SMALL BUSINESS ADMINISTRATION

Change to SBA Secondary Market Program

AGENCY: U.S. Small Business Administration.

ACTION: Notice of change to Secondary Market Program.

SUMMARY: The purpose of this Notice is to inform the public that the Small Business Administration (SBA) is making a change to its Secondary Market Loan Pooling Program. SBA is decreasing the minimum maturity ratio for both SBA Standard Pools and Weighted-Average Coupon (WAC) Pools by 100 basis points, to 94.0%. The change described in this Notice is being made to ensure that there are sufficient funds to cover the estimated cost of the timely payment guaranty for newly formed SBA 7(a) loan pools. This change will be incorporated, as needed, into the SBA Secondary Market Program Guide and all other appropriate SBA Secondary Market documents.

DATES: This change will apply to SBA 7(a) loan pools with an issue date on or after October 1, 2019.

ADDRESSES: Address comments concerning this Notice to John M. Wade, Chief Secondary Market Division, U.S. Small Business Administration, 409 3rd Street SW, Washington, DC 20416; or, john.wade@sba.gov.

FOR FURTHER INFORMATION CONTACT: John M. Wade, Chief, Secondary Market Division at 202-205-3647 or john.wade@sba.gov.

SUPPLEMENTARY INFORMATION: The Secondary Market Improvements Act of 1984, 15 U.S.C. 634(f) through (h), authorized SBA to guarantee the timely payment of principal and interest on Pool Certificates. A Pool Certificate represents a fractional undivided interest in a "Pool," which is an

aggregation of SBA guaranteed portions of loans made by SBA Lenders under section 7(a) of the Small Business Act, 15 U.S.C. 636(a). In order to support the timely payment guaranty requirement, SBA established the Master Reserve Fund (MRF), which serves as a mechanism to cover the cost of SBA's timely payment guaranty. Borrower payments on the guaranteed portions of pooled loans, as well as SBA guaranty payments on defaulted pooled loans, are deposited into the MRF. Funds are held in the MRF until distributions are made to investors (Registered Holders) of Pool Certificates. The interest earned on the borrower payments and the SBA guaranty payments deposited into the MRF supports the timely payments made to Registered Holders.

From time to time, SBA provides guidance to SBA Pool Assemblers on the required loan and pool characteristics necessary to form a Pool. These characteristics include, among other things, the minimum number of guaranteed portions of loans required to form a Pool, the allowable difference between the highest and lowest gross and net note rates of the guaranteed portions of loans in a Pool, and the minimum maturity ratio of the guaranteed portions of loans in a Pool. The minimum maturity ratio is equal to the ratio of the shortest and the longest remaining term to maturity of the guaranteed portions of loans in a Pool.

Based on SBA's expectations as to the performance of future Pools, SBA has determined that SBA Pool Assemblers may increase the difference between the shortest and the longest remaining term of the guaranteed portions of loans in a Pool by 1 percentage point (*i.e.*, decreasing the minimum maturity ratio by 100 basis points). SBA does not expect a 1 percentage point reduction in the minimum maturity ratio to have an adverse impact on either the program or the participants in the program. Pools formed over the last fiscal year were required by SBA to have a minimum maturity ratio of at least 95.0%. SBA is now lowering the requirement so that Pools formed may have a minimum maturity ratio of at least 94.0%. Therefore, effective October 1, 2019, all guaranteed portions of loans in Standard Pools and WAC Pools presented for settlement with SBA's Fiscal Transfer Agent will be required to have a minimum maturity ratio of at least 94.0%. SBA is making this change pursuant to Section 5(g)(2) of the Small Business Act, 15 U.S.C. 634(g)(2).

SBA will continue to monitor loan and pool characteristics and will provide notification of additional changes as necessary. It is important to

²⁹ 17 CFR 200.30-3(a)(12).

note that there is no change to SBA's obligation to honor its guaranty of the amounts owed to Registered Holders of Pool Certificates and that such guaranty continues to be backed by the full faith and credit of the United States.

This program change will be incorporated as necessary into SBA's Secondary Market Guide and all other appropriate SBA Secondary Market documents. As indicated above, this change will be effective for Standard Pools and WAC Pools with an issue date on or after October 1, 2019.

Dated: September 20, 2019.

Associate Administrator, Office of Capital Access.

Interest Rates

The Small Business Administration publishes an interest rate called the optional "peg" rate (13 CFR 120.214) on a quarterly basis. This rate is a weighted average cost of money to the government for maturities similar to the average SBA direct loan. This rate may be used as a base rate for guaranteed fluctuating interest rate SBA loans. This rate will be 2.13 percent for the October-December quarter of FY 2020.

Pursuant to 13 CFR 120.921(b), the maximum legal interest rate for any third party lender's commercial loan which funds any portion of the cost of a 504 project (see 13 CFR 120.801) shall be 6% over the New York Prime rate or, if that exceeds the maximum interest rate permitted by the constitution or laws of a given State, the maximum interest rate will be the rate permitted by the constitution or laws of the given State.
