

the implementing regulations which specify the content of VEVRAA complaints are found at 41 CFR 60–300.61(b). This information collection request covers the recordkeeping and reporting requirements for Form CC–4.

II. *Review Focus*: DOL is particularly interested in comments which:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- enhance the quality, utility, and clarity of the information to be collected; and
- minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

III. *Current Actions*: DOL seeks the approval of the extension of this information collection instrument in order to carry out its responsibility to enforce the affirmative action and nondiscrimination provisions of the three authorities that it administers. DOL made a clarifying edit on its complaint form. Now, when a complainant indicates that they filed a complaint containing the same allegations with another federal or local agency, DOL asks what date they filed the other complaint. Requesting this information is intended to improve the efficiency of processing complaints and eliminate duplicative agency efforts.
