the Line includes parallel tracks running within the rail right-of-way. OBOT states that the Line does not have milepost designations.

According to OBOT, on February 16, 2016, the City leased to OBOT an existing railroad right-of-way located at the OAB, a portion of which includes the Line. Oakland Global Rail Enterprise, LLC (OGRE), an affiliate of OBOT, then subleased the railroad rightof-way from OBOT with the intent to rehabilitate the rail line within that right-of-way in order to provide rail service to the rail-to-ship bulk commodity marine terminal OBOT plans to build at the OAB. OBOT states that OGRE will be the operator of the Line

OBOT certifies that the projected annual revenues as a result of this transaction will not exceed the amount that would qualify OBOT as a Class III railroad, and that the projected annual revenue for the Line will not exceed \$5 million. OBOT also states that its agreement with the City does not contain any provision that would prohibit, restrict, or otherwise limit future interchange with any third-party carrier.

This exemption will become effective on November 11, 2019.

If the verified notice contains false or misleading information, the exemption is void ab initio. Petitions to revoke the exemption under 49 U.S.C. 10502(d) may be filed at any time. The filing of a petition to revoke will not automatically stay the effectiveness of the exemption. Petitions to stay must be filed no later than November 4, 2019 (at least seven days before the exemption becomes effective).

All pleadings, referring to Docket No. FD 36302, must be filed with the Surface Transportation Board either via e-filing or in writing addressed to 395 E Street SW, Washington, DC 20423-0001. In addition, a copy of each pleading must be served on OBOT's representative, Kathryn Kusske Floyd, Venable LLP, 600 Massachusetts

Avenue NW, Washington, DC 20001. According to OBOT, this action is categorically excluded from environmental review under 49 CFR 1105.6(c) and from historic reporting requirements under 49 CFR 1105.8(b). Board decisions and notices are

available at www.stb.gov.

Decided: October 23, 2019.

SURFACE TRANSPORTATION BOARD

[Docket No. FD 36303]

City of Oakland, Cal.—Acquisition Exemption—Former Oakland Army Base, Alameda County, Cal.

The City of Oakland, Cal. (the City), has filed a verified notice of exemption under 49 CFR 1150.31 for authority after-the-fact to acquire from the U.S. Army approximately 15,000 feet of track situated within City-owned areas of the former Oakland Army Base (OAB) in the City of Oakland, Alameda County, Cal. (the Line).¹ The City states that it is not aware that the Line has milepost numbers.

According to the City, it acquired the Line, through its predecessors-ininterest Oakland Base Reuse Authority and Oakland Redevelopment Agency, in a series of fee and easement transactions between 2003 and 2012. The City states that, at the time of the acquisition, it was not aware that the OAB contained trackage subject to the jurisdiction of the Board and did not seek Board authority to acquire the Line. The City states that it previously had entered into an agreement with Oakland Bulk & Oversized Terminal, LLC (OBOT) permitting OBOT to conduct "rail activities," and that OBOT in turn "subleased rail activities to [Oakland Global Rail Enterprise, LLC].' According to the City, however, both agreements were terminated effective November 23, 2018. The City states that it will contract with a third-party operator for the Line "once there is demonstrated demand and funding for rail service."²

The City certifies that its revenues from freight operations will not result in the creation of a Class I or Class II carrier. The City also states that no interchange agreements are involved in the subject transaction.

This exemption will become effective on November 11, 2019.

If the verified notice contains false or misleading information, the exemption is void ab initio. Petitions to revoke the exemption under 49 U.S.C. 10502(d) may be filed at any time. The filing of a petition to revoke will not automatically stay the effectiveness of the exemption. Petitions to stay must be filed no later than November 4, 2019 (at least seven days before the exemption becomes effective).

All pleadings, referring to Docket No. FD 36303, must be filed with the Surface Transportation Board either via e-filing or in writing addressed to 395 E Street SW, Washington, DC 20423-0001. In addition, a copy of each pleading must be served on the Citv's representative, Charles A. Spitulnik, Kaplan Kirsch & Rockwell LLP, 1634 I (Eye) Street NW, Suite 300, Washington, DC 20006.

According to the City, this action is categorically excluded from environmental review under 49 CFR 1105.6(c) and from historic reporting requirements under 49 CFR 1105.8(b).

OFFICE OF THE UNITED STATES TRADE REPRESENTATIVE

Notice of Product Exclusions: China's Acts, Policies, and Practices Related to **Technology Transfer, Intellectual** Property, and Innovation

AGENCY: Office of the United States Trade Representative. **ACTION:** Notice of product exclusions.

SUMMARY: In September 2018, the U.S. Trade Representative imposed additional duties on goods of China with an annual trade value of approximately \$200 billion as part of the action in the Section 301 investigation of China's acts, policies, and practices related to technology

NOR 42087, slip op. at 10 (STB served July 27, 2005).

the publication of this notice, the Board is serving a decision denying a petition by the City to reject or revoke OBOT's verified notice and making the exemption effective on November 11, 2019. See Oakland Glob. Rail Enter.—Acquis. Exemption-Rail Line in Alameda Cty., Cal., FD 36301 et al. (STB served October 28, 2019).

¹ As explained more fully in previous decisions in this docket, the City filed its verified notice in response to the Board's decision in Oakland Global Rail Enterprise—Petition for Declaratory Order, FD 36168 (STB served Mar. 15, 2019), and thereafter, the effective date of the exemption was postponed pending further order of the Board. Concurrent with the publication of this notice, the Board is serving a decision making the exemption effective on November 11, 2019. See Oakland Glob. Rail Enter.—Acquis. Exemption—Rail Line in Alameda Cty., Cal., FD 36301 et al. (STB served October 28, 2019).

² The City states that it never has had any intention of holding itself out as a common carrier by rail or providing rail service itself on the Line. In general, however, acquiring a rail line imposes a common carrier obligation to provide service upon reasonable request. See, e.g., Groome & Assoc., Inc. v. Greenville Cty. Econ. Dev. Corp.,

transfer, intellectual property, and innovation. The U.S. Trade Representative initiated a product exclusion process in June 2019, and interested persons have submitted requests for the exclusion of specific products. This notice announces the U.S. Trade Representative's determination to grant certain exclusion requests, as specified in the annex to this notice.

DATES: The product exclusions announced in this notice will apply as of the September 24, 2018, effective date of the \$200 billion action, to August 7, 2020.

FOR FURTHER INFORMATION CONTACT: For general questions about this notice, contact Assistant General Counsels Philip Butler or Megan Grimball, or Director of Industrial Goods Justin Hoffmann at (202) 395–5725. For specific questions on customs classification or implementation of the product exclusions identified in the annex to this notice, contact *traderemedy@cbp.dhs.gov.*

SUPPLEMENTARY INFORMATION:

A. Background

For background on the proceedings in this investigation, please see the prior notices issued in the investigation, including 82 FR 40213 (August 23, 2017), 83 FR 14906 (April 6, 2018), 83 FR 28710 (June 20, 2018), 83 FR 33608 (July 17, 2018), 83 FR 38760 (August 7, 2018), 83 FR 47974 (September 21, 2018), 83 FR 49153 (September 28, 2018), 83 FR 65198 (December 19, 2018), 84 FR 7966 (March 5, 2019), 84 FR 20459 (May 9, 2019), 84 FR 29576 (June 24, 2019), 84 FRN 38717 (August 7, 2019), 84 FR 46212 (September 3, 2019), and 84 FR 49591 (September 20, 2019).

Effective September 24, 2018, the U.S. Trade Representative imposed additional 10 percent duties on goods of China classified in 5,757 full and partial subheadings of the Harmonized Tariff Schedule of the United States (HTSUS), with an approximate annual trade value of \$200 billion. See 83 FR 47974, as modified by 83 FR 49153. In May 2019, the U.S. Trade Representative increased the additional duty to 25 percent. See 84 FR 20459. On June 24, 2019, the Trade Representative established a process by which U.S. stakeholders can request exclusion of particular products classified within an 8-digit HTSUS subheading covered by the \$200 billion

action from the additional duties. *See* 84 FR 29576 (the June 24 notice).

Under the June 24 notice, requests for exclusion had to identify the product subject to the request in terms of the physical characteristics that distinguish it from other products within the relevant 8-digit subheading covered by the \$200 billion action. Requestors also had to provide the 10-digit subheading of the HTSUS most applicable to the particular product requested for exclusion, and could submit information on the ability of U.S. Customs and Border Protection to administer the requested exclusion. Requestors were asked to provide the quantity and value of the Chinese-origin product that the requestor purchased in the last three years. With regard to the rationale for the requested exclusion, requests had to address the following factors.

• Whether the particular product is available only from China and specifically whether the particular product and/or a comparable product is available from sources in the United States and/or third countries.

• Whether the imposition of additional duties on the particular product would cause severe economic harm to the requestor or other U.S. interests.

• Whether the particular product is strategically important or related to "Made in China 2025" or other Chinese industrial programs.

The June 24 notice stated that the U.S. Trade Representative would take into account whether an exclusion would undermine the objective of the Section 301 investigation.

The June 24 notice required submission of requests for exclusion from the \$200 billion action no later than September 30, 2019, and noted that the U.S. Trade Representative would periodically announce decisions. In August 2019, the U.S. Trade Representative granted an initial set of exclusion requests. See 84 FR 38717. The U.S. Trade Representative granted a second round of exclusions in September 2019. See 84 FR 49591. The Office of the United States Trade Representative regularly updates the status of each pending request on the Exclusions Portal at https:// exclusions.ustr.gov/s/PublicDocket.

B. Determination To Grant Certain Exclusions

Based on the evaluation of the factors set out in the June 24 notice, which are

summarized above, pursuant to sections 301(b), 301(c), and 307(a) of the Trade Act of 1974, as amended, and in accordance with the advice of the interagency Section 301 Committee, the U.S. Trade Representative has determined to grant the product exclusions set out in the Annex to this notice. The U.S. Trade Representative's determination also takes into account advice from advisory committees and any public comments on the pertinent exclusion requests.

As set out in the Annex, the exclusions are reflected in 83 specially prepared product descriptions, which cover 95 separate exclusion requests.

In accordance with the June 24 notice, the exclusions are available for any product that meets the description in the Annex, regardless of whether the importer filed an exclusion request. Further, the scope of each exclusion is governed by the scope of the product descriptions in the Annex, and not by the product descriptions set out in any particular request for exclusion.

Paragraph A, subparagraphs (3)–(5) are conforming amendments to the HTSUS reflecting the modification made by the Annex.

Paragraph B is a technical correction to the HTSUS modifying U.S. note 20(a) to subchapter III of chapter 99.

As stated in the September 20, 2019 notice, the exclusions will apply from September 24, 2018, to August 7, 2020. U.S. Customs and Border Protection will issue instructions on entry guidance and implementation.

The U.S. Trade Representative will continue to issue determinations on pending requests on a periodic basis.

Joseph Barloon,

General Counsel, Office of the U.S. Trade Representative.
