

to be officially filed 30 days after the date of this publication in the Bureau of Land Management (BLM), Arizona State Office, Phoenix, Arizona. The surveys announced in this notice are necessary for the management of lands administered by the agency indicated.

ADDRESSES: These plats will be available for inspection in the Arizona State Office, Bureau of Land Management, One North Central Avenue, Suite 800, Phoenix, Arizona, 85004-4427. Protests of any of these surveys should be sent to the Arizona State Director at the above address.

FOR FURTHER INFORMATION CONTACT: Gerald Davis, Chief Cadastral Surveyor of Arizona; (602) 417-9558; gtDavis@blm.gov. Persons who use a telecommunications device for the deaf (TDD) may call the Federal Relay Service (FRS) at 1-800-877-8339 to contact the above individual during normal business hours. The FRS is available 24 hours a day, 7 days a week, to leave a message or question with the above individual. You will receive a reply during normal business hours.

SUPPLEMENTARY INFORMATION:

The Gila and Salt River Meridian, Arizona

The plat, in one sheet, representing the survey of the east and west boundaries, the subdivisional lines, and the subdivision of certain sections, Township 36 North, Range 15 East, accepted September 12, 2019, for Group 1186, Arizona.

This plat was prepared at the request of the United States Bureau of Indian Affairs.

The plat, in one sheet, representing the dependent resurvey of a portion of the subdivisional lines, the subdivision of section 8, and metes-and bounds surveys in section 8, Township 18 North, Range 24 East, accepted September 12, 2019, for Group 1191, Arizona.

This plat was prepared at the request of the United States National Park Service.

The San Bernardino Meridian, Arizona

The supplemental plat, in one sheet, showing the amended lotting in sections 28 and 29, Township 16 South, Range 22 East, accepted September 12, 2019, for Group 9116, Arizona.

This plat was prepared at the request of the Bureau of Land Management.

A person or party who wishes to protest against any of these surveys must file a written notice of protest within 30 calendar days from the date of this publication with the Arizona State Director, Bureau of Land

Management, stating that they wish to protest.

A statement of reasons for a protest may be filed with the notice of protest to the State Director, or the statement of reasons must be filed with the State Director within 30 days after the protest is filed. Before including your address, or other personal information in your protest, please be aware that your entire protest, including your personal identifying information, may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Authority: 43 U.S.C. Chap. 3.

Gerald T. Davis,

Chief Cadastral Surveyor of Arizona.

Determination of Eligibility for Consideration as Wilderness Areas, Big South Fork National River and Recreation Area

AGENCY: National Park Service, Interior.

ACTION: Notice of determination of wilderness eligibility for lands in Big South Fork National River and Recreation Area.

SUMMARY: Pursuant to the Wilderness Act of 1964, and in accordance with National Park Service (NPS) *Management Policies* (2006), Section 6.2.1, the NPS has completed a Wilderness Eligibility Assessment to determine if lands within Big South Fork National River and Recreation Area (Big South Fork NRRRA) meet criteria indicating eligibility for preservation as wilderness. The lands subject to the assessment were those identified in the park's General Management Plan as being within the Natural Environment Recreation Zone and the Sensitive Resource Protection Zone. All other zones in the plan are development zones. Based on the assessment, the NPS has concluded that the assessed lands: (1) Are not predominantly roadless and undeveloped; (2) are not greater than 5,000 acres in size or of sufficient size as to make practicable their preservation and use in an unimpaired condition; and (3) do not meet the wilderness character criteria

listed in the Wilderness Act and NPS *Management Policies* (2006). As a result of these findings, the NPS has determined that lands within Big South Fork NRRRA do not warrant further study for possible designation as wilderness at this time. An updated eligibility assessment may be warranted in the future as lands in the park recover from past human disturbance.

ADDRESSES: A map of the lands assessed is on file at Big South Fork National River and Recreation Area Headquarters, 4564 Leatherwood Road, Oneida, Tennessee 37841.

FOR FURTHER INFORMATION CONTACT:

Superintendent Niki Stephanie Nicholas, Big South Fork National River and Recreation Area, by phone at 423-569-9778, via email at BISO_Superintendent@nps.gov, or by mail at Big South Fork National River and Recreation Area, 4564 Leatherwood Road, Oneida, Tennessee 37841.

SUPPLEMENTARY INFORMATION: Big South Fork NRRRA comprises 125,310 acres on the Cumberland Plateau of eastern Tennessee and southern Kentucky. Of this total, 116,309 acres are in Federal ownership. Big South Fork NRRRA has been affected by past extractive activities, including farming, logging, sub-surface coal mining, and drilling for oil and gas.

Staff of the Big South Fork NRRRA reviewed the Primary Eligibility Criteria found in Section 6.2.1.1 of NPS *Management Policies* to evaluate the park's wilderness eligibility. The eligibility assessment initially identified seven areas in the park that are undeveloped, appear to have been affected primarily by the forces of nature, and offer opportunities for solitude and an unconfined type of recreation. These areas range in size from 279.2 acres to 3,655.7 acres. None is over 5,000 acres in size, or, given the nature of adjacent recreational and management activities, of sufficient size to make practicable its preservation and use as wilderness in an unimpaired condition. Furthermore, none of these areas is untrammeled. Due to their small size, each must be actively managed to control the effects of fire, deal with invasive species, and ameliorate the impacts of prior human disturbance. Accordingly, the NPS has determined that none of the acreage administered by the NPS at Big South Fork NRRRA is eligible for designation as wilderness.

A public notice announcing the NPS's intention to conduct this eligibility assessment was placed in the **Federal Register** on December 20, 2016. A previous press release had been issued to local media on March 6, 2007

informing the public of the assessment process. The NPS received no comments on either the press release or the subsequent notice.

Given that no lands at Big South Fork NRR currently eligible for wilderness consideration, no wilderness study will be undertaken pursuant to *Management Policies* Section 2.2.2 to develop a recommendation to Congress for wilderness designation.

Dated: August 5, 2019.

Robert A. Vogel,

Regional Director.

Determination of Eligibility for Consideration as Wilderness Areas, Obed Wild and Scenic River

AGENCY: National Park Service, Interior.

ACTION: Notice of determination of wilderness eligibility for lands in Obed Wild and Scenic River.

SUMMARY: Pursuant to the Wilderness Act of 1964, and in accordance with National Park Service (NPS) *Management Policies* (2006), Section 6.2.1, the NPS has completed a Wilderness Eligibility Assessment to determine if lands within Obed Wild and Scenic River (Obed WSR) meet criteria indicating eligibility for preservation as wilderness. Based on the assessment, the NPS has concluded that the assessed lands: (1) Are not predominantly roadless and undeveloped; (2) are not greater than 5,000 acres in size or of sufficient size as to make practicable their preservation and use in an unimpaired condition; and (3) do not meet the wilderness character criteria listed in the Wilderness Act and NPS *Management Policies* (2006). As a result of these findings, the NPS has determined that lands within the Obed WSR do not warrant further study for possible designation as wilderness.

ADDRESSES: A map of the lands assessed is on file at Big South Fork National River and Recreation Area Headquarters, 4564 Leatherwood Road, Oneida, Tennessee 37841.

FOR FURTHER INFORMATION CONTACT: Superintendent Niki Stephanie Nicholas, Obed Wild and Scenic River, by phone at 423-569-9778, via email at OBRI_Superintendent@nps.gov, or by

mail at Big South Fork National River and Recreation Area, 4564 Leatherwood Road, Oneida, Tennessee 37841.

SUPPLEMENTARY INFORMATION: Obed WSR comprises approximately 5,530 acres on the Cumberland Plateau of eastern Tennessee. The wild and scenic designation encompasses 45 miles of the Obed River and its tributaries, including Clear Creek, Daddys Creek, and the Emory River. Of the total acreage within the boundary, only about 2,664 acres, in noncontiguous tracts, are owned in fee by the Federal government.

The Primary Eligibility Criteria found in Section 6.2.1.1 of NPS *Management Policies* was reviewed to evaluate Obed WSR's wilderness eligibility. Based on this review, the NPS has determined that none of the acreage administered by the NPS at Obed Wild and Scenic River is eligible for designation as wilderness. While parts of the wild and scenic river are roadless, undeveloped, and appear to have been affected primarily by the forces of nature, no single area is over 5,000 acres in size or is of sufficient size to make practicable its preservation and use as wilderness in an unimpaired condition. Areas owned in fee by the NPS are interspersed with lands owned by the State of Tennessee and by private parties. The fragmentation of the NPS fee lands and their small size precludes their effective management as wilderness.

A public notice announcing the NPS's intention to conduct this eligibility assessment was placed in the **Federal Register** on December 20, 2016. A previous press release had been issued to local media on August 22, 2016 informing the public of the assessment process. The NPS received no comments on either the press release or the subsequent notice.

Given that lands at Obed WSR are not eligible for wilderness consideration, a wilderness study will not be prepared pursuant to *Management Policies* Section 2.2.2.

Dated: September 5, 2019.

Robert A. Vogel,

Regional Director.

Agency Information Collection Activities: Federal Oil and Gas Valuation

AGENCY: Office of Natural Resources Revenue, Interior.

ACTION: Notice of information collection; request for comment.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, the Office of Natural Resources Revenue (ONRR) is proposing to renew an information collection with revisions. ONRR seeks renewed authority to collect information pertaining to (1) the Federal oil and gas valuation regulations, which include transportation and processing regulatory allowance limits; and (2) the accounting and auditing relief for marginal properties.

DATES: You must submit your written comments on or before November 22, 2019.

ADDRESSES: You may submit comments on this Information Collection Request (ICR) to ONRR by using one of the following three methods (please reference "ICR 1012-0005" in the subject line of your comments):

1. Electronically go to <http://www.regulations.gov>. In the entry titled "Enter Keyword or ID," enter "ONRR-2012-0006" and then click "Search." Follow the instructions to submit public comments. ONRR will post all comments.

2. Email comments to Mr. Armand Southall, Regulatory Specialist, at armand.southall@onrr.gov.

3. Hand-carry or mail comments, using an overnight courier service, to ONRR. Our courier address is Building 85, MS 64400B, Denver Federal Center, West 6th Ave. and Kipling St., Denver, Colorado 80225.

FOR FURTHER INFORMATION CONTACT: For questions on technical issues, contact Mr. Peter Christnacht, Royalty Valuation, ONRR, telephone at (303) 233-2225, or email to Peter.Christnacht@onrr.gov. For other questions, contact Mr. Armand Southall, telephone at (303) 231-3221, or email to Armand.Southall@onrr.gov. You may also contact Mr. Southall to obtain copies (free of charge) of (1) the ICR, (2) any associated forms, and (3) the regulations requiring the subject collection of information.
