

The Department submitted a series of Information Collection Requests (ICRs) to revise the collections in accordance with the SIP–IV Final Rule, as required by the PRA. See 44 U.S.C. 3507(d). Some of the revisions resulted in changes to the existing burden hour and/or cost estimates. Other revisions

were less significant and did not change the ICR burden hour and cost estimates.

SIP–IV modified twenty-five Information Collections currently approved by the Office of Management and Budget (OMB) under the PRA. They are listed in the table along with the OMB Control Number and their current

expiration date. In accordance with 5 CFR 1320.5(b), an agency cannot conduct, sponsor, or require a response to a collection of information unless the collection displays a valid OMB control number and the agency informs respondents that they need not respond to the collection of information.
