SURFACE TRANSPORTATION BOARD

49 CFR Part 1039

[Docket No. EP 760]

Exclusion of Demurrage Regulation From Certain Class Exemptions

AGENCY: Surface Transportation Board.

ACTION: Notice of proposed rulemaking.

SUMMARY: The Surface Transportation Board (STB or Board) proposes to clarify its regulations governing exemptions for certain miscellaneous commodities and boxcar transportation so that those regulations unambiguously state that demurrage continues to be subject to Board regulation. The Board also proposes to revoke, in part, the exemption that currently covers certain agricultural commodities so that the exemption would not apply to the regulation of demurrage, thereby making

the agricultural commodities exemption consistent with similar exemptions covering non-intermodal transportation.

DATES: Comments on the proposed rule are due by November 6, 2019. Reply comments are due by December 6, 2019.

ADDRESSES: Comments and replies may be filed with the Board either via e-filing or in writing addressed to: Surface Transportation Board, Attn: Docket No. EP 760, 395 E Street SW, Washington, DC 20423-0001. Comments and replies will be posted to the Board's website at www.stb.gov.

Assistance for the hearing impaired is available through the Federal Relay Service at (800) 877-8339.

SUPPLEMENTARY INFORMATION: The Board's regulations exempt from the provisions of subtitle IV of title 49 of the U.S. Code the rail transportation of certain miscellaneous commodities (*see* 49 CFR 1039.11) and boxcar transportation (*see* 49 CFR 1039.14). The Board proposes to amend these regulations to state more clearly that the exemptions do not apply to the regulation of demurrage. Although the regulations for these class exemptions have already been interpreted to effectively exclude the regulation of demurrage, the Board finds these regulations would be more easily understood by more clearly stating the demurrage exclusion. Such clarification would also reflect the longstanding court and agency precedent that these exemptions do not apply to the regulation of demurrage.

The rail transportation of certain agricultural commodities is also exempt.¹ Section 1039.10 does not specifically state that demurrage² related to the transportation of these agricultural commodities continues to be subject to Board regulation. The Board finds that regulation of demurrage related to the non-intermodal transportation of these agricultural commodities is necessary to carry out the rail transportation policy of 49 U.S.C. 10101³ and notes that, as

¹ The agricultural commodity exemption under 49 CFR 1039.10 excepts the rail transportation of grain, soybeans, and sunflower seeds, so the rail transportation of those commodities is subject to the provisions of subtitle IV of title 49.

² In *Demurrage Liability*, EP 707, slip op. at 15-16 (STB served Apr. 11, 2014), the Board clarified that private car storage is included in the definition of demurrage for purposes of the demurrage rules established in that decision. The Board uses the same definition for purposes of this notice of proposed rulemaking.

³ This proposed partial revocation is not intended to authorize the regulation of demurrage related to
