[Docket No. FMCSA-2019-0131]

Commercial Driver's License Standards: Application for Exemption; Teupen North America, Inc. (Teupen)

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), DOT.

ACTION: Notice of application for exemption; request for comments.

SUMMARY: FMCSA announces that Teupen North America, Inc. SUPPLEMENTARY INFORMATION:

I. Public Participation and Request for Comments

FMCSA encourages your participation by submitting comments and related materials.

You may submit your comments and material online or by fax, mail, or hand delivery, but please use only one of these means. When the new screen appears, click on "Comment Now!" button and type your comment into the text box in the following screen. If you submit comments by mail and would like to know that they reached the facility, please enclose a stamped, self-addressed postcard or envelope. FMCSA will consider all comments and material received during the comment period and may grant or not grant this application based on your comments.

II. Legal Basis

FMCSA has authority under 49 U.S.C. 31136(e) and 31315 to grant exemptions from the Federal Motor Carrier Safety Regulations. FMCSA must publish a notice of each exemption request in the **Federal Register** (49 CFR 381.315(a)). The Agency must provide the public an opportunity to inspect the information relevant to the application, including any safety analyses that have been conducted. The Agency must also provide an opportunity for public comment on the request.

The Agency reviews the safety analyses and the public comments, and determines whether granting the exemption would likely achieve a level of safety equivalent to, or greater than, the level that would be achieved by the current regulation (49 CFR 381.305).

The decision of the Agency must be published in the **Federal Register** (49 CFR 381.315(b)) with the reason for the grant or denial, and, if granted, the specific person or class of persons receiving the exemption, and the regulatory provision or provisions from which exemption is granted. The notice must also specify the effective period of the exemption (up to 5 years), and explain the terms and conditions of the exemption. The exemption may be renewed (49 CFR 381.300(b)).

Request for Exemption

Teupen has applied for an exemption for Martin Borutta from 49 CFR 383.23, which prescribes licensing requirements for drivers operating commercial motor vehicles (CMVs) in interstate or intrastate commerce. Mr. Borutta, holds a valid German commercial license but is unable to obtain a CDL because he is not a U.S. resident. A copy of the application is in Docket No. FMCSA–2019–0131.

The exemption would allow Mr. Borutta to operate CMVs in interstate or intrastate commerce to transport Teupen's aerial lift product—also called a mobile elevated work platform (MEWP)—to various locations to test its operational safety. Mr. Borutta would typically drive for no more than 5 hours per day for one to two days. The driving would typically be done on interstate highways, and would consist of no more than 200 miles per day. In all cases, he would be accompanied by a U.S. CDL holder who is familiar with the routes to be traveled. Teupen requests that the exemption be allowed for a duration of six months.

Mr. Borutta holds a valid German commercial license and, as explained by Teupen in its exemption request, the requirements for that license ensure that the same level of safety would be met or exceeded as if this driver had a U.S. CDL.

IV. Method To Ensure an Equivalent or Greater Level of Safety

FMCSA has determined previously that the process for obtaining a German commercial license is comparable to, or as effective as, the requirements of part 383, and adequately assesses the driver's ability to operate CMVs in the U.S. Since 2015, FMCSA has granted similar exemptions to drivers for Daimler, another German company: [March 27, 2015 (80 FR 16511); October 5, 2015 (80 FR 60220); December 7, 2015 (80 FR 76059); December 21, 2015 (80 FR 79410)]; July 12, 2016 (81 FR 45217); July 25, 2016 (81 FR 48496); August 17, 2017 (82 FR 39151); September 10, 2018 (83 FR 45742).]

Issued on: October 17, 2019.

Larry W. Minor,

Associate Administrator for Policy.
