S.C. 78s(b)(3)(A)(iii).

⁴ 17 CFR 240.19b-4(f)(6).

³³ 15 U.S.C. 78s(b)(3)(A).

³⁴ 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6)(iii) requires a self-regulatory organization to give the Commission written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this requirement.

³⁵ 17 CFR 240.19b-4(f)(6).

³⁶ 17 CFR 240.19b-4(f)(6)(iii).

³⁷ For purposes only of waiving the 30-day operative delay, the Commission has also considered the proposed rule's impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(f).

The text of the proposed rule change is also available on the Exchange's website (<http://www.cboe.com/AboutCBOE/CBOELegalRegulatoryHome.aspx>), at the Exchange's Office of the Secretary, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

In 2016, the Exchange's parent company, Cboe Global Markets, Inc. (formerly named CBOE Holdings, Inc.) ("Cboe Global"), which is also the parent company of Cboe C2 Exchange, Inc. ("C2"), acquired Cboe EDGA Exchange, Inc. ("EDGA"), Cboe EDGX Exchange, Inc. ("EDGX" or "EDGX Options"), Cboe BZX Exchange, Inc. ("BZX" or "BZX Options"), and Cboe BYX Exchange, Inc. ("BYX" and, together with Cboe Options, C2, EDGX, EDGA, and BZX, the "Cboe Affiliated Exchanges"). Cboe Options intends to migrate its trading platform to the same system used by the Cboe Affiliated Exchanges, which the Exchange expects to complete on October 7, 2019. In connection with this technology migration, the Exchange has a shell Rulebook that resides alongside its current Rulebook, which shell Rulebook will contain the Rules that will be in place upon completion of the Cboe Options technology migration.

The Exchange proposes to harmonize current Rule 6.67 in connection with the Cboe Trade Match System ("CTM"), which allows authorized Trading Permit Holders ("TPHs") to add and/or update trade records, to C2 Rule 6.31, which provides for the "Clearing Editor" and is functionally equivalent to CTM. The Exchange now proposes Rule 6.6 in the shell Rulebook, which will govern the Exchange's Clearing Editor upon migration, and to delete Rule 6.67 from

the current Rulebook, also upon migration. The Exchange proposes to amend the rule to conform to the Clearing Editor functionality and rule language of that of C2 to the extent necessary to retain intended differences unique to Cboe Options market-model, functionality, and/or rule text, which are identified below. The Exchange also proposes to make non-substantive changes by updating cross-references to rules in the shell Rulebook and rules not yet in the shell Rulebook but that in the Exchange intends to move to the shell Rulebook and, as a result of consolidating and conforming the proposed rule to the corresponding C2 rule, make non-substantive changes that simplify and update the rule text to read in plain English and reformat the paragraph lettering and/or numbering.

Specifically, the Clearing Editor under proposed Rule 6.6, like CTM, allows TPHs to update executed trades on their trading date and revise them for clearing. Proposed Rule 6.6(a) is substantively the same as the current general language under Rule 6.67 and is consistent with corresponding C2 Rule 6.31(a). The Exchange maintains that along with using Clearing Editor to correct certain bona fide errors, TPHs may use it to update information entered pursuant to Rule 6.1 in the shell Rulebook (current Rule 6.51).⁵ The proposed rule maintains this difference between it and C2 Rule 6.31 as it relates to the systemization or report of an order executed in open outcry which is unique to Cboe Options. Proposed Rule 6.6(b) is also substantially similar to current 6.67(a). The proposed rule change makes minor updates to conform the rule to corresponding C2 Rule 6.31(b), including allowing a TPH to change the account and subaccount field, as opposed to only the market-maker account and subaccount currently allowed, and updating the term origin code to capacity code which is both consistent with the current C2 term, as well as currently defined in the shell Rulebook and to be used in the Exchange Rules upon migration.⁶ The proposed rule retains language that provides that a change to capacity code may not be made from a customer code to any other code. The proposed rule maintains this difference between it and the corresponding C2 Rule because Cboe Options will continue to provide for customer priority upon migration,⁷ unlike C2 which does not account for

customer priority. The proposed rule change deletes current Rule 6.67(b), which lists fields TPHs may change only if they provide notice to the Exchange. Upon migration, Clearing Editor will not permit TPHs to change these fields, which is consistent with C2 Rule 6.31. If a TPH must change the series, quantity, buy or sell, or premium price, it must contact the Exchange pursuant to Rule 6.5 in the shell Rulebook (current Rule 6.25) regarding obvious errors. In light of the proposed deletion of Rule 6.67(b), the proposed rules change also removes the provision under Rule 6.67 which states that the Exchange will announce documentation requirements related to changes made through the use of CTM via a Regulatory Circular. This provision is currently in place in order for a TPH to provide to the Exchange notice and document of the any changes made pursuant to Rule 6.67(b). Because the proposed rule change removes Rule 6.67(b), this provision is no longer applicable.⁸ The proposed rule change also does not make any substantive changes to current paragraph (c) regarding changes made related to give ups, but merely moves the provision to proposed paragraph (c) and updates the language to be consistent with C2 Rule 6.31(c). The Exchange notes that the term "Designated Give Up" is also consistent with current Rule 6.21 (shell Rulebook Rule 5.10), which was recently amended to reflect such term. Finally, the proposed rule change moves current Rule 6.67.01 to proposed Rule 6.6.01 and makes only minor updates to the language to conform to C2 Rule 6.31.01. It does not make any substantive changes to this rule.

2. Statutory Basis

The Exchange believes the proposed rule change is consistent with the Securities Exchange Act of 1934 (the "Act") and the rules and regulations thereunder applicable to the Exchange and, in particular, the requirements of Section 6(b) of the Act.⁹ Specifically, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)¹⁰ requirements that the rules of an exchange be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to,

⁵ The Exchange notes that in anticipation of migration it intends to move Rule 6.51 to Rule 6.1 without making substantive changes to the rule.

⁶ See Rule 1.1 in the shell Rulebook.

⁷ See Rule 5.32 in the shell Rulebook.

⁸ The Exchange notes that change made in the Clearing Editor will continue to be documented in the Exchange's audit trail.

⁹ 15 U.S.C. 78f(b).

¹⁰ 15 U.S.C. 78f(b)(5).

and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. Additionally, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)¹¹ requirement that the rules of an exchange not be designed to permit unfair discrimination between customers, issuers, brokers, or dealers.

The proposed rule change is intended to align the Exchange's current CTM rule and system functionality with one of the Cboe Affiliated Exchanges, C2, in order to provide a consistent technology offering across the affiliated exchanges upon the technology migration on October 7, 2019. A consistent technology offering, in turn, will simplify the technology implementation, changes and maintenance by TPHs of the Exchange that are also participants on C2. The proposed rule change does not propose to implement new or unique functionality that has not been previously filed with the Commission, found to be consistent with the Act, or is not available on Cboe Affiliated Exchanges. As a result of a consistent Clearing Editor rule and system functionality between the Exchange and C2, the proposed rule change will foster cooperation and coordination with persons engaged in facilitating transactions in securities and remove impediment to and perfect the mechanism of a free and open market and national market system by simplifying the regulatory requirements and increasing the understanding of the Exchange's operations for TPHs that are also participants on C2. The Exchange notes that the proposed rule only makes the above-mentioned minor updates in order to conform to the corresponding C2 rule; including allowing a TPH to change the account and subaccount field (as opposed to only the market-maker account and subaccount currently allowed), updating the term origin code to capacity code (which is both consistent with the C2 rule and the definition in the shell Rulebook), and removing the provision that only allows TPHs to change certain fields if they provide notice to the Exchange. The Exchange believes that these updates will provide harmonization between the functionality and rules across the affiliated exchanges, and, in turn, foster greater uniformity and less burdensome and more efficient regulatory compliance. As stated above, the proposed rule is different only to the

extent that it maintains intended differences unique to Cboe Options market-model, functionality, and/or rule text, thereby protecting investors by providing rules that clearly and properly reflect nuances between the Exchange and C2. The Exchange also notes that the proposed rule is substantially the same as the current rule. The proposed rule change makes other various non-substantive changes to the rule, largely in part to make it consistent with C2's rule. The proposed non-substantive changes will protect investors and benefit market participants by simplifying the rules, using plain English throughout the rules, and updating cross-references and paragraph lettering/numbering.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The Exchange reiterates that the proposed rule change is being proposed in the context of a technology migration of the Cboe Affiliated Exchanges. As stated, the proposed changes to the rules that reflect functionality that will be in place come October 7, 2019 provide clear rules that accurately reflect post-migration functionality upon the completion of migration. The Exchange believes the proposed rule change will benefit Exchange participants in that it will provide a consistent technology offering for TPHs by the Cboe Affiliated Exchanges. The Exchange does not believe the proposed rule change will impose any burden on intramarket competition because the proposed Clearing Editor will be available to all TPHs, both on the floor and electronically, to update executed trades on their trading date and revise them for clearing in the same manner. The Exchange also does not believe that the proposed rule change will impose any burden on intermarket competition because the basis for the proposed rule change are the rules of C2, which have previously been filed with the Commission.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

The Exchange neither solicited nor received comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not:

(i) Significantly affect the protection of investors or the public interest;

(ii) impose any significant burden on competition; and

(iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act¹² and Rule 19b-4(f)(6)¹³ thereunder. At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission will institute proceedings to determine whether the proposed rule change should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an email to rule-comments@sec.gov. Please include File Number SR-CBOE-2019-056 on the subject line.

Paper Comments

- Send paper comments in triplicate to the Secretary, Securities and Exchange Commission, 100 F Street NE, Washington, DC 20549-1090. All submissions should refer to File Number SR-CBOE-2019-056. This file number should be included on the subject line if email is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's internet website (<http://www.sec.gov/rules/sro.shtml>). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the

Extension:

Rule 602, SEC File No. 270-404, OMB Control No. 3235-0461

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 ("PRA") (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission ("Commission") is soliciting comments on the existing collection of information provided for in Rule 602 of Regulation NMS (17 CFR 240.602), under the Securities Exchange Act of 1934 (15 U.S.C. 78a *et seq.*). The Commission plans to submit this existing collection of information to the Office of Management and Budget ("OMB") for extension and approval.

Rule 602 of Regulation NMS, Dissemination of Quotations in NMS securities, contains two related

collections. The first collection of information is found in Rule 602(a).¹ This third-party disclosure requirement obligates each national securities exchange and national securities association to make available to quotation vendors for dissemination to the public the best bid, best offer, and aggregate quotation size for each "subject security," as defined under the Rule. The second collection of information is found in Rule 602(b).² This disclosure requirement obligates any exchange member and over-the-counter ("OTC") market maker that is a "responsible broker or dealer," as defined under the Rule, to communicate to an exchange or association its best bids, best offers, and quotation sizes for subject securities.³

It is anticipated that twenty-three respondents, consisting of twenty-two national securities exchanges and one national securities association, will collectively respond approximately 5,780,026,336,314 times per year pursuant to Rule 602(a) at 18.22 microseconds per response, resulting in a total annual burden of approximately 30,590 hours. It is anticipated that no respondents will have a reporting burden pursuant to Rule 602(b).⁴

Thus, the aggregate third-party disclosure burden under Rule 602 is 30,590 hours annually which is comprised of 30,590 hours relating to Rule 602(a) and 0 hours relating to Rule 602(b).

Written comments are invited on: (a) Whether the proposed collections of information are necessary for the proper performance of the functions of the Commission, including whether the information will have practical utility; (b) the accuracy of the Commission's estimate of the burden of the proposed

¹ 17 CFR 242.602(a).

² 17 CFR 242.602(b).

³ Under Rule 602(b)(5), electronic communications networks ("ECNs") have the option of reporting to an exchange or association for public dissemination, on behalf of customers that are OTC market makers or exchange market makers, the best-priced orders and the full size for such orders entered by market makers on the ECN, to satisfy such market makers' reporting obligation under Rule 602(b). Since this reporting requirement is an alternative method of meeting the market makers' reporting obligation, and because it is directed to nine or fewer persons (ECNs), this collection of information is not subject to OMB review under the Paperwork Reduction Act ("PRA").

⁴ For the reporting obligation under Rule 602(b), the respondents are exchange members and OTC market makers. The Commission believes that communication of quotations through an exchange's electronic trading system effectively means that exchange members currently have no reporting burden under Rule 602(b) for these quotations. The Commission also believes that there are presently no OTC market makers that quote other than on an exchange.

collections of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of collections of information on those who are to respond, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted in writing within 60 days of this publication.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information under the PRA unless it displays a currently valid OMB control number.

Please direct your written comments to: Charles Riddle, Acting Director/Chief Information Officer, Securities and Exchange Commission, c/o Candace Kenner, 100 F Street NE, Washington, DC 20549, or send an email to: PRA_Mailbox@sec.gov.

Dated: September 11, 2019.
