

phases of the data collection, including the 2021 main study, and requesting approval for all activities, materials, and response burden related to the field test recruitment was approved in April 2019 with a change request in September 2019 (OMB# 1850-0645 v.11-12). This request is to conduct all aspects of the field test and recruitment for the main study and, due to overlap in timing, carries over the approved respondent burden, procedures, and materials related to the PIRLS 2021 Field Test recruitment.

Title of Collection: Institutional Disclosures for Distance Education or Correspondence Programs.

OMB Control Number: 1845-0145.

Type of Review: An extension of an existing information collection.

Respondents/Affected Public: State, Local, and Tribal Governments; Private Sector.

Total Estimated Number of Annual Responses: 3,588.

Total Estimated Number of Annual Burden Hours: 152,405.

Abstract: The Department of Education (Department) requests an extension without change to the information collection tied to 34 CFR part 668.50 requiring institutional disclosures for distance education and correspondence courses. This regulatory action establishes requirements for institutional disclosures to prospective

and enrolled students in programs offered solely through distance education or correspondence courses, which the Department believes will protect students by providing them with important information that may influence their attendance in distance education programs or correspondence courses as well as improve the efficacy of State-based consumer protections for students. Since distance education may involve multiple States, institutional and program authorization requirements among States may differ, and students may be unfamiliar with or fail to receive information about complaint processes, licensure requirements, or other requirements of authorities in States in which they do not reside.

The final regulations, based on the 2019 negotiated rulemaking, will rescind the requirements of § 668.50 in its entirety. While the Secretary is exercising her authority to allow for early implementation of the rescission of this section, the final rule and the rescission will not fully take place until July 1, 2020. The Department is asking to extend the current burden assessment until the effective date of the change and at that time a discontinuation request will be filed.

Dated: October 10, 2019.

PRA Coordinator, Information Collection Clearance Program, Information Management Branch, Office of the Chief Information Officer.
