[Docket ID: USAF-2019-HQ-0009]

**Privacy Act of 1974; System of Records**

**AGENCY:** Department of the Air Force, DOD.

**ACTION:** Notice of a new System of Records.

**SUMMARY:** The Office of the Deputy Assistant Secretary of the Air Force for Financial Operations (SAF/FMF) is adding a new System of Records titled, "Forms and Account Management Service (FAMS)," F065 SAF FMF A. FAMS will be the sole, web-based platform for the appointment and termination of Departmental Accountable Officials, appointment and termination of Key Signatories of financial documentation, and access management to a portfolio of information systems, which are material for audit.

**DATES:** This addition is effective upon publication; however, comments on the Routine Uses will be accepted on or before November 8, 2019. The Routine Uses are effective at the close of the comment period.

**ADDRESSES:** You may submit comments, identified by docket number and title, by any of the following methods:

\* *Federal Rulemaking Portal:* <http://www.regulations.gov>.

Follow the instructions for submitting comments.

\* *Mail:* Department of Defense, Office of the Chief Management Officer, Directorate of Oversight and Compliance, 4800 Mark Center Drive, Mailbox #24, Suite 08D09, Alexandria, VA 22350-1700.

*Instructions:* All submissions received must include the agency name and docket number for this **Federal Register** document. The general policy for comments and other submissions from members of the public is to make these submissions available for public viewing on the internet at <http://www.regulations.gov> as they are received without change, including any

personal identifiers or contact information.

**FOR FURTHER INFORMATION CONTACT:** Mr. LaDonne White, Department of the Air Force, Air Force Privacy Office, Office of Warfighting Integration and Chief Information Officer, ATTN: SAF/CIO A6, 1800 Air Force Pentagon, Washington, DC 20330-1800, or by phone at (571) 256-2515.

**SUPPLEMENTARY INFORMATION:** During Financial Improvement and Audit Readiness (FIAR) audits of Air Force Information Technology (IT) processes, numerous notices of findings and recommendations were issued, related to vulnerabilities in managing Air Force systems account access and appointment of accountable official positions. Findings identified gaps in properly handling and managing accounts for access and authority to act. Improper account management presents information security risks that could result in unauthorized access. Historically, many of these functions were performed in a decentralized manner and conducted manually without effective checks and balances on accuracy. Introduction of the new web-based platform will reduce and eliminate the use of paper forms as it will automate the request and approval processes and enable periodic validation and reconciliation of account records against actual account permissions.

OMB Circular No. A-123 defines management's responsibility for internal control in Federal agencies. A re-examination of the existing internal control requirements for Federal agencies was initiated in light of the new internal control requirements for publicly-traded companies contained in the Sarbanes-Oxley Act of 2002. Circular A-123 and the statute it implements, the Federal Managers' Financial Integrity Act of 1982, are at the center of the existing Federal requirements to improve internal control.

This circular reflects policy recommendations developed by a joint committee of representatives from the Chief Financial Officer Council (CFOC) and the President's Council on Integrity and Efficiency (PCIE). The policy changes in this circular are intended to strengthen the requirements for conducting management's assessment of internal control over financial reporting. SAF/FMF is responsible for developing and maintaining effective internal control that provides assurance that significant weaknesses in the design or operation of internal control, such as unauthorized access to Air Force

systems, that could adversely affect the agency's ability to meet its objectives, would be prevented or detected in a timely manner. FAMS enables SAF/FMF the means to track and manage the appointment of qualified personnel (Departmental Accountable Officials and Financial Signatories) to key positions and control Air Force system access to appropriately cleared Air Force employees, thereby meeting the requirements of OMB A-123.

The OSD notices for Systems of Records subject to the Privacy Act of 1974 (5 U.S.C. 552a), as amended, have been published in the **Federal Register** and are available from the address provided in the **FOR FURTHER INFORMATION CONTACT** paragraph or are available at the Defense Privacy, Civil Liberties, and Transparency Division website via at <http://dpcl.d.defense.gov>.

The proposed systems reports, as required by the Privacy Act, as amended, were submitted on August 5, 2019, to the House Committee on Oversight and Reform, the Senate Committee on Homeland Security and Governmental Affairs, and the Office of Management and Budget (OMB) pursuant to Section 6 of OMB Circular No. A-108, "Federal Agency Responsibilities for Review, Reporting, and Publication under the Privacy Act," revised December 23, 2016 (December 23, 2016, 81 FR 94424).

FAMS optimizes the use of information technology and streamlines the financial management processes by eliminating paper form routing and physical storage requirements and closing the associated access control performance gaps. The data acquired and updated from each record source is used not only for identity validation, but is also stored and revalidated for subsequent workflow actions.

**CATEGORIES OF INDIVIDUALS COVERED BY THE SYSTEM:**

Within the Department of the Air Force: Active Duty service members, Reserve service members, Air National Guard service members, Presidential Appointees, Civilians, and Contractors. Also includes Foreign Military Members and Foreign Civilian hire employees.

**CATEGORIES OF RECORDS IN THE SYSTEM:**

Name, Electronic Data Interchange Personal Identifier Number (EDIPI), also referred to as the DoD ID number, current rank/grade, current organization, current duty location, security clearance level, security clearance completion date, Active/Reserve/Guard designation, Air Force specialty code used by the United States Air Force to identify a specific job, hire date, hire location, separation/retirement date, and date of death.
