

A proposed rule change filed under Rule 19b-4(f)(6)²⁵ normally does not become operative for 30 days after the date of the filing. However, pursuant to Rule 19b-4(f)(6)(iii),²⁶ the Commission may designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has asked the Commission to waive the 30-day operative delay so that the proposal may become operative immediately upon filing. The Exchange states that the Funds currently intend to begin trading under the Generic Listing Standards on or about October 1, 2019, and waiver of the 30-day operative delay would allow the Funds to immediately fully employ the Overlay Strategy. In addition, the Exchange notes that the proposal would allow the Funds to hold listed derivatives based on a single underlying reference asset in a manner that is similar to previous rule changes involving Managed Fund Shares.²⁷ For these reasons, the Commission believes that waiver of the 30-day operative delay is consistent with the protection of investors and the public interest. Accordingly, the Commission waives the 30-day operative delay and designates the proposed rule change operative upon filing.²⁸

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule change should be approved or disapproved.

The text of the proposed rule change is also available on the Exchange's website (<http://www.cboe.com/AboutCBOE/CBOELegalRegulatoryHome.aspx>), at the Exchange's Office of the Secretary, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

Cboe Options currently operates a business, separate from its operation of an options exchange, in which it creates, administers, and distributes proprietary financial and benchmarks, calculates index values and benchmarks for third-party customers, and calculates and licenses indexes for third-party derivative indexes and products, among other things. Cboe Options calculates and disseminates the values of these indexes to market participants. Pursuant to the Cboe Options Rules, the Exchange is also authorized to list options on certain of these indexes, for which Cboe Options acts as the reporting authority.⁵ The reporting authority in respect of a particular index means the institution or reporting service designated by the Exchange as the official source for calculating the level of the index from the reporting prices of the underlying securities that are the basis of the index and reporting such level.⁶ Recently, Cboe Options determined to conduct an internal reorganization, pursuant to which it created a new entity, called Cboe Global Indices, LLC (which is a direct, wholly owned subsidiary of the Exchange's parent company, Cboe Global Markets, Inc.), into which it

transferred its assets related to this index business. This transfer is expected to be effective as of September 30, 2019.⁷ As a result, the Exchange designates Cboe Global Indices, LLC as the reporting authority for the indexes on which the Exchange may list options, and amends Rule 24.1, Interpretation and Policy .01.⁸ The Exchange represents this will have no impact on the dissemination of index values for any of these indexes. Values for these indexes will continue to be disseminated and available to market participants in the same manner and in the same intervals.⁹

2. Statutory Basis

The Exchange believes the proposed rule change is consistent with the Securities Exchange Act of 1934 (the "Act") and the rules and regulations thereunder applicable to the Exchange and, in particular, the requirements of Section 6(b) of the Act.¹⁰ Specifically, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)¹¹ requirements that the rules of an exchange be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. Additionally, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)¹² requirement that the rules of an exchange not be designed to permit unfair discrimination between customers, issuers, brokers, or dealers. The proposed rule change removes impediments to and perfects the mechanism of a free and open market a national market system, and protects investors and the public interest, by

⁷ The Exchange initially filed the proposed change to the reporting authority name on September 30, 2019 (SR-CBOE-2019-074). On October 3, 2019, the Exchange withdrew that filing and submitted this filing.

⁸ The Exchange notes it currently only lists options on the Cboe Volatility Index (VIX).

⁹ Pursuant to Rule 24.2(b)(10), (d)(8), (e)(7), and (f)(11), the current value of an index must be disseminated at least once every 15 seconds by one or more major market data vendors. That will continue to be the case.

¹¹ 15 U.S.C. 78f(b)(5).

¹² *Id.*

updating its rules to reflect the current name of a reporting authority for various indexes on which the Exchange is authorized to list options. The Exchange believes this promotes transparency in its Rules and may eliminate any potential confusion among market participants. The proposed rule change has no impact on trading on the Exchange, or on the dissemination of index values, but merely reflects a change to the name of a reporting authority for various indexes on which the Exchange is authorized to list options due to a recent internal reorganization and transfer of assets.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The proposed rule change is not intended to be a competitive rule filing. Rather, the proposed rule change merely reflects a change to the name of a reporting authority for various indexes on which the Exchange is authorized to list options due to a recent internal reorganization and transfer of assets. The proposed rule change has no impact on trading on the Exchange, or on the dissemination of index values.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

The Exchange neither solicited nor received comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act¹³ and Rule 19b-4(f)(6) thereunder.¹⁴

¹³ 15 U.S.C. 78s(b)(3)(A).

¹⁴ 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6)(iii) requires a self-regulatory organization to give the Commission written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time

⁵ See Rule 24.1, Interpretation and Policy .01 in the current Rulebook.

⁶ See Rule 24.1(h).

A proposed rule change filed pursuant to Rule 19b-4(f)(6) under the Act¹⁵ normally does not become operative for 30 days after the date of its filing. However, Rule 19b-4(f)(6)(iii)¹⁶ permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has asked the Commission to waive the 30-day operative delay as the proposed rule change only updates its rules to reflect the current name of a reporting authority for various indexes on which the Exchange is authorized to list options. The Exchange believes that waiver of the operative delay is appropriate because, as the Exchange discussed above, its proposal does not make any substantive changes to the Exchange's rules. The Commission believes that waiver of the 30-day operative delay is consistent with the protection of investors and the public interest because the proposal does not raise any new or novel issues and makes only non-substantive changes to the rules. Therefore, the Commission hereby waives the operative delay and designates the proposal as operative upon filing.¹⁷

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission will institute proceedings to determine whether the proposed rule change should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's internet comment form (<http://www.sec.gov/rules/sro.shtml>); or

as designated by the Commission. The Exchange has satisfied this requirement.

¹⁵ 17 CFR 240.19b-4(f)(6).

¹⁶ 17 CFR 240.19b-4(f)(6)(iii).

¹⁷ For purposes only of waiving the 30-day operative delay, the Commission also has considered the proposed rule's impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(f).

- Send an email to rule-comments@sec.gov. Please include File Number SR-CBOE-2019-091 on the subject line.

Paper Comments

- Send paper comments in triplicate to Secretary, Securities and Exchange Commission, 100 F Street NE, Washington, DC 20549-1090.

All submissions should refer to File Number SR-CBOE-2019-091. This file number should be included on the subject line if email is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's internet website (<http://www.sec.gov/rules/sro.shtml>). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for website viewing and printing in the Commission's Public Reference Room, 100 F Street NE, Washington, DC 20549 on official business days between the hours of 10:00 a.m. and 3:00 p.m. Copies of the filing also will be available for inspection and copying at the principal office of the Exchange. All comments received will be posted without change. Persons submitting comments are cautioned that we do not redact or edit personal identifying information from comment submissions. You should submit only information that you wish to make available publicly. All submissions should refer to File Number SR-CBOE-2019-091 and should be submitted on or before November 7, 2019.
