Program Fraud Civil Remedies Act of 1986, Civil Monetary Penalties Inflation Adjustment

AGENCY: Office of General Counsel, General Services Administration.

ACTION: Final rule.

SUMMARY: In accordance with the Federal Civil Penalties Inflation Adjustment Act of 1990, as amended by the Debt Collection Improvement Act of 1996 and further amended by the Federal Civil Penalties Inflation Adjustment Act Improvement Act of 2015, this final rule incorporates the penalty inflation adjustments for the civil monetary penalties set forth in the United States Code, as codified in our regulations.

DATES: *Effective:* November 4, 2019.

FOR FURTHER INFORMATION CONTACT: Mr. Aaron Pound, Assistant General Counsel, General Law Division (LG), General Services Administration, 1800 F Street NW, Washington, DC 20405. Telephone Number 202-501-1460.

SUPPLEMENTARY INFORMATION:**I. The Debt Collection Improvement Act of 1996**

To maintain the remedial impact of civil monetary penalties (CMPs) and to promote compliance with the law, the Federal Civil Penalties Inflation Adjustment Act of 1990 (Pub. L. 101-410) was amended by the Debt Collection Improvement Act of 1996 (Pub. L. 104-134) to require Federal agencies to regularly adjust certain CMPs for inflation and further amended

by the Federal Civil Penalties Inflation Adjustment Act Improvement Act of 2015 (Sec. 701 of Pub. L. 114-74). As amended, the law requires each agency to make an initial inflationary adjustment for all applicable CMPs, and to make further adjustments at least once every year thereafter for these penalty amounts. The Debt Collection Improvement Act of 1996 further stipulates that any resulting increases in a CMP due to the calculated inflation adjustments shall apply only to violations which occur after the date the increase takes effect, *i.e.*, thirty (30) days after date of publication in the **Federal Register**. Pursuant to the 2015 Act, agencies are required to adjust the level of the CMP with an initial “catch up”, and make subsequent annual adjustments for inflation. Catch up adjustments are based on the percent change between the Consumer Price Index for Urban Consumers (CPI-U) for the month of October for the year of the previous adjustment, and the October 2015 CPI-U. Annual inflation adjustments will be based on the percent change between the October CPI-U preceding the date of adjustment and the prior year’s October CPI-U.

II. The Program Fraud Civil Remedies Act of 1986

In 1986, sections 6103 and 6104 of the Omnibus Budget Reconciliation Act of 1986 (Pub. L. 99-501) set forth the Program Fraud Civil Remedies Act of 1986 (PFCRA). Specifically, this statute imposes a CMP and an assessment against any person who, with knowledge or reason to know, makes, submits, or presents a false, fictitious, or fraudulent claim or statement to the Government. The General Services Administration’s regulations, published in the **Federal Register** (61 FR 246, December 20, 1996) and codified at 41 CFR part 105-70, set forth a CMP of up to \$10,781 for each false claim or statement made to the agency. Based on the penalty amount inflation factor calculation, derived from originally dividing the June 2015 CPI by the June 1996 CPI and making the CPI-based annual adjustment thereafter, after rounding we are adjusting the maximum penalty amount for this CMP to \$11,001 per violation.

III. Waiver of Proposed Rulemaking

In developing this final rule, we are waiving the usual notice of proposed rulemaking and public comment procedures set forth in the Administrative Procedure Act, 5 U.S.C. 553 (APA). The APA provides an exception to the notice and comment procedures when an agency finds there

is good cause for dispensing with such procedures on the basis that they are impracticable, unnecessary or contrary to the public interest. We have determined that under 5 U.S.C. 553(b)(3)(B) good cause exists for dispensing with the notice of proposed rulemaking and public comment procedures for this rule. Specifically, this rulemaking comports and is consistent with the statutory authority set forth in the Debt Collection Improvement Act of 1996, with no issues of policy discretion. Accordingly, we believe that opportunity for prior comment is unnecessary and contrary to the public interest, and we are issuing these revised regulations as a final rule that will apply to all future cases under this authority.

IV. Executive Orders 12866 and 13563

Executive Orders (E.O.s) 12866 and 13563 direct agencies to assess all costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits (including potential economic, environmental, public health and safety effects, distributive impacts, and equity). E.O. 13563 emphasizes the importance of quantifying both costs and benefits, of reducing costs, of harmonizing rules, and of promoting flexibility. This is a not significant regulatory action and, therefore, was not subject to review under Section 6(b) of E.O. 12866, Regulatory Planning and Review, dated September 30, 1993. This rule is not a major rule under 5 U.S.C. 804.

The Office of Management and Budget (OMB) has reviewed this final rule in accordance with the provisions of E.O. 12866 and has determined that it does not meet the criteria for a significant regulatory action. As indicated above, the provisions contained in this final rulemaking set forth the inflation adjustments in compliance with the Debt Collection Improvement Act of 1996 for specific applicable CMPs. The great majority of individuals, organizations and entities addressed through these regulations do not engage in such prohibited conduct, and as a result, we believe that any aggregate economic impact of these revised regulations will be minimal, affecting only those limited few who may engage in prohibited conduct in violation of the statute. As such, this final rule and the inflation adjustment contained therein should have no effect on Federal or state expenditures.

V. Regulatory Flexibility Act

The Administrator of General Services certifies that this final rule will not have a significant economic impact on a substantial number of small business entities. While some penalties may have an impact on small business entities, it is the nature of the violation and not the size of the entity that will result in an action by the agency, and the aggregate economic impact of this rulemaking on small business entities should be minimal, affecting only those few who have engaged in prohibited conduct in violation of statutory intent.

VI. Paperwork Reduction Act

This final rule imposes no new reporting or recordkeeping requirements necessitating clearance by OMB.

Fisheries of the Northeastern United States; Atlantic Sea Scallop Fishery; Closure of the Mid-Atlantic Scallop Access Area to General Category Individual Fishing Quota Scallop Vessels

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and

Atmospheric Administration (NOAA), Commerce.

ACTION: Temporary rule; closure.

SUMMARY: NMFS announces that the Mid-Atlantic Scallop Access Area is closed to Limited Access General Category Individual Fishing Quota scallop vessels for the remainder of the 2019 fishing year. No vessel issued a Limited Access General Category Individual Fishing Quota permit may fish for, possess, or land scallops from the Mid-Atlantic Scallop Access Area. Regulations require this action once it is projected that 100 percent of trips allocated to the Limited Access General Category Individual Fishing Quota scallop vessels for the Mid-Atlantic Scallop Access Area will be taken.

DATES: Effective 0001 hr local time, October 2, 2019, through March 31, 2020.

FOR FURTHER INFORMATION CONTACT: Travis Ford, Policy Analyst, (978) 281–9233.

SUPPLEMENTARY INFORMATION:

Regulations governing fishing activity in the Sea Scallop Access Areas can be found in 50 CFR 648.59 and 648.60. These regulations authorize vessels issued a valid Limited Access General Category (LAGC) Individual Fishing Quota (IFQ) scallop permit to fish in the Mid-Atlantic Scallop Access Area under specific conditions, including a total of 1,713 trips that may be taken during the 2019 fishing year. Section 648.59(g)(3)(iii) requires the Mid-Atlantic Scallop Access Area to be closed to LAGC IFQ permitted vessels for the remainder of the fishing year once the NMFS Greater Atlantic Regional Administrator determines that the allocated number of trips for fishing year 2019 are projected to be taken.

Based on trip declarations by LAGC IFQ scallop vessels fishing in the Mid-Atlantic Scallop Access Area, analysis of fishing effort, and other information, NMFS projects that 1,713 trips will be taken as of October 2, 2019. Therefore, in accordance with § 648.59(g)(3)(iii), NMFS is closing the Mid-Atlantic Scallop Access Area to all LAGC IFQ scallop vessels as of October 2, 2019. No vessel issued an LAGC IFQ permit may fish for, possess, or land scallops in or from the Mid-Atlantic Scallop Access Area after 0001 local time, October 2, 2019. Any LAGC IFQ vessel that has declared into the Mid-Atlantic Access Area scallop fishery, complied with all trip notification and observer requirements, and crossed the VMS demarcation line on the way to the area before 0001, October 2, 2019, may

complete its trip without being subject to this closure. This closure is in effect for the remainder of the 2019 scallop fishing year, through March 31, 2020.

Classification

This action is required by 50 CFR part 648 and is exempt from review under Executive Order 12866. NMFS finds good cause under to 5 U.S.C. 553(b)(B) to waive prior notice and the opportunity for public comment because it would be contrary to the public interest and impracticable. The Mid-Atlantic Scallop Access Area opened for the 2019 fishing year on April 1, 2019. The regulations at § 648.59(g)(3)(iii) require this closure to ensure that LAGC IFQ scallop vessels do not take more than their allocated number of trips in the area. The projected date on which the LAGC IFQ fleet will have taken all of its allocated trips in an Access Area becomes apparent only as trips into the area occur on a real-time basis and as activity trends begin to appear. As a result, NMFS can only make an accurate projection very close in time to when the fleet has taken all of its trips. To allow LAGC IFQ scallop vessels to continue to take trips in the Mid-Atlantic Scallop Access Area during the period necessary to publish and receive comments on a proposed rule would likely result in the vessels taking much more than the allowed number of trips in the Mid-Atlantic Scallop Access Area. Excessive trips and harvest from the Mid-Atlantic Scallop Access Area would result in excessive fishing effort in the area, where effort controls are critical, thereby undermining conservation objectives of the Atlantic Sea Scallop Fishery Management Plan and requiring more restrictive future management measures. Also, the public had prior notice and full opportunity to comment on this closure process when it was enacted. For these same reasons, NMFS further finds, under to 5 U.S.C. 553(d)(3), good cause to waive the 30-day delayed effectiveness period.

Authority: 16 U.S.C. 1801 *et seq.*
