

promote the efficient operation of the market.

The proposed changes to Rules 4752(d)(3)(B), 4753(b)(3) and 4754(b)(3)(B) delete inaccurate text from these rules concerning ranking of Orders in the Crosses that are locked or crossed at their non-displayed price by a Post-Only Order. The deletions from these rules reflect the current operation of these rules, which is consistent with the Act because the crossed or locked Order is meant to cede priority to all other Orders at its original price. The proposed changes to Rule 4703(l) corrects the rule to reflect that a member may also designate an Order to participate in the Nasdaq Halt Cross in addition to the Nasdaq Opening and Closing Crosses, which will reflect the current operation of the Exchange as described above. The Exchange is consequently updating Order Types under Rule 4702(b) that may also participate in a Nasdaq Halt Cross. The Exchange is also making a corrective change to Rule 4702(b)(4)(C) to correct text in the rule that currently states that the Post-Only Order may only participate in the Nasdaq Opening and Closing Crosses only if it is entered through an OUCH or FLITE port. The Exchange has never limited participation of Post-Only Orders in the Nasdaq Opening and Closing Crosses if they are entered through OUCH or FLITE ports. In sum, the proposed changes further perfect the operation of the Nasdaq Crosses, and protect investors by avoiding confusion that may be caused by inaccurate rules.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. The proposed changes are not being done for competitive purposes, but rather to make the processing of the Nasdaq Opening and Closing Crosses more efficient by preventing short sale Orders from being included in the Nasdaq Opening and Closing Crosses, since these Orders may be unable to execute because of the Cross price selected if included therein. Moreover, the proposed changes correct inaccuracies in the rules, which do not affect competition whatsoever.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act³⁶ and Rule 19b-4(f)(6) thereunder.³⁷

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule change should be approved or disapproved.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-87021; File No. 4-753]

Self-Regulatory Organizations; Long-Term Stock Exchange, Inc.; Notice of Filing of Proposed Minor Rule Violation Plan

September 19, 2019.

Pursuant to Section 19(d)(1) of the Securities Exchange Act of 1934 (the "Act"),¹ and Rule 19d-1(c)(2) thereunder,² notice is hereby given that on August 23, 2019, Long-Term Stock Exchange, Inc. ("LTSE" or the "Exchange") filed with the Securities and Exchange Commission ("Commission") a proposed minor rule violation plan ("MRVP") with sanctions not exceeding \$2,500 which would not be subject to the provisions of Rule 19d-

³⁸ 17 CFR 200.30-3(a)(12).

¹ 15 U.S.C. 78s(d)(1).

² 17 CFR 240.19d-1(c)(2).

1(c)(1) of the Act³ requiring that a self-regulatory organization (“SRO”) promptly file notice with the Commission of any final disciplinary action taken with respect to any person or organization.⁴ In accordance with Rule 19d-1(c)(2) under the Act, the Exchange proposed to designate certain specified rule violations as minor rule violations, and requested that it be relieved of the prompt reporting requirements regarding such violations, provided it gives notice of such violations to the Commission on a quarterly basis.

The Exchange proposes to include in its MRVP the procedures included in LTSE Rule 9.216(b) (“Procedure for Violation Under Plan Pursuant to Exchange Act Rule 19d-1(c)(2)”) and violations included in Rule 9.218 (“Violations Appropriate for Disposition Under Plan Pursuant to Exchange Act Rule 19d-1(c)(2)”).⁵ According to the Exchange’s proposed MRVP, under Rule 9.216(b), the Exchange may impose a fine (not to exceed \$2,500) and/or a censure on any Member or its associated person with respect to any rule listed in LTSE Rule 9.218. If the Financial Industry Regulatory Authority (“FINRA”) Department of Enforcement or the Department of Market Regulation, on behalf of the Exchange, has reason to believe a violation has occurred and if the Member or its associated person does not dispute the violation, the Department of Enforcement or the Department of Market Regulation may prepare and request that the Member or associated person execute a minor rule violation plan letter accepting a finding of violation, consenting to the imposition of sanctions, and agreeing to waive such Member’s or associated person’s right to a hearing before a Hearing Panel or, if applicable, an Extended Hearing Panel, and any right

of appeal to the LTSE Appeals Committee, the Board, the SEC, and the courts, or to otherwise challenge the validity of the letter, if the letter is accepted. The letter shall describe the act or practice engaged in or omitted, the rule, regulation, or statutory provision violated, and the sanction or sanctions to be imposed. Unless the letter states otherwise, the effective date of any sanction(s) imposed will be a date to be determined by LTSE Regulation staff. In the event the letter is not accepted by the Member or associated person, or is rejected by the Office of Disciplinary Affairs, the matter can proceed in accordance with the Exchange’s disciplinary rules already approved by the Commission, which include hearing rights for formal disciplinary proceedings.⁶

The Exchange proposes that, as set forth in LTSE Rule 9.218, violations of the following rules would be appropriate for disposition under the MRVP: Rule 2.160(p) Continuing Education Requirements; Rule 4.511 (General Requirements related to books and records requirements); Rule 4.540 (Furnishing of Records); Rule 5.110 (Supervision); Rule 8.220 (Automated Submission of Trading Data Requested); Rule 11.151(a)(1) (Market Maker Two-sided Quote Obligation); Rule 11.290 (Short Sales); Rule 11.310 (Locking or Crossing Quotations in NMS Stocks); and Rule 11.420 (Order Audit Trail System Requirements).

Upon the Commission’s declaration of effectiveness of the MRVP, the Exchange will provide to the Commission a quarterly report for any actions taken on minor rule violations under the MRVP. The quarterly report will include: The Exchange’s internal file number for the case, the name of the individual and/or organization, the nature of the violation, the specific rule provision violated, the sanction imposed, the number of times the rule violation occurred, and the date of the disposition.

Based on compliance with the above, the Exchange hereby requests that the rule violations designated in LTSE Rule 9.218 be designated as minor rule violations subject to a minor rule violation reporting plan and that the Exchange be relieved of the current reporting requirements regarding such violations. In addition, going forward, to the extent that there are any changes to the rules applicable to the Exchange’s MRVP, the Exchange hereby requests that the Commission deem such changes to be modifications to the Exchange’s MRVP.

I. Solicitation of Comments

⁴ The Commission adopted amendments to paragraph (c) of Rule 19d-1 to allow SROs to submit for Commission approval plans for the abbreviated reporting of minor disciplinary infractions. See Securities Exchange Act Release No. 21013 (June 1, 1984), 49 FR 23828 (June 8, 1984). October 16, 2019, the Commission may, by order, declare the Exchange's proposed MRVP effective if the plan is consistent with the public interest, the protection of investors, or otherwise in furtherance of the purposes of the Act. The Commission in its order may restrict the categories of violations to be designated as minor rule violations and may impose any other terms or conditions to the proposed MRVP, File No. 4-753, and to the period of its effectiveness, which the Commission deems necessary or appropriate in the public interest, for the protection of investors or otherwise in furtherance of the purposes of the Act.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-87025; File No. SR-NYSEAMER-2019-37]

Self-Regulatory Organizations; NYSE American LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Extend the Pilot Related to the Market-Wide Circuit Breaker in Rule 7.12E

September 19, 2019.

Pursuant to Section 19(b)(1)¹ of the Securities Exchange Act of 1934 (the "Act")² and Rule 19b-4 thereunder,³ notice is hereby given that on September 17, 2019, NYSE American LLC ("NYSE American" or the "Exchange") filed with the Securities and Exchange Commission (the "Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to extend the pilot related to the market-wide circuit breaker in Rule 7.12E. The proposed rule change is available on the Exchange's website at www.nyse.com, at the principal office of the Exchange, and

at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

Rule 7.12E provides a methodology for determining when to halt trading in all stocks due to extraordinary market volatility (*i.e.*, market-wide circuit breakers). The market-wide circuit breaker ("MWCB") mechanism under Rule 7.12E was approved by the Commission to operate on a pilot basis,⁴ the term of which was to coincide with the pilot period for the Plan to Address Extraordinary Market Volatility Pursuant to Rule 608 of Regulation NMS (the "LULD Plan"),⁵ including any extensions to the pilot period for the LULD Plan.⁶ The Commission recently approved an amendment to the LULD Plan for it to operate on a permanent, rather than pilot, basis.⁷ In light of the proposal to make the LULD Plan permanent, the Exchange amended Rule 7.12E to untie the pilot's effectiveness from that of the LULD Plan and to extend the pilot's effectiveness to the close of business on October 18, 2019.⁸

⁴ See Securities Exchange Act Release No. 67090 (May 31, 2012), 77 FR 33531 (June 6, 2012) (SR-NYSEAmex-2011-73).

⁵ See Securities Exchange Act Release No. 67091 (May 31, 2012), 77 FR 33498 (June 6, 2012). The LULD Plan provides a mechanism to address extraordinary market volatility in individual securities.

⁶ See Securities Exchange Act Release Nos. 67090 (May 31, 2012), 77 FR 33531 (June 6, 2012) (SR-NYSEAmex-2011-73) (Approval Order); and 68787 (January 31, 2013), 78 FR 8615 (February 6, 2013) (SR-NYSEMKT-2013-08) (Notice of Filing and Immediate Effectiveness of Proposed Rule Change Delaying the Operative Date of a Rule Change to Exchange Rule 80B-Equities).

⁷ See Securities Exchange Act Release No. 85623 (April 11, 2019), 84 FR 16086 (April 17, 2019).

⁸ See Securities Exchange Act Release No. 85564 (April 9, 2019), 84 FR 15269 (April 15, 2019) (SR-NYSEAMER-2019-14).

The Exchange now proposes to amend Rule 7.12E to extend the pilot to the close of business on October 18, 2020. This filing does not propose any substantive or additional changes to Rule 7.12E. The Exchange will use the extension period to develop with the other SROs rules and procedures that would allow for the periodic testing of the performance of the MWCB mechanism, with industry member participation in such testing. The extension will also permit the exchanges to consider enhancements to the MWCB processes such as modifications to the Level 3 process.

The market-wide circuit breaker under Rule 7.12E provides an important, automatic mechanism that is invoked to promote stability and investor confidence during a period of significant stress when securities markets experience extreme broad-based declines. All U.S. equity exchanges and FINRA adopted uniform rules on a pilot basis relating to market-wide circuit breakers in 2012 ("MWCB Rules"), which are designed to slow the effects of extreme price movement through coordinated trading halts across securities markets when severe price declines reach levels that may exhaust market liquidity.⁹ Market-wide circuit breakers provide for trading halts in all equities and options markets during a severe market decline as measured by a single-day decline in the S&P 500 Index.

Pursuant to Rule 7.12E, a market-wide trading halt will be triggered if the S&P 500 Index declines in price by specified percentages from the prior day's closing price of that index. Currently, the triggers are set at three circuit breaker thresholds: 7% (Level 1), 13% (Level 2), and 20% (Level 3). A market decline that triggers a Level 1 or Level 2 halt after 9:30 a.m. ET and before 3:25 p.m. ET would halt market-wide trading for 15 minutes, while a similar market decline at or after 3:25 p.m. ET would not halt market-wide trading. A market decline that triggers a Level 3 halt, at any time during the trading day, would halt market-wide trading until the primary listing market opens the next trading day.

2. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b)
