### Note to Employees

For general questions about the employment eligibility verification process, employees may call USCIS at 888-897-7781 (TTY 877-875-6028) or email USCIS at [I-9Central@dhs.gov](mailto:I-9Central@dhs.gov). Calls are accepted in English, Spanish, and many other languages. Employees or applicants may also call the IER Worker Hotline at 800-255-7688 (TTY 800-237-2515) for information regarding employment discrimination based upon citizenship, immigration status, or national origin, including discrimination related to Employment Eligibility Verification (Form I-9) and E-Verify. The IER Worker Hotline provides language interpretation in numerous languages.

To comply with the law, employers must accept any document or combination of documents from the Lists of Acceptable Documents if the documentation reasonably appears to be genuine and to relate to the employee, or an acceptable List A, List B, or List C receipt as described in the Employment Eligibility Verification (Form I-9) Instructions. Employers may not require extra or additional documentation beyond what is required for Form I-9 completion. Further, employers participating in E-Verify who receive an E-Verify case result of "Tentative Nonconfirmation" (TNC) must promptly inform employees of the TNC and give such employees an opportunity to contest the TNC. A TNC case result means that the information entered into E-Verify from an employee's Form I-9 differs from Federal or state government records.

Employers may not terminate, suspend, delay training, withhold pay, lower pay, or take any adverse action against an employee because of the TNC while the case is still pending with E-Verify. A Final Nonconfirmation (FNC) case result is received when E-Verify cannot verify an employee's employment eligibility. An employer may terminate employment based on a case result of FNC. Work-authorized employees who receive an FNC may call USCIS for assistance at 888-897-7781 (TTY 877-875-6028). For more information about E-Verify-related discrimination or to report an employer for discrimination in the E-Verify process based on citizenship, immigration status, or national origin,

contact IER's Worker Hotline at 800-255-7688 (TTY 800-237-2515). Additional information about proper nondiscriminatory Form I-9 and E-Verify procedures is available on the IER website at <https://www.justice.gov/ier> and on the USCIS and E-Verify websites at <https://www.uscis.gov/i-9-central> and <https://www.e-verify.gov>.

### Note Regarding Federal, State, and Local Government Agencies (Such as Departments of Motor Vehicles)

While Federal Government agencies must follow the guidelines laid out by the Federal Government, state and local government agencies establish their own rules and guidelines when granting certain benefits. Each state may have different laws, requirements, and determinations about what documents you need to provide to prove eligibility for certain benefits. Whether you are applying for a Federal, state, or local government benefit, you may need to provide the government agency with documents that show you are a TPS beneficiary and/or show you are authorized to work based on TPS.

Examples of such documents are:

- (1) Your current EAD;
- (2) A copy of your Notice of Action (Form I-797C), the notice of receipt, for your application to renew your current EAD providing an automatic extension of your currently expired or expiring EAD;
- (3) A copy of your Notice of Action (Form I-797C), the notice of receipt, for your Application for Temporary Protected Status for this re-registration; and
- (4) A copy of your Notice of Action (Form I-797), the notice of approval, for a past or current Application for Temporary Protected Status, if you received one from USCIS. Check with the government agency regarding which document(s) the agency will accept. Some benefit-granting agencies use the USCIS Systematic Alien Verification for Entitlements (SAVE) program to confirm the current immigration status of applicants for public benefits. While SAVE can verify when an individual has TPS, each agency's procedures govern whether they will accept an unexpired EAD, I-797, or I-94. You should present the agency with a copy of the relevant **Federal Register** Notice showing the extension of TPS-related documentation in addition to your recent TPS-related document with your alien or I-94 number. You should explain that SAVE will be able to verify the continuation of your TPS. You should ask the agency to initiate a SAVE query with your information and follow through with additional verification

steps, if necessary, to get a final SAVE response showing the TPS. You can also ask the agency to look for SAVE notices or contact SAVE if they have any questions about your immigration status or auto-extension of TPS-related documentation. In most cases, SAVE provides an automated electronic response to benefit-granting agencies within seconds, but, occasionally, verification can be delayed. You can check the status of your SAVE verification by using CaseCheck at the following link: <https://save.uscis.gov/casecheck/>, then by clicking the "Check Your Case" button. CaseCheck is a free service that lets you follow the progress of your SAVE verification using your date of birth and one immigration identifier number. If an agency has denied your application based solely or in part on a SAVE response, the agency must offer you the opportunity to appeal the decision in accordance with the agency's procedures. If the agency has received and acted upon or will act upon a SAVE verification and you do not believe the response is correct, you may make an InfoPass appointment for an in-person interview at a local USCIS office. Detailed information on how to make corrections, make an appointment, or submit a written request to correct records under the Freedom of Information Act can be found on the SAVE website at <http://www.uscis.gov/save>.

### Habitat Conservation Plan for the Yelm Pocket Gopher; Incidental Take Permit Application in Thurston County, Washington; Categorical Exclusion

**AGENCY:** Fish and Wildlife Service, Interior.

**ACTION:** Notice of availability; request for comments.

**SUMMARY:** We, the U.S. Fish and Wildlife Service, have received an application from M-Gopher, LLC, for an incidental take permit (ITP) pursuant to the Endangered Species Act. The ITP would authorize "take" of the Yelm subspecies of the Mazama pocket gopher, incidental to otherwise lawful activities during construction of a single-family home in Thurston County, Washington. The application includes a habitat conservation plan (HCP) with

measures to minimize and mitigate the impacts of the taking of the Yelm pocket gopher. We have also prepared a draft environmental action statement (EAS) that includes our preliminary determination that the ITP decision may be eligible for categorical exclusion under the National Environmental Policy Act. We provide this notice to open a public comment period and to invite comments from all interested parties regarding the above-referenced documents.

**DATES:** To ensure consideration, please submit written comments by October 23, 2019.

**ADDRESSES:** To access or request documents, request further information, and/or submit written comments, please use the following methods:

**SUPPLEMENTARY INFORMATION:** We, the U.S. Fish and Wildlife Service (Service), have received an application for an incidental take permit (ITP) pursuant to section 10(a)(1)(B) of the Endangered Species Act of 1973, as amended (ESA; 16 U.S.C. 1531 *et seq.*). M-Gopher, LLC (the applicant), requests a 7-year permit term that would authorize "take" of the Yelm subspecies of the Mazama pocket gopher (*Thomomys mazama yelmensis*), hereafter referred to as Yelm pocket gopher, incidental to construction of one single-family home on land in Thurston County, Washington. This species is listed as threatened under the ESA. The application includes a habitat conservation plan (HCP) that describes actions the applicant will take to

minimize and mitigate the impacts of the taking on the Yelm pocket gopher. We have prepared an environmental action statement (EAS) for the Service's proposed action, in accordance with the requirements of the National Environmental Policy Act of 1969 (NEPA; 42 U.S.C. 4321 *et seq.*). The EAS includes our preliminary determination that the ITP decision may be eligible for categorical exclusion under NEPA.

### Background

Section 9 of the ESA and its implementing regulations in title 50 of the Code of Federal Regulations prohibit "take" of fish and wildlife species listed as endangered or threatened. Under the ESA, the term "take" means to harass, harm, pursue, hunt, shoot, wound, kill, trap, capture, or collect, or to attempt to engage in any such conduct (16 U.S.C. 1532(19)).

Section 10(a)(1)(B) of the ESA contains provisions that authorize the Service to issue permits to non-Federal entities for the take of endangered and threatened species caused by otherwise lawful activities, provided the following criteria are met: (1) The taking will be incidental; (2) the applicant will, to the maximum extent practicable, minimize and mitigate the impact of such taking; (3) the applicant will ensure that adequate funding for the plan will be provided; (4) the taking will not appreciably reduce the likelihood of the survival and recovery of the species in the wild; and (5) the applicant will carry out any other measures that the Service may require as being necessary or appropriate for the purposes of the plan. Regulations governing permits for endangered and threatened species are found in 50 CFR 17.22 and 17.32, respectively.

### Proposed Action

The Service proposes to issue the requested ITP based on the applicant's commitments to implement the HCP, if permit issuance criteria are met. Covered activities include construction of a single-family home. The area covered under the M-Gopher, LLC, HCP consists of an approximately 0.75-acre project development site, and purchase of a 1-acre mitigation area at an offsite location, the Leitner Prairie conservation site. Take of the Yelm pocket gopher would occur within the development site. Offsetting the impacts of the taking of the Yelm pocket gopher would occur through the permanent protection of the mitigation area. Funding for the management of the mitigation site would be assured as described in the HCP.

### Public Comments

You may submit your comments and materials by one of the methods listed in **ADDRESSES**. We specifically request information, views, and suggestions from interested parties regarding our proposed Federal action, including adequacy of the HCP pursuant to the requirements for permits at 50 CFR parts 13 and 17 and adequacy of the EAS pursuant to NEPA.

### Public Availability of Comments

All comments and materials we receive become part of the public record associated with this action. Before including your address, phone number, email address, or other personally identifiable information in your comments, you should be aware that your entire comment—including your personally identifiable information—may be made publicly available at any time. While you can ask us in your comment to withhold your personally identifiable information from public review, we cannot guarantee that we will be able to do so. All submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, will be made available for public disclosure in their entirety. Comments and materials we receive will be available for public inspection by appointment, during normal business hours, at our Washington Fish and Wildlife Office (see **ADDRESSES**).

### Authority

We provide this notice in accordance with the requirements of section 10 of the ESA and NEPA and their respective implementing regulations (50 CFR 17.32 and 40 CFR 1506.6).
