National Oil and Hazardous Substances Pollution Contingency Plan; National Priorities List; Partial Deletion of the Novak Sanitary Landfill Superfund Site

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule.

SUMMARY: The Environmental Protection Agency (EPA) Region 3 announces the partial deletion of the Novak Sanitary Landfill Superfund Site (Site) located in South Whitehall Township, Pennsylvania, from the National Priorities List (NPL). The NPL, promulgated pursuant to section 105 of the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) of 1980, as amended, is an appendix of the National Oil and Hazardous Substances Pollution Contingency Plan (NCP). The EPA and the Commonwealth of Pennsylvania, through the Pennsylvania Department of Environmental Protection (PADEP), have determined that all appropriate response actions to address the groundwater portion of the Site, other than monitoring, operations and maintenance, and Five-Year Reviews (FYRs), have been completed. However, this deletion does not preclude future actions under Superfund. This partial deletion pertains only to the groundwater portion of the Site. The landfill and landfill gas components of the Site will remain on the NPL and are not being considered for deletion as part of this action.

DATES: This action is effective September 25, 2019.

SUPPLEMENTARY INFORMATION: The portion of the site to be deleted from the NPL is the groundwater of the Novak Sanitary Landfill Superfund Site, South Whitehall Township, Lehigh County, Pennsylvania. A Notice of Intent for Partial Deletion for this Site was published in the **Federal Register** (84 FR 38905) on August 8, 2019.

The closing date for comments on the Notice of Intent for Partial Deletion was September 9, 2019. No public comments were received.

EPA maintains the NPL as the list of sites that appear to present a significant risk to public health, welfare, or the environment. Deletion from the NPL does not preclude further remedial action. Whenever there is a significant release from a site deleted from the NPL, the deleted site may be restored to the NPL without application of the hazard ranking system. Deletion of a site from the NPL does not affect responsible party liability in the unlikely event that future conditions warrant further actions.
