[Release No. 34–87164; File No. SR–CboeBZX–2019–069]

Self-Regulatory Organizations; Cboe BZX Exchange, Inc.; Suspension of and Order Instituting Proceedings To Determine Whether To Approve or Disapprove a Proposed Rule Change To Introduce a Small Retail Broker Distribution Program

September 30, 2019.

I. Introduction

On August 1, 2019, Cboe BZX Exchange, Inc. (the “Exchange” or “BZX”) filed with the Securities and Exchange Commission (“Commission”), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”),¹ and Rule 19b–4 thereunder,² a proposed rule change to amend the BZX fee schedule to introduce a Small Retail Broker Distribution Program (the “Program”). The proposed rule change was immediately effective upon filing with the Commission pursuant to Section 19(b)(3)(A) of the Act.³ The proposed rule change was published for comment in the *Federal Register* on August 20, 2019.⁴ The Commission received no comment letters regarding the proposed rule change. Under Section 19(b)(3)(C) of the Act,⁵ the Commission is hereby: (i) Temporarily suspending the proposed rule change; and (ii) instituting proceedings to determine whether to approve or disapprove the proposed rule change.

II. Description of the Proposed Rule Change

The Exchange proposes to amend its fee schedule to introduce a pricing program that would allow certain Distributors⁶ to purchase the Cboe One Summary Feed⁷ from the Exchange at discounted fees. Currently, the Exchange charges \$5,000 per month for external distribution of Cboe One

Summary Feed, and a Data Consolidation Fee of \$1,000 per month. The Exchange also charges a fee \$10 per month for each Professional User and \$0.25 for each Non-Professional User.⁸

Under the Exchange’s proposal, Distributors that qualify for the Program would be charged a discounted fee of \$3,500 per month for the distribution of Cboe One Summary Feed. Distributors that qualify for the Program would also be charged a discounted Data Consolidation Fee of \$350 for Cboe One Summary Feed. The Exchange would continue to charge the current Professional and Non-Professional User fees for Cboe One Summary Feed.

In order to qualify for the Program, a Distributor must meet the following criteria: (i) Distributor is a broker-dealer distributing Cboe One Summary Feed Data to Non-Professional Data Users with whom the broker-dealer has a brokerage relationship; (ii) more than 50% of the Distributor’s total subscriber population must consist of Non-Professional subscribers, inclusive of any subscribers not receiving Cboe One Summary Feed; and (iii) Distributor distributes Cboe One Summary Feed to no more than 5,000 Non-Professional Data Users.

III. Suspension of the Proposed Rule Change

Pursuant to Section 19(b)(3)(C) of the Act,⁹ at any time within 60 days of the date of filing of a proposed rule change pursuant to Section 19(b)(1) of the Act,¹⁰ the Commission summarily may temporarily suspend the change in the rules of a self-regulatory organization (“SRO”) if it appears to the Commission that such action is necessary or appropriate in the public interest, for

the protection of investors, or otherwise in furtherance of the purposes of the Act. As discussed below, the Commission believes a temporary suspension of the proposed rule change is necessary and appropriate to allow for additional analysis of the proposed rule change’s consistency with the Act and the rules thereunder.

The Exchange asserts that the proposed fees for the Program “are reasonable as they represent a significant cost reduction for smaller, primarily regional, retail brokers that provide top of book data from BZX and its affiliated exchanges to their retail investor clients.”¹¹ The Exchange also asserts that the “proposed fees are equitable and not unfairly discriminatory as the proposed fee structure is designed to decrease the price and increase the availability of U.S. equities market data to retail investors.”¹² Finally, the Exchange states that while the proposed fees are limited to smaller firms that distribute data to no more than 5,000 Non-Professional data users, it does not believe that the proposed fees for the Program are inequitable or unfairly discriminatory.¹³

When exchanges file their proposed rule changes with the Commission, including fee filings like the Exchange’s present proposal, they are required to provide a statement supporting the proposal’s basis under the Act and the rules and regulations thereunder applicable to the exchange.¹⁴ The instructions to Form 19b–4, on which exchanges file their proposed rule changes, specify that such statement “should be sufficiently detailed and specific to support a finding that the proposed rule change is consistent with [those] requirements.”¹⁵

Among other things, exchange proposed rule changes are subject to Section 6 of the Act, including Sections 6(b)(4), (5), and (8), which requires the rules of an exchange to: (1) Provide for the equitable allocation of reasonable fees among members, issuers, and other persons using the exchange’s facilities;¹⁶ (2) perfect the mechanism of a free and open market and a national market system, protect investors and the public interest, and not be designed to permit unfair discrimination between customers, issuers, brokers, or

dealers;¹⁷ and (3) not impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act.¹⁸

In temporarily suspending the Exchange's fee change, the Commission intends to further consider whether the establishment of the Program is consistent with the statutory requirements applicable to a national securities exchange under the Act. In particular, the Commission will consider whether the proposed rule change satisfies the standards under the Act and the rules thereunder requiring, among other things, that an exchange's rules provide for the equitable allocation of reasonable fees among members, issuers, and other persons using its facilities; not permit unfair discrimination between customers, issuers, brokers or dealers; and do not impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act.¹⁹

Therefore, the Commission finds that it is appropriate in the public interest, for the protection of investors, and otherwise in furtherance of the purposes of the Act, to temporarily suspend the proposed rule changes.²⁰

IV. Proceedings To Determine Whether To Approve or Disapprove the Proposed Rule Change

The Commission is instituting proceedings pursuant to Sections 19(b)(3)(C)²¹ and 19(b)(2)(B) of the Act²² to determine whether the proposed rule change should be approved or disapproved. Institution of proceedings does not indicate that the Commission has reached any conclusions with respect to any of the issues involved. Rather, the Commission seeks and encourages interested persons to provide additional comment on the proposed rule change to inform the Commission's analysis of whether to disapprove the proposed rule change.

Pursuant to Section 19(b)(2)(B) of the Act,²³ the Commission is providing

notice of the grounds for possible disapproval under consideration:

- Section 6(b)(4) of the Act, which requires that the rules of a national securities exchange "provide for the equitable allocation of reasonable dues, fees, and other charges among its members and issuers and other persons using its facilities,"²⁴

- Section 6(b)(5) of the Act, which requires, among other things, that the rules of a national securities exchange be "designed to perfect the operation of a free and open market and a national market system" and "protect investors and the public interest," and not be "designed to permit unfair discrimination between customers, issuers, brokers, or dealers,"²⁵ and

- Section 6(b)(8) of the Act, which requires that the rules of a national securities exchange "not impose any burden on competition not necessary or appropriate in furtherance of the purposes of [the Act]."²⁶

As noted above, the proposal establishes new discounted fees for Distributors of the Exchange's Cboe One Summary data feed. The Commission notes that the Exchange's statements in support of the proposed rule change are general in nature and lack detail and specificity. The Exchange states that it operates in a highly competitive environment, and its ability to price these products is constrained by (i) competition among other national securities exchanges that offer similar data products to their customers; and (ii) real-time consolidated data disseminated by the securities information processors.²⁷ The Exchange also states that the proposed Program would reduce fees charged to small retail brokers that provide access to the Cboe One Summary Feed.²⁸ However, the rationale provided does not address how the proposed fee is an equitable allocation of reasonable fees other than to note that large brokers and vendors currently benefit from lower fees and enterprise licenses and that the proposed fees would "ensure that small retail brokers that distribute top of book data to their retail investor customers could also benefit from reduced pricing . . ."²⁹

Under the Commission's Rules of Practice, the "burden to demonstrate that a proposed rule change is consistent with the [Act] and the rules and regulations issued thereunder . . .

is on the [SRO] that proposed the rule change."³⁰ The description of a proposed rule change, its purpose and operation, its effect, and a legal analysis of its consistency with applicable requirements must all be sufficiently detailed and specific to support an affirmative Commission finding,³¹ and any failure of an SRO to provide this information may result in the Commission not having a sufficient basis to make an affirmative finding that a proposed rule change is consistent with the Act and the applicable rules and regulations.³²

The Commission is instituting proceedings to allow for additional consideration and comment on the issues raised herein, including as to whether the proposed fees are consistent with the Act, and specifically, with its requirements that exchange fees be reasonable and equitably allocated; be designed to perfect the mechanism of a free and open market and the national market system, protect investors and the public interest, and not be unfairly discriminatory; or not impose an unnecessary or inappropriate burden on competition.³³

V. Commission's Solicitation of Comments

The Commission requests written views, data, and arguments with respect to the concerns identified above as well as any other relevant concerns. Such comments should be submitted by October 25, 2019. Rebuttal comments should be submitted by November 8, 2019. Although there do not appear to be any issues relevant to approval or disapproval which would be facilitated by an oral presentation of views, data, and arguments, the Commission will consider, pursuant to Rule 19b-4, any request for an opportunity to make an oral presentation.³⁴

The Commission asks that commenters address the sufficiency and merit of the Exchange's statements in support of the proposal, in addition to any other comments they may wish to submit about the proposed rule change.

³⁴ 15 U.S.C. 78s(b)(2). Section 19(b)(2) of the Act grants the Commission flexibility to determine what type of proceeding—either oral or notice and opportunity for written comments—is appropriate for consideration of a particular proposal by an SRO. ²¹ 15 U.S.C. 78s(b)(3)(C). Once the Commission temporarily suspends a proposed rule change, Section 19(b)(3)(C) of the Act requires that the Commission institute proceedings under Section 19(b)(2)(B) to determine whether a proposed rule change should be approved or disapproved.

Self-Regulatory Organizations; MIAX Emerald, LLC; Suspension of and Order Instituting Proceedings To Determine Whether To Approve or Disapprove a Proposed Rule Change To Modify the Options Regulatory Fee

September 30, 2019.

I. Introduction

On August 1, 2019, MIAX Emerald, LLC ("MIAX Emerald" or "Exchange") filed with the Securities and Exchange Commission (the "Commission"), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² a proposed rule change (File No. SR-EMERALD-2019-29) to modify the amount of its Options Regulatory Fee ("ORF").³ The proposed rule change was immediately effective upon filing with the Commission pursuant to Section 19(b)(3)(A) of the Act.⁴ The proposed rule change was published for comment in the **Federal Register** on August 14, 2019.⁵ The Commission received one comment letter on the proposal.⁶ Pursuant to Section

II. Description of the Proposed Rule Change

The Exchange proposes to increase the amount of its ORF from \$0.00060 to \$0.0013 per contract.⁸ The Exchange assesses the ORF to each MIAX Emerald member for all options transactions that are cleared or ultimately cleared by the member which are cleared by the Options Clearing Corporation ("OCC") in the "customer" range, regardless of the exchange on which the transaction occurs.⁹ The Exchange noted that its ORF is designed to recover a material portion, but not all, of the Exchange's regulatory costs for the supervision and regulation of members' customer option business.¹⁰ Noting that it adjusts the ORF amount periodically to ensure that the revenue from the ORF in combination with its other regulatory fees and fines does not exceed its regulatory costs, the Exchange proposed to increase the amount of its ORF "[i]n light of recent market volumes on the Exchange and changes to the Exchange's regulatory costs."¹¹

III. Suspension of the Proposed Rule Change

Pursuant to Section 19(b)(3)(C) of the Act,¹² at any time within 60 days of the date of filing of an immediately effective proposed rule change pursuant to Section 19(b)(1) of the Act,¹³ the Commission summarily may temporarily suspend the change in the rules of a self-regulatory organization ("SRO") if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. As discussed below, the Commission believes a temporary suspension of the proposed rule change is necessary and appropriate to allow for additional analysis of the proposed rule
